DOWLING BROTHERS

95 and 101 King Street

DYKEMAN'S

We are going to have a sale of

Bed Feather Pillows

on Tuesday morning

commencing at 9 o'clock. We want to promise how long the sale will last, an hour may finish it and perhaps less because these pillows are the biggest pillow bargain St. John householders have ever had the privilege of indulging in.

57 cents each.

We have a few of the larger sizes which we purpose selling at 87 cents each.

Do not judge the quality by the price. They are worth ordinarily from \$2.00 to \$3.00 a pair and we guarantee them to be perfect goods in every way.

F. A. DYKEMAN & CO. 59 Charlotte Street

ON EXHIBITION

At Our Store - - - Charlotte Street.

The C. H. Townshend Piano Co. 53 Germain Street Royal Hotel Block - ST. JOHN, N. B.

CONSIDER MAKING ST. JOHN DRY DOCK LONGER THAN PLANNED

A Letter From Mr. Monk—Protection at I. C. R. Crossing and Bridges

The petition of the common council that the length of the new dry dock in Courtenay Bay should be increased from 900 to 1150 feet, the same length as the new dock at Levis, has been submitted to Hon. F. D. Monk, minister of public works, and a reply from him was read at the meeting of the commissioners at noon today.

L. R. Ross, terminal agent of the I. C. R., was in conference with the commissioners this morning regarding several matters which have been under discussion. Mr. Ross informed the commissioners that a night watchman has been placed at the Gilbert Lane crossing in addition to the day man who has been the only one on duty in the past.

Another matter which has engaged the attention of the commissioners is the alleged encroachment of the I. C. R. on Lombard street. This was discussed this morning and an inspection of the premises will be made at four o'clock this afternoon by the commissioners, the city engineer and representatives of the railway.

A communication was also received from Steenson Cutler & Company and this was referred to the council.

FREDERICTON TEAM FAIL TO GET HERE

This Afternoon's Ball Game off For This Reason

The game which was scheduled to be played on the North End grounds this afternoon between the Marathons and Fredericton, has been called off. The manager of the Greeks received a telegram this morning from Bob Gandy stating that he could not get his team together for today's game and that they would have to call the game off. The arrangements were made on Saturday afternoon and several of the Fredericton players remained here.

LOCAL NEWS

FIND PETRIFIED. The workmen employed in the quarry of R. R. Lee at Milkish unearthed what they describe as the petrified body of a young deer on the quarry on Saturday afternoon. It was deeply bedded in the rock. Mr. Lee is arranging to have it sent to the Natural History Museum.

MRS. SARAH DAVIS. The death of Mrs. Sarah Davis, wife of William Davis of Brunel street, occurred at the home for incurables this morning after a lingering illness. She was seventy-seven years of age. The funeral will take place from the home tomorrow afternoon at two-thirty o'clock.

CLOSED AGAIN. The Suspension Bridge will be closed for the first three nights this week starting this evening. Owing to the crowd attending to use it last week and the consequent travel, the bridge was left open to the public. The work of repairing is being pushed ahead rapidly and the contractor says will probably be completed by Thursday.

UPSET FROM CANOE. While passing about in a canoe at Drury Cove yesterday afternoon, Edling Brown, a young man, who has been on a holiday at that place, furnished some excitement for a few moments when he lost his balance and fell into the water. He was seen by people on shore who had been watching his manoeuvres and his cries for help were heard. Three boats put out from shore to his rescue and he was taken off the bottom of the overturned canoe and brought ashore.

DON'T WANT OUR DRUNKS. Amherst News.—There were two drunks arrested yesterday, one hailing from Moncton and the other from St. John. They were up before the magistrate this morning and each fined three dollars or ten days. One had the price and the other went to jail. We would be very much obliged to Moncton and St. John, if the authorities of both towns, would look after their own drunks, particularly when they are supplied with such "joy juice" as Jamaica ginger and wood alcohol mixed.

SAMSON PETTINGILL. A wedding of interest to many New Brunswick people took place in Portland, Oregon, on Sept. 5, when Miss Annie A. Pettingill, daughter of James Pettingill, of Quispamsis, was united in marriage to Geo. R. Samson, B. S. A. B., a member of the faculty of the State Agricultural College of Oregon. The ceremony was performed by Rev. Dr. Ramsay. Miss Pettingill was a graduate in domestic science at MacDonald College, Guelph, Ont., and for the last two years has been house-keeper of the Women's Residence of the Agricultural College, Oregon. Mr. and Mrs. Samson will reside in Corvallis, Ore.

