

SPECIALISTS IN ART FOR ALL COLLEGIATES

Advised by School Management Committee—More Assistant Principals Needed.

Principal Thompson, president Toronto Teachers' Association, Principal Carr and Principal Ward addressed the school management committee yesterday. They requested that a lady assistant principal be appointed for 6 to 11 room schools to enable the principals to effectively supervise the schools. The chief inspector will report on the application.

Dr. Conboy and Trustee Hiltz reported on the condition of the high schools. Oakwood was reported as equal to any in the province; Jarvis Collegiate lacked sufficient accommodation and was out of date. Harbord required more laboratory accommodation. At Parkdale the enrollment was too large for the building, and the grounds also were not large enough. Conditions at Humberstone and Riverdale were satisfactory.

The appointment of art specialists at all the colleges was recommended.

ASSOCIATED CHARITIES AILED THEIR GRIEVANCES

At Board of Control—Say Social Service Commission Hurts Their Work.

"We wish to know what work has been given to the social service commission and the field of operation left to our organization," said Rev. J. A. Turnbull, heading a deputation from associated charities to the board of control yesterday. "We have been in existence over 30 years, and we are practically put out of business by the inauguration of the commission. We have an indebtedness now of \$867.33 because we have been deprived through the commission of appealing for our usual private subscriptions."

"We will have a conference with the Associated Charities and the Social Service Commission next Wednesday afternoon at 3.30 and arrive at a settlement of the matter," Mayor Hocken stated. "The commission is intended to prevent overlapping."

Comin' Thro' the Rye.

This picture represents the popular idea.

The Great Song Book

now being presented by this newspaper is a heart-thrill from cover to cover. It embodies the musical sentiment of the first century-and-a-half of the national existence of our beloved nation.

WE PREDICT for this truly unrivalled song collection a wondrous welcome into the homes of thousands of our readers. We know of nothing more conducive to happiness, more educative, more adapted to making the home what it should be—the gathering place, the rest place—the joy place of the entire family.

Description of Book

More than 20,000 people from all over the world contributed their favorite songs. Over four years were required to gather the correct words and music of the complete collection.

Some of them—Folk Songs—now published for the first time. Many others never before included in a general collection.

Excels all other collections in completeness and accuracy.

Arranged in low key so the whole family can sing. Many harmonized and arranged for mixed voices for the first time. A collection of treasures. A fund of entertainment in the family circle or at parties and other gatherings.

Full of old friends and the personal recollections attached to many of them.

Stiff covers and especially bound so the book will remain open flat at any page.

Every reader is entitled to a copy.

Comin' Thro' the Rye

(To be found on page 113 of "Heart Songs")

The popular idea of this song which pictures the two lovers coming through a field of rye is a peculiar error.

The "Rye," in the song is a little river in Scotland and "To Meet a Body Comin' Thro' the Rye," meant to meet someone crossing the river on the stepping stones. Any lad meeting a lassie crossing on the stepping stones was privileged to exact a toll of kisses.

This picture represents the correct idea.
