There will be a good program of races decided at Wallaceburg on May 25. The meat amount of \$700 in purses will be divided for the following classes: 2:16 class, 2:25 class and 2:50 class.

The Ghost 2:16 $\frac{1}{4}$ , a full brother to the grey pacer, Harry The Ghost 2:04 $\frac{1}{2}$ , was second in 2:08 $\frac{1}{4}$  over a half mile track last season and is said to be headed for a tab of 2:05 or better this year.

C. K. G. Billings has sold the trotting stallion, Burning Star 2:14 $\frac{1}{4}$ , brother to The Harvester 2:01 to the Wisconsin horseman, Paul C. Wilson. Mr. Billings had several good offers for Burning Star from foreign buyers, but wishes to keep the stallion in this country.

McCoy of Kirkwood, Del., is true. Dr. McCoy is the owner of the trotting stallion Lord Dewey 2:03 $\frac{1}{4}$ , which is to be prepared for an attempt against stallion record, and it is said that Directum I. will be his stable mate.

Chas. Dean of Palatine, Ill., has shipped the four-year-old trotting filly Loree, Toddington, by Toddington 2:20 to Portage la Prairie, Man., where she will join the stable of Barney Barnes, who has charge of the Carson and Rochon horses. Loree Toddington is a very fast young mare and was well engaged in the futurities, but took sick early last season and had to be declared out. She is owned by Chas. Donnelly of Winnipeg.

That good trotter, Earnest Axtell 2:08 $\frac{1}{4}$ , exported the past winter, is winning on the other side of the ocean.

Grace D., 3, 2:10 $\frac{1}{4}$ , the fast young pacing mare that failed to make good in the Rodney stable last season, has been returned to the stable of Curt Gosnell, who gave her her record as a three-year-old over a half mile track.

The fast young pacer, Herman Wenger 2:08 $\frac{1}{4}$  that is staked through the Canadian Circuit in 2:10 paces, is working at Cleveland and has been a mile in 2:23 $\frac{1}{4}$ , last quarter in 33 seconds. He will be campaigned by Bob Beaver, who raced the trotter Gillett and the pacer, Pat Logan 2:16 $\frac{1}{4}$ , through the Canadian ice circuit the past winter.

The \$30,000 stable commenced by the late J. Howard Ford at Goshen, N. Y., has been completed and the former Canadian trainer, William Hodson, will have charge of the racing string, which includes the sensational young trotter, Lord Allen, 2, 2:11. Mr. Ford's brother and chief heir has taken over Stoney Ford Farm and will maintain the famous breeding establishment.

S. A. Proctor of Toronto, has sold the fast pacing gelding, Billy Sims 2:13 $\frac{1}{4}$  to Jas. Cmih of the same city.

W. B. Thompson of Woodburn, Ont., has in Mildred Maid, a 4-year-old mare by Arbutuskan 2:09 $\frac{1}{4}$ , dam Mildred Wilkes, that gives promise of becoming a very capable sidewheeler. She is a double gaited mare, but when at speed, prefers the pace and will be worked at that gait.

The track at Chesley, Ont., has been put in splendid condition and the local horsemen will give a good program of races on May 25. W. Lustig is one of Chesley's most prominent horsemen and owns the promising young stallion, Eel W., by The Eel 2:02 $\frac{1}{4}$ . Eel W., with the exception of being a little larger, is the exact counterpart of his famous sire, and being a good prospect, will be worked after a short season in the stud.

The first foal, a black filly, by High Private, 3, 2:23 $\frac{1}{4}$ , arrived on April 29, the property of E. H. The first mare bred to High Private this season was Lou Lo, 2, 2:30 $\frac{1}{2}$ , by Clay; dam Empress Josephine, by Empire Wilkes.

In reporting arrival of foals by Alto Dewey 2:24 $\frac{1}{4}$ , at College Farm, Chatham, Ont., Mr. D. McLachlan writes as follows: "We have now five—three colts and two fillies, all doing exceedingly well and I doubt very much if five of the get of any stallion in America of the same age will beat them. They are all strong, husky fellows, straight on their legs from the start, full of ambition, wild as hares, and handsome. Three of them are blacks, taking after the sire, Alto Dewey, and the other two are bays. Every one of them is marked with a star in the forehead, and two of them with left hind ankle white. With this exception, they are solid color."
