#### Socialism Advances

Socialism is sweeping onward to victory. Every election shows that

our confidence is justified. In the recent elections in New-foundland, Secretary Grimes, of the Fishermen's protective Union, is a Socialist. He has been elected to a seat in the Newfoundland house. In Italy the elections were held on October 26th and November 2nd. They have what is known as second ary elections. As many candidates as want to run. If any candidates ceives the majority of all votes cast, he is declared elected. If no candid-ate has a majority, the two candidates who have the highest votes are voted for by the consituency the following week. So no candidate can become a member by a minority

Before the last elections, the Ital-ian Socialists had 40 members of Parliament elected by 338,685 votes out of 3,259,000 votes cast. In 1900 the Socialist vote was 175,000 in 1904 it was 320,000, and in 1900 it was 338,865. The present elections resulted in Socialist vote was 175,000 in the primary elections and 20 more being returned in the secondary elec-tions. The popular vote was 882,-280 out of a total of 4,380,000 votes. The increased total popular vote was due to the fact that manhood suffrage has been granted in Italy since 1909. The fact remains that while in 1909 the Socialist vote was a little more than 10 per cent of the total, in 1913 the Socialist vote is over twenty per cent. These are the preliminary figures. If we count re-form Socialists, the total will be in-creased by 30 members. In Great Britain the municipal el-ections have recently been held, and the result is a net rain of sixt mu-
