BOYS IN COURT

Carleton Lad Who Has Been to School Only Four Days This Term

A short session of the juvenile court was held by Judge Ritchie this morning, when he dealt with the case of Arthur Lockhart, an eleven year old boy, of Carleton place, charged with playing truant. The little fellow admitted that he had not been to school more than four days during the term which opened in September last. It was remarked that the fault must lie with his parents, as they should have enough control over the lad to compel him to attend school. The lad was alone in the court and he was sent below until one of his parents should arrive to speak for him. Another boy, Charles Connell, of Main street, was summoned on a charge of truancy, also, but did not appear. The record shows that he was away from school about twenty days of the current term.

PLANS FOR REFINERY ARE FILED

Mr. Durant's Representative Places Them With Common Clerk Today—Council Likely to Deal With Them on Monday Week

Right on the heels of the important announcement regarding the work of development at Courtenay Bay (St. John harbor east) come the announcement today that the Atlantic Sugary Refining Co., have filed their plans for the establishment of a sugar refinery on the property transferred to them near the Ballast wharf. The plans were filed this morning by F. R. Taylor, of the legal firm of Weldon & McLean, with the common clerk, H. E. Wardroper, at city hall. Mr. Taylor when asked for further information as to when work would probably commence, said he did not know. He had received a letter from Mr. Durant saying the plans were being forwarded to him and asking him to file them with the common clerk. Other than this he knew nothing of the matter. It will be remembered that under the agreement with the city plans for the project had to be filed before December 14. The plans provided for the erection of a huge structure, the entire plant to cost in the vicinity of \$2,000,000, and it would now appear that the matter is to be taken up soon. It is probable that the plans will be submitted at the regular meeting of the common council to be held on Monday, Nov. 7.

SUNDAY SCHOOL AND MISSION FOR MARSH BRIDGE TERRITORY

Centenary Workers Complete Plans For Opening Tomorrow—Personal Canvass Made Yesterday

An event of considerable interest in religious circles will take place tomorrow when it is expected the new Sunday school and mission at the Marsh bridge will be opened. This work is being undertaken under the auspices of Centenary Sunday school and promises to be a work of great importance to the spiritual life of the community. For some time plans have been made, looking to the extension of work in this locality, but it is only within the last few months that anything definite has been done. On Friday afternoon a number of visitors, some eight or ten in all, made a personal visit from house to house of all the immediate territory west of the Marsh Bridge, and extended a personal invitation to all to join the Sunday school and assist in the mission work generally. The more outlying districts were looked after by three visitors in an automobile, loaned by one of the officials of the church, thus ensuring the visitors to be able to quickly take in the points most distant from the bridge. The reception accorded the visitors was most courteous and many of those called upon expressed hearty appreciation of and a desire to co-operate in the work. The prospects for selling work, therefore, are most gratifying.

The programme tomorrow will take the form of a prayer service in the morning at 9:30 and in the afternoon at 2:30 the new Sunday school will be opened at an open session, at which there will be good music and a few short addresses. Music will be furnished by the orchestra from Centenary Sunday school, led by M. L. Harrison.
