By President Mills and Professor Shaw.

Authorized for use in the Public Schools of Ontario.

Out of the many testimonials received, both from the press and from prominent agriculturists, we select the following from *The Farmers' Review*, of Chicago, one of the oldest agricultural papers published in the world:

"We have examined it carefully and are free to pronounce it the best publication of the kind that has ever come under our notice; and this we say gladly with a knowledge of a great proportion of all such works published in the English language. We sincerely wish that the facts this little work contains could be taught to our own farm children the whole country over."
