HALF MILLION BUSHEL SENT HERE SO FAR

The Grain Season Promises Bigger Than Ever—The Expectations in Halifax

About half a million bushels of grain have already been shipped from Fort William for this port. At the present time there are about 337,000 bushels in the C. P. R. elevators on the west side, and in cars in the yards. There are ninety cars in the yard awaiting transfer to the elevator. The coming winter season is likely to eclipse all previous records for grain shipments.

Up to the present time the I. C. R. elevator has not received any consignments, but it is probably that some will be coming along soon.

Seven carloads of grain have arrived at Halifax, the first of several large shipments of which advice have been received. More than 40,000 bushels of grain are reported in transit for Halifax at the present time. The greater part of the grain arriving will be stored in the elevator until it is needed. The Purves Company and the Elder Dempster Company will handle most of the grain shipments from there this winter. In Halifax they expect the shipments to be in excess of any handled for ten years.

ANOTHER ADDED TO PILOT FLEET

St. John Men Buy the Schooner Defender for Work Here

Another new pilot boat has been added to the fleet. Pilots William Murray, James Miller, J. L. C. Sherrard and William Spears have bought the Schooner Defender from Captain Henry Murphy of Clark's Harbor for \$2,800.

The vessel is now in the Carrville slip and looks to be a splendid one, and mariners who have seen her today declare she is a beauty. The Defender was built at Shelburne, N. S., and was launched on October 17th, 1908. Length 74 feet, breadth 19 feet 7 inches, depth 8 feet. She will be placed in commission at once for this winter's work.

HASTEN TO MOTHER'S BEDSIDE; TOO LATE

Mrs. McKean of Glace Bay Died This Morning—Daughters Pass Through Here on Way Home

Many St. John friends will regret to learn of the death of Mrs. McKean, of Glace Bay, wife of Dr. McKean, which occurred there this morning, after a brief illness. Mrs. McKean was a sister of Mrs. Andrew Blair, of Rothesay. A distressing feature of the affair was that a sister, Miss Susan Cameron, of Montreal, and two daughters of Mrs. McKean, who have been attending college in Montreal, were hastening to Glace Bay to her bedside, and reached here on the noon train today, only to learn that they would be too late to see her alive.

The young women were not informed of their mother's death, as it was feared they could not bear up under the announcement, being already greatly distressed over their mother's illness. Miss Cameron was informed, however, and she continued on her sad journey with her two sisters.

There are six children surviving, three girls and one boy in addition to the two young women now on their way to Glace Bay.

Col. H. H. McLean, M. P., who recently underwent an operation in Baltimore, is rapidly recovering. He is expected to arrive home on Tuesday next.
