ARMED AND DANGEROUS

ENEMY FEARS SUDDEN ATTACK ON THE FLANKS

Are Jealously Guarding Both Pivotal Points of the Salient.
ARTILLERY ACTIVE
Indications Are That Germans Will Press Northward to Chosen Battle Line.

Whether as a result of weariness after the two weeks of incessant fighting or because of the greatly increased strength in man-power and positions of the enemy forces before them, the allied armies on the Sisson-Rheims front have noticeably decreased their efforts to clear the salient of Germans.

The pause in the offensive is attributable to weariness, the armies of the German Crown Prince also must be worn out by the pressure they have been under for the fortnight, for, notwithstanding the fact that huge reinforcements were sent to them in their hour of dire peril, they have lacked the hardiness to endeavor to throw back their antagonists, and recoup their losses.

The fourteenth day of the great allied offensive, which resulted in driving back the Germans from the Marne river northward across the Ourcq River and in materially bending in the eastern and western side of the great pocket with its mouth running cross-country 35 miles from Soissons to Rheims, saw little activity on the part of either of the contending forces—except in the nature of reciprocal bombardments.

Counter-Attacks Fruitless.
Tuesday night witnessed violent attempts by the Germans to expel the Americans and French from the positions they held north of the Ourcq in the region of Fere-en-Tardenois, and along the western side of the salient near Oulchy-le-Chateau, where Scottish troops are holding with the French the wedge that has been pushed seaward into the enemy line. These efforts were entirely fruitless.

A watchful eye is being kept by the Germans on the western side of the salient near Fere-en-Tardenois, and the enemy guns are showering their positions with great quantities of high explosive and gas shells. The enemy also continues jealously to guard with great effectiveness the extreme eastern and western flanks of the salient to ward off possible surprise attacks.

May Retreat Further.
The latest Berlin official communication asserts that more than 4000 prisoners have been taken by the Germans in the past few days and that since July 15 in excess of 24,000 allied troops have been captured.

AUSTRIAN FOOD CRISIS CLAIMED OVERCOME

Amsterdam, July 31.—The food crisis in Austria is almost overcome and presumably will never recur, says Food Minister Paul, according to The Neue Freie Presse of Vienna. He says that harvest prospects are promising and that the situation, especially as to fodder, is better than the previous year. Cattle have sufficient fodder so that the prospects of an autumn supply of milk and meat are better than hitherto. A note of warning, however, is sounded by the minister, who says:

GRAPE GROWING NOT WORTH LABOR

Such is Fear With Prospect of Prohibition of Native Wine.
CROP OUTLOOK GOOD
And Loss Will Be Enormous Unless Product Can Be Sold.

Grape growers in the Niagara district as well as Essex and Pelee Island are much perturbed over the prohibition, effective at the end of this year, of the manufacture of native wines. With indications pointing to a bountiful crop they are confronted with the disquieting knowledge that their market will be so restricted as to be practically not worth cultivating.

For the wine manufacturers have taken the bulk of the Ontario grape crop and what was left was sold in the ordinary way on the market. Of late his market for cranberries, juice, but the expensive process it has to go thru and the very limited demand for it in Canada would preclude their going into its manufacture exclusively, now that wine making will be prohibited.

Liège Was Heavily Punished For Celebrating Allies' Success
London, July 31.—The Maastricht newspaper, Les Nouvelles, says the inhabitants of Liège, Belgium, held an enthusiastic public demonstration over the success of the entente offensive on the Marne salient, during which the Marcelline was won. Because of this, the newspaper adds, the German governor has ordered the curfew rung at seven o'clock in the evening for several weeks, and the city also has been fined.

Plowing for Fall Wheat.
Our farmers were discouraged at the failure of their fall wheat last winter. But they've got to keep on and plant again this autumn. There is more chance of success, of avoiding "winter killing," if they plow in the summer and work the land over again before seeding. And they've got to get the water away; if they do not it will turn into a blanket of smothering ice on the plants.

Ukraine Is Orthodox.
Hetman Skoropadski Fails to Sever Church From Moscow Primacy.
Amsterdam, July 31.—General Skoropadski, the Ukrainian hetman, has failed in his efforts to sever the Ukrainian Church from the Orthodox Russian Church, according to a Kiev despatch to The Rheinische Westfaelische Zeitung. His failure was due to the opposition of the Ukrainian clergy. A church congress has decided that Moscow shall remain the seat of ecclesiastical affairs.

GERMAN STAFF ADMITS PLANS TOTALLY FAIL

Hindenburg Begs "Home Front" to Support Army Still.
NEW BLOW TO COME
Tone of Official Note Betrays Shaken Public Confidence.

Washington, July 31.—Official despatches today from France tell how the German high command has caused to be published in the newspapers throughout Germany an official statement preparing the people to accept the defeat in the second battle of the Marne, but renewing the promise of a decisive blow against the Anglo-French front.

GERMAN PLANES DOWNED.
Paris, July 31.—A French official communication says: "Aviation—On July 30, Franco-British air squadrons brought down or put out of action eighteen enemy airplanes, and set on fire one captive balloon."
FURS TO BE HIGHER IN PRICE.
It is very close to fur time now and, according to authorities, there will be a heavy raise in prices all round. However, furs in Canada are not so high as in the United States, and it is generally speaking, much lower than in any other country. The price of ten per cent. will be allowed on all purchases during August; only this is an offer ladies will be no doubt glad to take into account. The Dinesen Store is 140 Yonge street, Toronto.

DOMINION PERMANENT DEPOSITORS RECOUNDED

These Who Made Deposits at Eleventh-Hour Are Put in Special Class.
G. T. Clarkson, liquidator of the Dominion Permanent Loan Company, is preparing to send cheques to depositors who entrusted money to the company at a time when the company's doors still remained open. An investigation was being made of the books, resulting in a suspension of business on Feb. 3 last.

SPECIAL DECORATION FOR AUSTRALIANS
London, July 31.—In the commons today Mr. Macpherson, under-secretary for war, announced that the King had approved of the issue of a decoration to the Anzac and Newfoundland troops. The decoration is to be issued by the war office, but the government of Australia, New Zealand and Newfoundland would determine to whom it should be granted. The decoration will not be issued to imperial troops, because it is designed to meet the desire of the government to mark the entry of their troops for the first time into a European war. If any other dominion government should desire a similar decoration for its troops, the question will doubtless be settled.
