

MONEY MARKET.

WE have no change to note. Demand for bank accommodations is not large, and very little paper offers on the street.

Sterling Exchange can be bought $\frac{1}{4}$ per cent. lower, but it is by no means abundant.

GOLD in New York has fluctuated between 133 and 140, closing at 139. The shipments of gold to England foot up about two millions and a half per week.

FOR the past week, as for some time previously, business has been slack, and marked by the almost entire absence of any speculation. In heavy goods buyers continue to have the advantage. Some large lots of Pig Iron have arrived, and are offering at rather lower rates than heretofore. We do not know, however, of any large transactions passing. In Bar Iron there is very little doing; stocks fully assorted, but demand at present very limited. Cut Nails are entirely without change, but with no surplus stock in market. Canada Plates have been sold in large lots, ex ship, at about our quotations.

WE have to report a week of considerable dullness in this department of business, with, however, some transactions in teas and a steady demand for refinery sugars. In raw sugars, and nearly every other article, very little has been done.

TEAS.—There is a little more firmness in prices, and transactions, although in the main, small in amount, have been more satisfactory to sell. Young Hysons are in good supply, and are rather slow of sale. Colored Japans are not wanted, while for uncolored, there is a fair consumptive demand.

The circular of Mr Geo S Scott gives the following as the quantity in hands of importers on the 1st of July, 1866 and 1867:—

	1866		1867
Greens	84,722 $\frac{1}{2}$ -chests	1,763,420 lbs.	
Blacks	5,745 "	221,135 "	
Total	90,467 "	2,009,655 "	

	1867		1866
Greens	83,173 $\frac{1}{2}$ -chests	1,642,245 lbs.	
Blacks	4,011 "	151,025 "	
Total	87,184 "	1,796,270 "	

SCAR.—Not much has been done in raw sugar since date of our last report, but refinery has been in demand, and prices firm at quotations.

The Circular above referred to gives the following as the quantities of raw sugar in the hands of importers on the 1st of July, 1866 and 1867:

	1866		1867
Cuba	890 hhds.	82 tres.	42 bbls
Porto Rico	457 "	25 "	50 "
	796 "	107 "	92 "
Cuba	1408 bbls.	81 tres.	250 bbls.
Porto Rico	616 "	121 "	121 "
	2224 "	81 "	371 "

MOLASSES.—Short stocks check operations; prices are firm at quotations.

FEAR.—The market is pretty well supplied with currants. Best samples are firmly held, but inferior have little enquiry.

FISH.—Are without much demand. Some species of codfish are reported.

RICE.—Is without material change. A large sale of Arracan is reported at about our lowest quotations.

COFFEE.—Unchanged, the tendency, if anything, being downwards.

SALT.—Is easier. Sales of Liverpool Coarse have been made at 71c, bankable funds, for small lots. Nothing doing in Stoved worth mentioning.

LIQUORS.—Brandy continues very firm. Gin in pipes of, say, 100 galls., is offered at \$1.30, a shade under what has been done for some time past.

SINCE last report a greater animation is to be noticed, still stock is not greatly reduced. Prices of poor qualities favour buyers, while primo stock commands firm figures.

SPANISH SOLE.—Continues steady. Fair lots have been hands at recent quotations, principally for local consumption.

SLAUGHTER SOLE.—Has but little call, and round lots are difficult to move even with some reduction.

HARNESSES.—Is dull; the quantity on hand is limited, and sales are confined to small lots.

WAXED UPPER.—Is rather more active, especially for the lighter brands, and is readily disposed of at about quotations.

GRAINED UPPER.—Has no special animation, fair sales being effected, prices of heavy favour the purchaser.

BUFF AND PEBBLED.—Of this stock there is a large quantity of exceedingly poor in the market, and considerable sales have been made at a decided falling off from recent figures.

PATENT AND ENAMELLED.—Has little or no call.

SPLITS.—Command a ready sale, and are firm at quotations. Of this stock the amount on hand is very limited.

CALFSKINS.—There is an abundance of poor make, but this stock commands but little enquiry for any descriptions.

SHEEPskins.—Are active for light, heavy being little called for.

HIDES.—No change in market. Stock on hand is low, and prices rule firm.

REMARKS

CATTLE.—With an increased supply at market, sales were made at lower prices, particularly of Western

Cattle that were driven from Brighton. Good Steers were sold at \$12.50 to \$12.75 per cwt., 34 to 35 per cent shrinkage. There were some cattle sold at \$13.00 to \$13.50 per cwt, but the bulk of the sales were at lower rates. The quality of the Northern Cattle was generally fair, with considerable young stock. The market closed dull, with a few lots driven back to Brighton for the afternoon trade.

SEAL AND LAMBS.—With a moderate supply at market, trade was fair, and all offering were sold early at about last week's prices.
