

low. It would be found necessary to turn to the consideration of another system of remuneration, that of allowing so much for fees for each school visitation, and so much for travelling expenses per day when absent from place of residence. 3. It does not appear to me practicable, in the present state of the municipal system of Lower Canada and of the law respecting public instruction, to relieve this department from the expense and labor of the inspection of schools, and it is my sincere conviction, that for a long time to come, no system of purely municipal inspection can be brought to work with advantage."

The following is a recapitulation of all the educational institutions of Lower Canada. The Superior schools comprise Universities and schools of Law and of Medicine; Secondary schools are Classical colleges, Industrial colleges, and Academies; Special schools are Deaf and Dumb institutes, schools of Agriculture, and schools of Arts and Manufactures; and Primary schools comprise Model and Elementary schools. The Model schools receive from \$70 to \$100 from the Superior Education fund. Some of the large Charity schools in the town receive larger grants.

The following tables are an abstract from the last triennial report of the Superintendent, and contain

the most valuable part of the information on the Superior, Secondary, and Special schools. From an order passed by the joint committee of the two Houses of Parliament on printing, this information is published at full length only every third year. All the other figures are from the last annual report.

Since the compilation of the following tables a few institutions have been established, among which we notice "Morrin College," at Quebec; the "Academy St. Denis," by the ladies of the congregation Notre Dame, at Montreal; and a School of Agriculture, at St. Thérèse de Blainville.

Morrin College is affiliated to the McGill University, and is installed in the fine building known as the Freemasons' Hall, in Quebec. It was founded chiefly by a bequest of the late Dr. Morrin, for a period of many years one of the ablest and most esteemed physicians of Quebec.

The "Academy St. Denis" is a day school, of a superior character, which the ladies of the congregation of Notre Dame have opened in Montreal. It is attended by over 100 pupils.

The School of Agriculture of St. Thérèse de Blainville is acting, in the district of Montreal, the same part as the school at Ste. Anne, in the district of Quebec. There is a model farm attached to the establishment. The Lower Canada Board of Agriculture has just now founded nineteen scholarships, to be divided between the two schools, and to be given to competitors one in each of the judicial districts. The presentation devolves on a meeting of the presidents of the county agricultural associations in each district. Each scholarship is fixed at \$50.
