The contract for paving Dock, Mil and Main streets, from the Market square to Indiantown has been given to G. S. Fisher & Co at the rate of \$1.10 per square yard. This does not include the cost of the blocks which will be provided by the city, and will cost about 35 cents per square yard, so that the total cost of the pavement will be about \$1.45. The distance from Market square to Indiantown, as laid down on the plan of St. John is 2200 yards, but this does not include the hills, which are rather numerous, so that the entire distance may be put down at 2,500 yards.
