MEDICAL SCHOOL TO OPEN WITH FIFTY FIRST-YEAR PUPILS

New Building Necessary, Says Pres. Braithwaite.

Early attention to the erection of a new medical school is necessary, President E. E. Braithwaite of Western University yesterday told the board of governors. The risk of students, because of the desire of the militia to secure as many medical men as possible, will crowd the present quarters when the school opens on October 1. Fifty new students have been enrolled, and will bring the total attendance at the school up to about 100. Dr. Braithwaite told the board of governors that the school committee of the board will take the matter into consideration and try to provide temporary relief.

The president also called attention to the development of the plan for the proposed new university building on the Kingsmill farm. He said that the plan of the war is seemingly drawing to a close, and he thought some action might be started. The governors discussed this phase of the report at some length, but reached no decision.

The report of Auditor Frank Jewell took up considerable time. It showed that the total revenues of the three departments, arts, medical school and hospital, for the past year totalled \$85,000. Each department has a small balance remaining.

Votes of thanks were passed to J. D. Barnett, Stratford, for the loan of his valuable library, which will be placed in the new building. Mayor Somerville and Public Librarian Fred London, for their work and interest in securing this library.

CAPT. TOZER'S NAME DOES NOT APPEAR ON CITY PAY ROLL

His Pay On Fire Department Stopped August 25.

City Clerk Baker has not as yet received the city solicitor's opinion on what stand the city council should take in regard to the Tozer and trades and labor charges in connection with the fire department.

The matter was considered at the last council meeting and was sundry orders before it. There was a motion on the council which favored instructing the city solicitor to prosecute all charges before the judge, even though the trades council had asked that it be allowed to withdraw their charges.

In the meantime many inquiries are heard as to where Capt. Tozer stands. He was given a month's disallowance by the city council on July 25. While the council did not approve of this action, it refused the matter to Chief Alden with power, and nothing has been heard of the matter since.

However, the city clerk has been told that Capt. Tozer was paid up to August 25, and has been off the pay roll since July 25. The city clerk has not as yet turned in his uniform. The pay roll of the department is made up by Chief Alden. Capt. Tozer has not served on the department since July 25.

OFFICIAL REPORT SAYS PTE. HORWOOD MISSING

Pte. R. H. S. (Bert) Horwood of 33 Ridout street south, has been officially missing, according to word received by his father, H. S. Horwood, who lives at 100 St. George street.

A letter from one of his chums that was received on Friday, September 3, told of him being shot. The letter said the family was hoping that he would be heard from later. The word this morning, however, says that he has been missing since August 15.

Pte. Horwood went over with an A. M. C. draft in July of 1917, but was later transferred to the scout section of the 43rd Canadian Battalion in France, with which unit he since has been serving.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach, and not as some believe to a lack of digestive juice. The delicate stomach lining is irritated, digestion is delayed and food poisons, causing every stomach sufferer knows so well.

Artificial digestants are not needed in such cases, and may do real harm. Try taking a few grains of Magnesia, a few drops of water right after eating. This sweetener of the stomach, prevents the formation of excess acid, and there is no sourness, gas or pain. Bismuth Magnesia, in powder or tablet form—never liquid or milk—is harmless to the stomach, inexpensive to take, and is the most efficient remedy for indigestion, for stomach poisons. It is used by thousands of people who find their meals with no more fear of indigestion—adv.

Because Men Go Wrong, Women and Children Must Suffer

Three little Durrance kiddies, who are made to all intents fatherless for six months by the stern if necessary dictates of Canadian justice, and their mother, with Mrs. William Howie, who must struggle along without the protection of her husband for three years to satisfy the demand that her husband be punished for his offence.

The children are too small to know anything, but the fact that they do not see their daddy every day, and that their mother wears a sad look, and that their food ration is as been cut. They were playing out this morning with only their summer clothing to keep out the chill winds, and unless someone comes to their aid they cannot get any warmer clothing.

Mrs. Howie is scarcely able to be out of bed and can not work to keep herself. The father of the children and the elderly husband are inside where it is warm, and they do not have to worry as to where the next meal is coming from. They are confined for punishment as is usually the case, the innocent must suffer with the guilty.

