NINETEENTH YEAR

Up to Uncle Sam.

The U.S. S.S. Harvard has arrived in Portsmouth with 800 Spanish prisoners on board. Six Spaniards died on the passage from Santiago.

The Spanish Minister of War, in an interview, said that he thought peace might be arranged by Spain and the United States, allowing the Cubans to decide by a plebiseite whether they desire independence or autonomy under the suzerainty of Spain.

Commissioners to arrange details of the surrender of Santiago met again yesterday, when it was expected that terms of capitulation would be agreed upon.

Admiral Dewey pays a high tribute to the Chinese on board the American ships at the Battle of Manila, and says that they should receive recognition by being made citizens of the United States.
