

## PARIS MAINTAINS VICTORY REJOICING UNTIL EARLY MORN

Climax of Night's Proceedings  
Was Appearance of the  
Girandole.

### CARNIVAL SPIRIT

Various Cities and Provinces of  
France Join in the Cele-  
brations.

Paris, July 15.—Weary but still bent upon continuing its festivities until the last ounce of cerebral energy has been spent, Paris kept up its Victory Day celebration well into the small hours of this morning. Each of the traditional attractions of July 14—the illuminations, the fireworks, the free performances in the national theatre, the street dancing—found its particular crowd.

The climax of the night's proceedings, however, was the appearance of the Girandole, especially brought from Florence, where it was made, for the occasion. It consisted of a series of connected panels, brilliantly illuminated by 25,000 lamps and adorned with the portraits of the allied rulers and celebrities, together with inscriptions recalling the principal events of the war. The whole contrivance was more than 2000 feet long. Eight hundred soldiers dragged the immense machine through the principal streets on both sides of the Seine, its progress accompanied by the strains of military band music, and its appearance everywhere being welcomed with immense delight by the people.

Beautiful in Effect.  
The densest crowds were in the Champs Elysees where the illuminations were particularly beautiful in their effect, a notable feature of the lighting being the rays which lamps upon the Arc de Triomphe sent darting down the magnificent avenue. Thousands, too, gathered around and admired the cenotaph and the boulevards.

A real carnival spirit was in evidence among the people, and confetti battles were numerous notwithstanding the ban that had been put upon them by the prefect.

As a sequel to the victory procession, President Poincaré has written to Premier Clemenceau asking him in the name of the country "to convey to the French armies in this divine moment the passionate admiration and gratitude of the republic." The premier has sent congratulations to Marshal Petain and the allied commanders, thru Marshal Foch, the allied commander-in-chief. The premier concluded his letter to Marshal Petain by the reminder that "from the victory of war there remains the victory of peace to be achieved."

Same Spirit Everywhere.  
Despatches from the various cities and provinces of France on the observance of Victory Day report that everywhere the same spirit of exultation was manifested as in the national capital. The military reviews brought forth demonstrations of patriotic fervor at Alsace-Lorraine, at Metz and Strasbourg, where celebrations took on an especially solemn character and evoked indescribable enthusiasm among the people.

Despatches from various European capitals, such as London, Madrid, Lisbon, Rome and Brussels, as well as from other foreign cities describe demonstrations there in honor of the day and in friendship towards France.

### TORONTO WOMAN DELAYS LINER'S DEPARTURE

Boston, July 15.—The sailing of the Anchor Line steamship Massilia was delayed half an hour yesterday in order to give one of the passengers an opportunity to have her passport issued.

Miss A. Geggan of Toronto arrived at the pier shortly after 1 a.m. with several pieces of baggage. When her passport was examined it was found that they bore neither the United States government nor the British consular visa, which were necessary before the young woman could go on board the steamer.

A taxi was engaged by the officials of the steamship line, and accompanied by one of the clerks, Miss Geggan made a hurried trip across the ferry to the customhouse and the British consulate. The passport was signed and the taxi raced back to East Boston, reaching the pier at just 12:30 p.m.

### Say "No Bread Wanted," To St. Catharines Bakers

St. Catharines, Ont. July 15.—The bakers' strike took on a new phase this morning when the master bakers and members of their families took their bread to the grocery stores this morning. They were met with the answer "No bread wanted today," and were obliged to take their bread back to the barn. Shipments of bread from outside cities were brought in for the local grocers, who, with the exception of four, signed an agreement to accept no bread from local bakers while the strike is on.

### Are Proceeding With Plan For Big, New Kingston Hotel

Kingston, Ont. July 15.—A meeting of the hotel committee of the city council was held, at which F. A. Dudley of the United States Hotels Company of Niagara Falls, N.Y., was present. Mr. Dudley explained the working system of the United States Hotels Company, and the local committee decided to accept the system of the company and are going ahead enthusiastically with the plans for a new hotel for Kingston. Chairman Peters of the committee has offered a prize of \$10 for any school child giving the most suitable name for the new hotel.

### OBVIOUSLY.

A rural editor received this question from one of his readers:  
"What is the matter with my hens? Every morning I find one of them laid out stiff and cold on the henhouse floor."  
Next day this answer duly appeared in the query column:  
"Your fowls are suffering from death. It is an old complaint. The only treatment that we can prescribe is burial."

## PHYSICALLY DISABLED CAN JOIN MASONS

General Purpose Board Ad-  
mits All But Mentally and  
Morally Unsound.

Everything is now in readiness for the 64th annual convention of the Masonic Grand Lodge of Canada, which will open its session with a general meeting of more than one thousand delegates at the Masonic Temple this morning. A slight shadow has been cast on the convention because of the inability of Grand Master W. N. Wardrop, K.C., of Hamilton to attend, because of an affection of his throat which keeps him confined to his bed.

