Mercantile Summary.

THE Quebec, Montreal, Ottawa & Occidental Railway has added five hundred new freight cars to its rolling stock, all of them manufactured in Canada.

A GENERAL dealer in Union, Ont., named Jos. Hayden, appears to have become discouraged, and given up business without, however, settling with his creditors.

THE stock of Mr. E. W. Duggan, hatter, &c., on Yonge street in this city has been seized for rent. In February of last year this trader failed, and he has not succeeded since.

LUCAN offers to pay \$12,000, if Biddulph pays \$8,000 toward the cost of the contemplated branch of the Great Western railway, \$20,000 being all that is required to complete it.

THE carriage makers of Goderich propose forming a joint stock company to manufacture wheeled vehicles on an extensive scale, the idea being to meet the enormous and growing demand in the Northwest and elsewhere.

An old resident of Collingwood, dealing in boots and shoes, Mr. E. C. Florence, failed, nearly three years ago. Since that failure, the business has been conducted in his wife's name. Florence has been buying largely on credit, and about two months ago he left the town, ostensibly to look for a better place of business, which we presume he did not find, as he has not returned, and the creditors are now in possession of his premises.
