As regards agricultural products, the following amendments and/or additions were made to the ICL during 1985:

#### Eggs

Eggs were placed on the ICL on May 9, 1974, under the authority of Section 5(a.1) of the Act. The global shell egg import quota for 1985 was 3,037,722 dozen, representing 0.675% of the previous year's domestic production. The quotas for egg powder, and liquid or frozen eggs, were 418 474 kg and 1 129 539 kg respectively. While the basic quota is fixed, provision is made to issue import permits for eggs and egg products supplementary to the quota to meet overall Canadian market needs. During 1985 supplementary
