## THE DAY'S EVENTS REVIEWED

The capture of Jerusalem has come in time to make it a magnificent Christmas gift to the allied peoples. General Allenby, with his notable staff, drove the Turkish out of the city in two simultaneous brilliant actions. The British kept secret the plan of approach and the sudden and unexpected outbreak of their attack completely surprised the Turks. They drove out of the city in a few days the Turkish troops who had been in possession of the city since the capture of Jerusalem in 1917. The capture of Jerusalem is a great triumph for the British and the allied forces. It is a great triumph for the British and the allied forces. It is a great triumph for the British and the allied forces.

A British army has this liberated Jerusalem after seven dark centuries of Turkish rule. The political importance of this victory will be seen in the fact that the British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean.

The invasion of Palestine, it seems, began at the right moment to neutralize the Turkish forces. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean.

The Germans, according to American reports, have been ordered to evacuate the largest army yet concentrated in France and Belgium. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean.

Generals Kornilov, Kaledin, Alexieff and, perhaps, the Grand Duke Nicholas, have begun the clearing of the Bolsheviks out of the Den region and they are marching toward Petrograd. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean. The British have now secured the eastern end of the Mediterranean.

# W. F. MACLEAN'S RECORD

## A Constant Champion of Public Rights--Has Brought About Many Reforms in the Law.

One of the best meetings of the campaign was held in the town hall in North Toronto last night in the interest of W. F. Maclean, the Union government candidate for South York. R. G. Kirby presided, and among those on the platform were Nicholas Garland, A. R. Hassard, Mr. R. G. Kirby, Mrs. C. A. Risk and Mrs. Dunbar. Strong speeches on behalf of the Union government and of Canada's continued participation in the war until it reached a victorious conclusion were delivered by Sir John Willison, A. R. Hassard, K.C., Mrs. Risk, Mrs. J. J. Fitzroth, A.C., H. Ball and the candidate.

Mr. Hassard and Sir John Willison spoke in high praise of Mr. Maclean's public career. Mr. Hassard said that Mr. Maclean had always represented the interests of the public as opposed to that of the great corporations, and Sir John Willison said that one-half or perhaps two-thirds of the progressive legislation in the Dominion Parliament and provincial legislature during the past 20 years could be traced to the influence of the members for South York.

"There is no candidate for whom I would rather speak than W. F. Maclean. We have had a good many differences in the past and we will have a good many in the future. I know he tries to do as he thinks, and every once in a while I try to do as I think."

"I have followed W. F. Maclean's career closely from the beginning, and I am bound to confess he has always been the champion of public rights as against the corporations and private interests. He has been particularly consistent when it was much to his own interest to take the other course. I have followed Mr. Maclean, more I believe, or at least as much, as any man who has sat in the house of commons, and he is one of the best representatives of the people I know of, free of any group, section or

# SECOND SHIP FROM MASSACHUSETTS

Another Load of General Supplies for Halifax--Fund Now \$200,000.

Boston, Dec. 10.—A second shipload of supplies for the relief of Halifax was assembled in this city tonight in readiness to go forward tomorrow. The cargo, valued at between \$100,000 and \$200,000, was gathered by the Massachusetts Relief Committee, upon receipt of orders from its representatives in Halifax, as to what was urgently needed.

In addition to shoes, clothing, rubber goods, roofing and window glass, a transportation unit of ten motor trucks was included. Each truck will have its own skilled chauffeur, gasoline supply and repair kits so as not to draw upon the overburdened city in any way upon its arrival.

Notwithstanding the existing shortage of rubber footwear the committee was able to secure \$100,000 worth to meet the needs caused by the successive storms which have swept Halifax since Thursday's explosion. Many firms responded to committee appeals by giving rubbers and articles outright, while others made substantial reductions in their wholesale prices for the relief of Halifax now was joined Red Cross workers in packing 107 cases of clothing.

Notices were sent broadcast today by Mrs. Nathan's committee, chairman of the women's committee of the state national defence, that the particular need for the relief of Halifax now was money. The president of the Halifax relief committee also supplemented this appeal.

President Maclean, who has been actually in need of coal for his own use, stated that he had secured a supply of coal for the relief of Halifax. The coal companies were asked to give a discount on their coal for the relief of Halifax.

The high wind on Sunday blew two boats from the wharf at the North Harbour Methodist Church just after the morning service, and as a result no evening service could be held.

The teachers and pupils of Earlton school are raising \$100 for the relief of Halifax. The school has been doing excellent patriotic work, between \$900 and \$1,000 having been spent to help the fighting men in the last year.

For over two weeks the Council Coal Company, at the request of the pastor and workers of the Central Methodist Church, Earlton, has delivered five tons of coal a day to the relief of Halifax. One worker remains for two hours a day at the church to take orders. The workers are especially pleased, and the relief of Halifax is being done in a most efficient manner.

George C. Tompkins stands trial for killing three persons. The trial is being held in the city hall yesterday afternoon. The case is being heard by Judge J. H. W. Wright, president of the local bar association.

Edmundson, Dec. 10.—H. M. Evans, mayor of Edmonton today, was elected majority of more than 2000.

# SOUTH AND WEST YORK CANDIDATES UNITE

Big Meetings at Weston, Mt. Dennis and Silverthorn Addressed by W. F. Maclean and Capt. Wallace.

The big halls at Weston and Mount Dennis were packed to the doors last night at joint meetings in the interest of Capt. Wallace and W. F. Maclean. Many women were present and the meetings were almost unanimous for Union and win-the-war. W. F. Maclean, Editor of the Toronto World, and Capt. Wallace, Major in the Canadian Expeditionary Force, were the main speakers.

Maclean meetings will be held tonight down east, at Player's Hall (Danforth and Broadview) and at the Hamilton School, and at the Hamilton School, and at the Hamilton School.

One of the features of the Mt. Dennis meeting was the protest of some of the men that they had been unable to get a vote. Mr. Maclean pointed out that those men had been disfranchised by not allowing registration in townships as they had been allowed in cities. He declared himself in favor of a broad system of registration of voters in all cases in the city.
