WEDNESDAY, AUGUST 7, 1907.

The attention of all who have an interest in the preservation of our forests is directed to the fact that the annual destruction of our forests cannot go unchecked without resulting in the ruin of the country. Re-forestation is being largely practiced in the United States and elsewhere. If this has not become necessary in our provinces it will soon do so unless our present wealth of timber is preserved by careful selection of mature wood and attention to the natural growth of the young trees of which the country is now being depleted. There are grand opportunities here for the manufacture of pulp-wood, and we expect to see a large increase of this industry in the province in the next few years. In the meantime, laws should be enacted which should, while encouraging the use, prevent the abuse of this precious source of wealth, health and happiness, our forests.

A YOUNG HEROINE.

Little Louise Munro, the young daughter of Mr. and Mrs. B. C. Munro of our town, is justly regarded as a heroine in Pugwash.

Mr. and Mrs. Munro and family are spending their vacation in their summer cottage at that place, and on Monday last their nine-year-old daughter was playing in a boat which was anchored to the shore. The six-year-old boy of Gilbert Allan climbed into the boat and lifted the anchor. The boat was caught in the tide and rapidly borne seaward. The young lad jumped overboard to wade to shore but the water was fully ten feet deep. Miss Louise saw his danger and grasped his hand. She was not strong enough to pull him on board, but grasped his hand and kept his head out of water for over twenty minutes until help arrived, and rescued the children from their precarious position. The presence of mind that little Miss Munro displayed is greatly praised in Pugwash.—News.

The little heroine above referred to is a granddaughter of Mr. and Mrs. E. P. Rice of Bear River.

ORDINATION AT BEAR RIVER.

On the afternoon of July 31st, a council composed of delegates representing Baptist Churches in Digby and Annapolis Counties convened at the Baptist Church at Bear River to consider the propriety of ordaining Mr. C. W. Walden to the work of the Christian ministry. After a very thorough examination of the candidate relative to his religious experience, call to the ministry, and views of Christian doctrine, the council, by a unanimous vote, advised the Bear River Church to proceed with the ordination. In the evening at 8 o'clock a large audience assembled to participate in the exercises. The sermon was preached by the Rev. D. H. Simpson. His text was "As the Father hath sent me, even so send I you." (John 20:21.) After the sermon the candidate was called to the platform. The ordination prayer was offered by the moderator, Rev. J. W. Bancroft. The "hand of welcome" was given by the Rev. C. H. Martell, and "the charge" by the Rev. I. W. Porter. Excellent music was rendered by the choir. The service closed with benediction by the Rev. C. W. Walden.

HAD AN AWEFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him. It is with pleasure that I give you this unqualified testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through sheer gratitude and I shall always speak a good word for this remedy.—Sam. H. Gwin, Concord, Ga. For sale by W. A. WARREN, Pharm. B.

PERSON—WOODBURY.

(Copied from the Attleboro Sun, Mass.) Mr. Axel Person and Miss Grace Woodbury were united in marriage at 27 Holman Street, July 17th, by Rev. Sherman E. Ellis, pastor of the Methodist church. About fifty guests were in attendance, and a reception followed the ceremony.

Miss Woodbury was an employee of the Attleboro Manufacturing Company and Mr. Person of Fontaineau & Cook. The bride wore a charming creation of tulle and net over white silk, and carried a bouquet of white carnations.

Many beautiful presents were received, among them being a set of silver plate from the Attleboro Manufacturing Company. Other presents were of cut glass, silver and gold.

After the reception, Mr. and Mrs. Person disappeared from view and the guests, who were preparing to give them a rousing sendoff at the depot, when they started on their wedding tour to Nova Scotia, were disappointed. The couple was supposed to take the 10:32 train for Boston but did not show up at the station, and no traces of them could be found at Mansfield or West Mansfield.

PHOTOS OF THE SOUL.

New York, July 1.—The unheard of claim that he has discovered a method by which he can photograph the human soul was advanced last night by Henry Price, a retired professor of music at Mount Vernon. Prof. Price announced that he is actually seeking permission to make experiments at Bellevue Hospital that will demonstrate the extraordinary scientific value of his discovery.

Mr. Price, who was for forty years the baritone soloist at Trinity church, New York, says he has made the subject a life study and he is convinced that the soul has a real existence, and that the reason it cannot be seen in taking its flight from the body is because those present at the time of death are invariably hypnotized. The theory that the soul really exists, Prof. Price says, is borne out by the fact that the body lightens immediately after death.

His plan is to photograph the soul as it departs from the body with a number of quick snapshots. It would be impossible, he says, to hypnotize the camera, as it records many things not visible to the naked eye.

Prof. Price was asked if he had formed any idea regarding the organization of the soul.

"Necessarily," replied he, "the organism must be very small. It may be like an oyster or a mollusk. We cannot see its organism, yet we know it has life."

JOHN LOCKETT & SON

THE CANADIAN BIBLE SOCIETY.

The Rev. George M. Campbell, the newly appointed agent of this Society which is allied to the B. and F. Bible Society, will deliver an address on the work of the Society, in the Methodist Church, on Friday evening of this week, the 9th instant. The Ministers of the town churches have agreed to dispense with the usual services on that evening, to allow the citizens generally to attend. Mr. Campbell is regarded as one of the most gifted speakers of the Maritime Provinces. A silver collection will be taken up.

SEVEN-YEAR-OLD BOY DROWNED AT MILL CREEK.

NORTH SYDNEY, August 4.—The little son of Mr. and Mrs. Edward Jesmond, aged about seven years, was drowned at Mill Creek, Little Bras D'Or yesterday morning. Nobody seems to know how the accident occurred, but it is thought that the little fellow was playing in the water and got beyond his depth. Boys walking on the shore saw the body floating and notified Moses Pearce, who waded out and recovered it.

COMBINE OF MAKERS OF LAUNDRY MACHINERY.

NEW YORK, August 5.—The news of the formation of a combination of makers of laundry machinery has with interest as it is the first combination that has gone through successfully, it is stated, in several months. One of the features of the American Laundry Machinery Manufacturing Company, as the new combination is known, is that no bond has been issued and the financing has been done wholly in stock. The authorized capital is \$12,500,000.
