**ADVICE TO MOTHERS.**—MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little sufferer awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gummy matter, all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

**YOUNG MEN!—READ THIS.**

Complete restoration to health, vigorous and manly constitution. No risk is incurred as in 15 days trial is allowed. Write them at once for illustrated pamphlet free.

**DANGER IN THE AIR.**—In the chilling winds, the damp atmosphere and suddenly checked perspiration, colds are taking. Hagyard's Pectoral Balsam cures colds, coughs, asthma, and bronchitis, and all complaints tending towards consumption.

The new Upright Pianos of Mason & Hamlin are highly praised by good judges. They possess a refinement of musical tone which charms the connoisseur and all who hear it. This is owing largely to the new system of their construction. The great experience of Mason and Hamlin in the organ business, and the aid of their large corps of superior musical and mechanical experts, has enabled them, after several years of experiment, to produce a piano which bids fair to improve their reputation than even their previous efforts have accomplished. Their chief improvement consists in securing the strings by metallic fastenings, instead of pins held by friction, which renders it easy to put the three strings of each tone exactly in unison, and thereby produce tones of wonderful sweetness and purity. Messrs. Mason and Hamlin have made 150,000 cabinet organs. They can hardly hope to reach this number of pianos, but we doubt not their new "Uprights" will command a very large sale. *Boston Traveller.*
