

Annex VI

RESOLUTION ADOPTED BY THE GENERAL ASSEMBLY

1148 (XII). Regulation, limitation and balanced reduction of all armed forces and all armaments; conclusion of an international Convention (treaty) on the reduction of armaments and the prohibition of atomic, hydrogen and other weapons of mass destruction

The General Assembly,

Recalling its resolution 808 (IX) of 4 November 1954,

Emphasizing the urgency of decreasing the danger of war and improving the prospects of a durable peace through achieving international agreement on reduction, limitation and open inspection of armaments and armed forces,

Welcoming the narrowing of differences which has resulted from the extensive negotiations in the Sub-Committee of the Disarmament Commission,

Believing that immediate, carefully measured steps can be taken for partial measures of disarmament and that such steps will facilitate further measures of disarmament,

1. *Urges* that the States concerned, and particularly those which are members of the Sub-Committee of the Disarmament Commission, give priority to reaching a disarmament agreement which, upon its entry into force, will provide for the following:

(a) The immediate suspension of testing of nuclear weapons with prompt installation of effective international control, including inspection posts equipped with appropriate scientific instruments located within the territories of the United States of America, the Union of Soviet Socialist Republics, and the United Kingdom of Great Britain and Northern Ireland, in Pacific Ocean areas, and at other points as required;

(b) The cessation of the production of fissionable materials for weapons purposes and the complete devotion of future production of fissionable materials to non-weapons purposes under effective international control;

(c) The reduction of stocks of nuclear weapons through a programme of transfer, on an equitable and reciprocal basis and under international supervision, of stocks of fissionable material from weapons uses to non-weapons uses;

(d) The reduction of armed forces and armaments through adequate, safeguarded arrangements;

(e) The progressive establishment of open inspection with ground and aerial components to guard against the possibility of surprise attack;

(f) The joint study of an inspection system designed to ensure that the sending of objects through outer space shall be exclusively for peaceful and scientific purposes;

2. *Requests* the Disarmament Commission to reconvene its Sub-Committee as soon as feasible for this purpose;

3. *Requests* the Disarmament Commission to invite its Sub-Committee to establish, as one of its first tasks, a group or groups of technical experts to