His place will be taken by F. W. Harcourt, K.C., the deputy grand master and chairman of the board for general purposes, who will preside and will also deliver the grand master's address. If Grand Master Wardrop will be unable to attend there will be, however, a good attendance of past grand masters, among whom will be: W. R. White, K.C., of Pembroke; E. T. Malone, K.C., of Toronto; Judge MacWatt, of Sarnia; Henry Robertson, of Collingwood, and Hon. W. D. McPherson, K.C., M.L.A.

About fifty district deputies and members of the board for general purposes attended an informal dinner at the Ontario Club last night, which was to have originally been tendered to the grand master. The dinner was purely informal and no speeches or addresses were delivered.

The board for general purposes finished its preliminary work yesterday after an all day session when they accepted all reports for the year. The big point at issue was the admission of partially disabled men. Some members of the board thought that it should apply to men who have been disabled in the great war only, but the final recommendation passed on to the general body allowed any physically disabled man to join the craft, whether disabled in the war or not. The only stipulation made was that the aspiring candidate should be sound mentally and morally.

Many of the visiting members were driven around the city yesterday for a sightseeing trip, while out of town delegates continue to pour into the local hotels.

## CRITICIZE SPEECH OF SIR EDWARD CARSON

London Times Calls Upon  
Government to Do Some-  
thing for Ireland.

London, July 15.—Sir Edward Carson's speech condemning a dominion home rule scheme for Ireland and threatening in extremity to call out the Ulster volunteers was mentioned in the press. He is again subjected to newspaper comment. The Times calls upon the government to do something for Ireland, and says that Sir Edward has conferred a charter of lawlessness upon others who dislike the present state of things.

The Daily Express says Sir Edward Carson must know that Great Britain does not dream of inflicting injustice on Ulster. It is perilous in these times to talk of revolt, and it is amazing that such talk should come from Sir Edward Carson, the paper concludes.

Since for the Gander  
The Manchester Guardian thinks the speech could be heavily punished under the defence of the realm law. It is obvious, it says, that while it is a salvo for the goose is sauce for the gander, and if this kind of incendiaryism is permitted on one side it cannot be punished on the other.

The Morning Post, the uncompromising opponent of separation policy, applauds the speech. It says: "We know from Sir Edward Carson that dominion home rule is no more acceptable to Ulster than it is among the Sinn Féiners. It is applied only to those who are utterly discredited either in England or in Ireland and who if they had the power to impose the scheme would certainly lack the power to make it work. Dominion home rule is no perceptible advantage over the home rule act, now in suspense, and in regard to that act it is impossible to find either among its authors or its beneficiaries any single person to say a word for it."

## MOROCCO BANDIT LOSES HEAVILY IN ATTACK

Madrid, July 15.—Raisuli, the Moroccan bandit, according to an official communication issued today, again has attacked the Spanish positions at El Arish, but was repulsed after a long and bitter fight. The bandit, realizing that the Spanish troops had cut off communications between his camp and Tangier, decided to attack and the communication said it was carried on furiously.

Raisuli suffered heavy losses, leaving many dead or wounded on the field. The communication adds that the Spaniards also lost heavily, but that they are pursuing Raisuli, who is fleeing into the mountainous country.

### NEW THEM.

The new person was calling on the farmer.  
"I've got to find out a lot of things about this district," he said.  
"Well, sir," said the old fellow, "I know all the ins and outs of the place."

### RESPECTFUL.

"Here, waiter! This steak is positively good," he said.

## GENERAL STRIKE IS FEARED IN ITALY

Eight Killed and Thirty  
Wounded in Disorders at  
Various Places.

Rome, July 14.—Strike disorders occurred at various places in Italy today. At Lucera eight persons were killed and thirty wounded. Near Genoa two anarchists were killed in a fight with Carabinieri.

The Italian government, Premier Nitti announced in the chamber of

deputies today, has taken ample measures to preserve order in view of the threat of a general strike throughout the country. Troops, he said, have been distributed everywhere in cities and villages and in the country, and they were provided for supplies for more than 48 hours in case they should be cut off from their base.

No Reason, Premier Says.  
There is no reason for a general strike in Italy, the premier continued. The government does not want bloodshed and will do its utmost to prevent it. Telegraph and wireless communication with every part of the kingdom is assured, however, in case of trouble. Italy is one country where a general strike should not occur, Signor Nitti said. Bolshevism was an Asiatic evil which could not spread in Italy. The government, he said, does not want to intervene in Russia because it was Bolshevik, for the same reason that it did

not intervene there when Russia was under czarism, which had produced as many crimes, injustices and massacres as the present regime.
