

**REAL FLURRY IN
CORN AT MONTREAL**

May Options in Wheat Supplied Freely — Corn Prices Sent Up.

CHICAGO, May 29.—Instead of short sellers of wheat being subjected to a squeeze the big firm went to unusual lengths in easing all difficulties for wheat dealers and was itself caught short in corn. The real flurry was in corn, which closed for May at an advance of 3-4 compared with last night. Wheat finished 1-8 to 3-8 net lower, oats 11-2c down to 1-4c up and provisions 10c off to a shade advance.

The chief owners of wheat supplied May options freely to all bidders and also accepted as valid delivery wheat on track here. Buying of a million bushels of May corn by the principal short, the firm that was in control of wheat sent corn prices for May whirling upward at the end of the day.

The main shortage in corn was not such as would otherwise have attracted eager attention.

MINING STOCKS**HOLDING STEADY**

Yesterday's Market Feature—Selling of Bailey Explained.

Toronto's mining market was entirely overshadowed by the news of the wreck of the Empress of Ireland. Stocks held steady, but beyond that the market was featureless.

Big Dome sold off to 940. It was offered lower at 935. Hollinger sold from 1725 to 17. The stock was offered at the close at 1720. It would appear as tho the advance was over for the time being.

Foley O'Brien sold somewhat lower at 30. Bailey was active at 11.8 to 11.8.8. The reason for the recent decline has been made public.

Edwin A. Benson has issued a writ against the claim of \$400,000. It is still thought that the shareholders will be given the opportunity to come in and put up the money to pay Mr. Benson and supply sufficient to go on with the work.

Chambers-Forland was fairly active at 19-1/2. There seems to be a good demand for the stock. La Rose was slightly higher at 142. Peterson Lake was fairly active also, but weaker.

If sold down to 37-1/2. At the annual meeting held on Friday there was nothing specially done except routine business. The selling was occasioned by what was thought to be a pessimistic report as to the new directors seem to be very conservative in their predictions. The stock is liable to sell lower, but should meet with good buying on any decline.

QUEEN'S OWN LEAVE FOR**NIAGARA CAMP TODAY**

Will Parade at Armouries at Three-Thirty in Marching Order.

That the 1914 camp, lasting from June 6 to 12, of Toronto's crack corps will be one of the pleasantest and most instructive in the history of the regiment is the word from the regimental adjutant, Captain Reginald Pellatt. An attendance of 500 is expected, some 30 officers will go into camp, and the band of about 20 pieces as well as the bugle band will go along to enliven the proceedings. The regiment is going at its own expense with Saturday in order to give the men a free day on Sunday in camp to view the Falls. They will then be ready to work on Monday morning.

The Queen's Own Rifles will parade at the Armouries on Saturday, June 6 at 3.30 p.m. for Niagara-on-the-Lake. An advance party of some 30 men will leave Friday afternoon by the 4.40 boat. The regiment will return on an afternoon boat on the Friday following, June 12.

A big parade of the regiment is especially taken up by the men. They will be further particulars and to draw camp equipment.

BROCKVILLE CADETS' ANNUAL PARADE

Made Fine Showing—Inspected by Major Gillespie of Kingston.

VETERAN SCOT'S FEAT
Walks From Montreal to Brockville En Route to Camp.

BROCKVILLE, Ont., May 29.—The secretary of the Ogle R. Gowan Temple Fund has been notified that the Grand Lodge of Orange Young Britons at its session in Sault Ste. Marie this week voted \$100 towards the structure which the Orangemen of British North America propose erecting in Brockville in memory of that distinguished veteran of the order, who organized the first lodge here.

The Collegiate Institute Cadets made a fine showing at their annual inspection at the armouries yesterday afternoon. A large crowd of students and others witnessed the exercises. The inspecting officer was Major Gillespie of Kingston.

The district meeting of the Methodist Church, held at Prescott, drew a large attendance of ministers and laymen. Advances in the various branches of church work, such as missionary societies, membership and finances, were the subject of interesting reports. Among the Brockville ministers who attended the meeting were: Revs. A. E. Rannels, J. Scanlon and W. S. Jamieson, who acted as chairman.

Appointed Principal.
J. H. Sexton, M.A., of Athens, has been selected to become principal of the St. Mary's Collegiate Institute. Mr. Sexton has been principal of the Athens High School for five years. Previous to going there he was connected with the Kemptville and Campbellford high schools.

Robert Alkin of Cardinal has been missing for several days, and it is supposed that he was drowned. He was arraigned in the Ogdensburg police court for disorderly conduct, and following his discharge from custody left for home a punk. Since then there is no trace of him.

A number of old Albanians took advantage of the holiday to revisit their old school in Brockville. Among them were: Rev. C. H. Orchard, head master of Trinity College School, Port Hope; A. W. L. Mills, a Wanklyn, Kenneth McCuaig, E. Evans, K. MacLeod, Geo. Tinning, H. Morphy, J. Morphy, H. Maunell, G. Holmes and W. Wurtele. They competed in baseball and tennis, with the result that the school defeated the Old Boys in the former, but went down to defeat in the tennis contest.

Spring Regatta.
Prospects bright for a bang-up spring regatta for fours in connection with the B. R. C., which will be held about the middle of June. Fourteen teams in active training for the event, which is expected to develop at least a couple of good crews for the Canadian Henley. Four new boats of the working class will be placed at the disposal of the club almost immediately.

Al. Bowie, a pensioner of the 78th Highlanders Regiment, Scotland, and a veteran of the Indian and Boer wars, walked from Montreal to Brockville, Ont., yesterday, covering the distance of 186 miles in the remarkably good time of six days. He started from the megalopolis with five cents and still had the nickel in his possession on arrival here. When he started on his long tramp it was with the intention to walk all the way to Toronto, to go in to camp with the 48th Highlanders at Niagara Falls. From here, however, he took the train.

Are You Going to Muskoka This Summer?
If so, take the 10.30 a.m. fast express from Toronto, daily except Sunday, via Grand Trunk Railway system, and arrive Muskoka Wharf 1.45 p.m., where direct connections are made with leafy roads for points in Muskoka Lakes. This train carries a perior-library-buffet car and coaches, and passengers are assured of a comfortable ride along the most interesting route to Muskoka Wharf, which is the original gateway to the far-famed Muskoka Lakes.

The curative odor of balsam and pine and the preponderance of water area to land surface, together with the high altitude (1000 feet above the sea), render hay fever an impossible condition and perfect immunity from this annoying ailment is assured.

Tourist tickets at very low fares are now on sale to Muskoka Lakes points, good for stop-over and valid to return until Nov. 30, 1914.

Return connection is made with train leaving Muskoka Wharf 10.30 a.m. daily except Sunday, arriving Toronto 2.55 p.m.

If you are contemplating making a trip ask Grand Trunk ticket agents for full particulars. Toronto city office, northwest corner King and Yonge streets. Phone Main 4269.

WILL NOT AFFECT VOTE.
In reply to a query regarding the effect of the Gooderham bill on submitting a by-law to the people for the establishment of a bus service, City Solicitor Johnston informed the board of control yesterday that the act would not prevent the taking of a vote at any time during the year.