DEATH OF ANDREW CURRIE OF NORTH RICHMOND ON SATURDAY

Woodstock, N. B., Sept. 8.—(Special)—Andrew Currie, a highly respected farmer, died at his home in North Richmond, on Saturday. His death was the result of a stroke of apoplexy on the day before. He is survived by his wife, three daughters and five sons.

COURTENAY BAY DREDGING TO BE STARTED VERY SOON

Two Dredges Coming From States and Two From England to Carry on the Work

The actual work of converting Courtenay Bay into a modern harbor will commence within a fortnight. The subsidiary company of Norton Griffiths & Co. which is undertaking the dredging of the channel and basin has completed arrangements to commence work and are now waiting for apparatus. They are bringing two dredges, one bucket and one elevator type, from Providence, R. I. These are to be in about two weeks and will immediately be put to work. With them will be brought a fleet of 1200 yard mud scoops and the other necessary apparatus.

They are also bringing two large dredges from England which will be here in six weeks time. One of these will be of the elevator type and the other will be a suction dredge, the first of the kind to be used in St. John harbor. The contractors intend to continue work through the winter and by spring time will have made a substantial beginning of the work of creating the new harbor of East St. John. The work on the dry dock site and the breakerwater will also be continued during the winter on as large a scale as the weather conditions will permit.

PLEADS GUILTY: NOW AND IS FINED \$100

Change in Water Street Liquor Case—May be Perjury Matter

When the case of Daniel Hanlon, charged with selling liquor without a license, in his shop in Water street, came up for hearing in the police court this morning, Dr. Alward, K. C., acting for the defendant, withdrew the plea of not guilty and pleaded guilty to the charge. Hanlon was fined \$100 or three months in jail. The case was up in the police court on Friday and Hanlon pleaded not guilty. Three witnesses for the defence swore that they had been in Hanlon's place on this morning, that he so desired he could have the three men who gave evidence arrested, and that he would start a preliminary hearing in their case tomorrow. It is possible that the police may act further in the matter.

It is said that the prosecution had several witnesses in court this morning willing to swear that they purchased liquor from Hanlon's place on Sunday in question, but they were unswayed upon to give evidence. George Davis, an old colored man, charged with being a common vagrant, was sent for three months to the Municipal House. One prisoner charged with drunkenness was fined \$5 or two months in jail. One deposit of \$5 was forfeited to the court.

MOTORING PLEASANTIES

Mishaps to Several Parties on the River on Sunday

Several parties of motorists in gasoline launches yesterday afternoon had rather unpleasant experiences owing to either accidents to their motor or to lack of knowledge concerning them. Two were stalled in Grand Bay yesterday afternoon, one because the batteries had given out and the other because the gasoline supply had become exhausted.

They were aided by two passing motor boats, the "Wildcat" and the "Tally Ho," after having spent a little while in wondering what "was the matter with the engine," and blaming various things for the inability to proceed. Another party ran aground at a point farther up the river and was towed off, while still another had the misfortune to break down in the bay, while on their way to Carter's Point, but they kept on, being taken in tow by one of the St. John Power Boat Club fleet. Their empty launch was brought to Inlandtown about noon, and they came down last evening in another boat.

JOSEPH H. BEATTY OF UPHAM, DEAD

The death of Joseph H. Beatty at the age of 69 years, occurred at his home in Upham, Kings County, on Saturday, Sept. 7, after a brief illness. Mr. Beatty was twice married and leaves his wife, three daughters and five sons to mourn their sad loss. The daughters by his former wife are Mrs. Allan Green and Mrs. B. Kilpatrick of Barnesville. The sons are Wm. T. of the firm of Beatty & Johnson, St. John; Harry H. of Bangor, and John at home. By his surviving wife there are his daughter Myrtle, and two sons, Harold and Charles at home. The funeral took place this afternoon at half past two o'clock to the Episcopal church of Upham, of which Mr. Beatty was a member.

RAFTING THE LOGS

Upwards of seventy million feet of logs had been rafted by the St. John River Log Driving Company up to September 1, and Manager Arthur Rowan expects that by the first of October the season's work at the booms will be finished. Aside from the loss entailed by the mid-summer freshet, the present season has not been an unsatisfactory one; but the total amount of lumber will not exceed 100 million feet it is now said.

The following statement shows the amount of lumber in superficial feet rafted up to September 1: Hemlock... 95,980 Cedar... 6,245,130 Pine... 4,102,690 Spruce... 60,140,788 Total... 70,884,628
