

At the present writing, the Gest Chinese Research Library contains 1,045 large works, consisting of nearly 40, 000 volumes.

Among the rare editions there are: 2 Sung(A.D.1223,1247); 3 Yüan (A.D.1289,1291,1299) , 21 Palace editions, and the astonishingly large number of 356 Ming works.

Very sincerely yours,
