BRISTOL'S SARSAPARILLA

IS prepared in the most scientific manner, by thoroughly educated Chemists and Druggists, who have had many years experience. It is not a simple extract from one article, but is compounded of extracts from a number of Roots, Herbs, Barks, and Leaves, all of which are possessed of some particular virtue or power in curing the diseases that have their source in the blood and humors; and these different vegetable extracts are combined in such a way as to retain, in its full strength, the special curative virtue posmessed by each. The root of the Sarsaparilla plant found in Honduras, is that which we use in this preparation; it is the kind which all medical men esteem most. About fifty per cent. of Bristol's Sarsaparilla consists of this concentrated extract, the remainder, as above stated, being composed of extracts from other powerful, cleansing and healing vegetable substances. It does not contain snything that is dangerous, or injurious to health, and in this, as in nearly every other respect, is entirely different from all other preparations sold under the name of Barsa-

By having our own sgents at the places where the various roots, drugs, berbs and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uniformity of excellence; and we spare no money and no effort to secure the best-and only the best-of every article entering into their composition; and it is with the most abiding confidence we say, to the sick of all nations and all countries, that in Bristol's Sarsaparilla you have a remedy more reliable than any before offered you, and which will not disappoint you in the curs of

And Dumb Agne. As a means of building up the constitution that has been broken down by the excessive use of Mer-eury, Iron, or other Minerals, our Sarsaparilla will be found excellent, and can be administered with malety to the weakest patients. As a purifier of the blood and humors in the Spring and early Summer, blood and humors, in the Spring and early Summer, it will be found untailing. It can be taken freely at all seasons, rainy or dry. For some of the above diseases the use of the Barsaparilla must be continued a considerable time, especially for those that are hereditary or constitutional in their nature—such as Seconda; but a faithful compliance with the directions. Pices will always relieve and mitigate, and in a great misjority of cases will effect a complete cure. It will called be found, in all of the above diseases, that a mre will be greatly hastened by using our Bristol's mre will be greatly hastened by using our Bristol's mrit the Sarraparilla; they carry off large quantities off morbific or diseased matter set free in the system by the Barseparilla, and in this way facilitate the re-

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. It restores GRAY. HAIR TO ITS ORIGINAL YOUTH FUL COLOR. It makes the scalp white and clean: cures dandruff and color. It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation. It is recommended and used by the First Medical Authority.

the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the fiade and the public to purchase their compounds, they have reserted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: It has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

A TOILET NECESSITY,

THE surpassing aromatic excellence of Murray & Lanman's Florida Water has caused its qualities as a cosmetic to be partially overlooked. It is not only the most refreshing and delightful of perfumes, but, as a superficial application for the removal or blemishes on the skin, it is unsurpassed. In all cases of annoying eruptions, freckles, tan, and sunburn, caused by exposure to the sun or air, this soothing, softening toilet-water will be found exceedingly useful, imparting to the complexion

CLEARNESS AND SOFTNESS.

and entirely removing that sallow, greasy appearance of the skin, so disagreeable to refind and elegant taste. Except for the removal of pimples, the Florida Water should always be diluted before using. For the extirpation of pimples, the application should be made full strongth, seven or eight times a day, taking care to touch the pimples only and not the surrounding skin. These directions carefully followed, will in a short time remove every disagreeable blemish. The hygienic properties of

MURRAY & LANMAN'S FLORIDA WATER

are a marked and distinctive feature of this fragrant Perfume. Its wonderful power in relieving all forms of nervous headache, fainting turns, ordinary hysteria, and its Lealthful disinfectant properties in the sick-room, mark it as peculiarly adapted to all the requirements of the boudoir, the dressing room, and for general family purposes. As a perfume, it is scarcely necessary for us to speak of its many virtues. Thirty years of public trial have established the fact that for its freshness, its purity, its delicacy, and its unchangeableness, it remains

WITHOUT AN EQUAL.

No other toilet-water nor perfume resembles it, or can supply its place; and no one who once uses it can be induced to forego the continuation of the pleasure. Hence the amazing rapidity with which is sales increase, even in the face of myraids of imitations and counterfeits, that unprincipled and dishonorable men in France and Germany flood the market with. The difference between them and the genvine Murray & Lanman's Florida Water, is simply the difference between great excellence and utter worthlessness. And the public are earnestly urged, when purchasing, always to ask for the Florida Water prepared by Lanman & Kemp, New York, who are the sole proprietors of the genuine article, and who will be glad to be advised of names of all dealers who try to impose upon their customers the false and fraudulent counterfeits.
