

CONVALESCENCE

FROM

PNEUMONIA.

The long, weary "pull up-hill" of the weakened convalescent from pneumonia is materially lessened by the administration of

PEPTO-MANGAN (GUDE)

which assists Nature to mount to the crest of the "Hill of Health."

Mental depression, languor, and physical weakness disappear after a few weeks' treatment with this reconstructive tonic and nerve invigorator.

Physicians are earnestly requested to send for samples and literature, sent free upon request.

To assure the proper filling of prescriptions, prescribe an original bottle. Never sold in bulk.

NEW YORK, U. S. A.

BACTERIOLOGICAL WALL CHART FOR THE PHYSICIAN'S OFFICE.

One of our scientific, and artistically produced, bacteriological charts, in colors, exhibiting 60 different pathogenic micro-organisms will be mailed free to any regular medical practitioner upon request, mentioning this journal.

This chart has received the highest praise from leading bacteriologists and pathologists, in this and other countries, not only for its scientific accuracy, but for the artistic and skillful manner in which it has been executed. It exhibits more illustrations of the different micro-organisms than can be found in any one text-book published.
