AUTHOR OF

"THE GREAT FUR COMPANY," "THE ROMANCE OF CANADA," ETC.

"I don't know what more you'd ask : almost an island, indented everywhere with harbours, surrounded with fisheries—the key of the St. Lawrence, the Bay of Fundy, and the West Indies ; prime land above, one vast mineral bed beneath, and a climate over all temperate, pleasant and healthy. If that ain't enough for one place, it's a pity—that's all."—SAM SLICK, of Slickville.