DISMAY OVER SNOW DISPELLED BY HOPE OF INDIAN SUMMER

But Even Weather Director Is in Despair.

DON'T TRUST BAROMETER

Indicator Loses All Resemblance to G. Washington and Other Truth-Tellers.

Great, big, soaking-wet blobs of "the beautiful" beams to drift to earth a few minutes before 9 o'clock this morning, as everybody knew who shivered and hoisted umbrellas on the way to offices, debating the question whether to hurry on and get wet, or stand and wait for a street car and get wet. It was a case of get wet, anyway, with those melting snowdrifts.

It may have been the wettest snow season yet. Certainly has been the earliest. October 8 or 10 in the snow-moving years of the past has been deemed a little early in this rush a season. A number of canny people, however, are modifying this prediction, even if their cellars are devoid of coal and their families sneezing and coughing.

"We will likely have Indian summer all the month of October," cheerfully said the public doesn't in the least approve of the innovation. In fact, the general opinion seems to be that it is distinctly bad taste to rush a season. A number of canny people, however, are modifying this prediction, even if their cellars are devoid of coal and their families sneezing and coughing.

NO. 1 DISTRICT FIRST TO DECIDE TO TRAIN SOLDIERS TO SING

Brig.-Gen. Shannon Accepts Offer of A. D. Jordan to Conduct Programs at the Camp.

No. 1 Military Division is the first in Canada in which "sing-songs" for the soldiers, under expert leadership are to be recognized as a definite part of the military life, and are to be a part of the day's program. Brigadier General L. W. Shannon, G. O. C., and Lieut.-Col. J. E. Brown, G. O. C., of the 1st Military Division, are strongly in sympathy with the idea, and are doing all in their power to make it a success.

The "sing-songs" are a new feature of the military life, and are a most effective means of training the soldiers in the art of singing. They are a most effective means of training the soldiers in the art of singing. They are a most effective means of training the soldiers in the art of singing.

ATTACK ALONG CHAMPAGNE FRONT IS OPENED BY FRANCO-AMERICAN FORCES

(Continued from page one.)

Ishtib, an important Bulgarian base, Tuesday, says a Serbian official statement dated Wednesday. Elsewhere east of the Vardar the Serbs have also made important gains.

The Serbs also have captured Gradsko station, southeast of Uskub. It was defended by German troops. An enormous quantity of supplies, including nineteen guns, was captured by the Serbs.

THE OFFICIAL STATEMENT READS:

"On September 24, Serbian troops achieved a very important success, reaching Krivolak and the outskirts of Ishtib (18 miles east of Veles on the Vardar and 38 miles northeast of Prilep).

North of Prilep, the Serbs are pursuing the Bulgarians, who are in complete retreat, and are approaching Izvor, midway between Prilep and Veles.

OUTSKIRTS OF ISHTIB.—In this region we captured a colonel commanding a Bulgarian regiment and a considerable number of prisoners, as well as four howitzers, three mountain guns, a hundred horse wagons, with teams and other material.

Gradsko Station, which was defended by Germans, has fallen into our hands with enormous quantities of supplies, including nineteen guns, mostly heavy ones of 210 millimetres. To the number of prisoners we already had taken, we added two German officers and several soldiers.

ON THE RIGHT OF PRILEP OUR TROOPS HAVE OBTAINED VERY FINE RESULTS. NEAR IZVOR (15 MILES NORTH OF PRILEP), WE ARE PURSUING THE ENEMY, WHO IS COMPLETELY ROUTED AND IN RETREAT.

45,000 TURKS ARE CAPTURED DURING THE PALESTINE DRIVE

Paris, Sept. 26.—The number of Turkish prisoners taken in Palestine now aggregates 45,000, according to the latest advices reaching Paris.

The fall of Krushevo is expected hourly.

THE ONLY MEANS OF EXIT FOR THE BULGARIANS HERE IS A NARROW PASSAGE BETWEEN KICHEVO AND KRUSHEVO. (THIS BODY COMPRISES THE FIRST BULGARIAN ARMY.)

The army seems doomed to destruction or surrender, or to a retreat into Albania, as the Allied heavy artillery, now installed northwest of Monastir, commands the passes in the other direction.
