

Prices of Building Materials.

CONDITION OF THE MARKET.

TORONTO: An advance in several lines of hardware is likely to take place within a month, as manufacturers are asking higher prices. A meeting of the Cut Nail Association was held in Montreal last week, but no change in quotations was made. Plumbers' supplies are in good demand, also Portland cement, which has advanced slightly in price.

MONTREAL: The situation in iron and metals is quiet, but the market is firm, as evidenced by the recent advances in prices. Cement is steady and prices unchanged. An importer reports the sale of 2,500 barrels on western account. The receipts last week were 3,300 barrels, English, and 2,400 barrels, Belgian, while that of firebricks were 60,000.
