KAMLOUPS.

W. H. Dorman, postoffice inspector was in town on Wednesday last and left the same evening for Nicola district, via Spence's Bridge.

Wm. Burns, inspector of public schools, is in town. He is looking into various school matters affecting North

PHOENIX.

On Sunday, Nov. 12th, in the parlors. of the Hotel Ironsides, the first wedding in Phoenix was celebrated, Rev. B. H. Balderson, of Greenwood officiating. The contracting parties were W. Twist, one of the popular young business men of the town, and Florence Schubert, of Oregon

A public meeting was held in the Agricultural hall on Tuesday, 21st inst., at which it was unanimously decided to hold a patriotic concert in aid of the Mansion House fund. An energetic committee was appointed to carry out this object. The concert will be given on Wednesday, December 13th. On the Sunday previous to the concert a special patriotic service will be held in every church in the district.

LILLOOET.

Alderman R. B. Skinner of Vancouver who is interested in mining properties able it to supply dry lumber. in this district, arived in town last evening and will spend several days around this section on business.

John R. Williams who has been in the Horsefly district doing contract work for R. T. Ward, returned to town Monday, and will leave for McGillivray creek shortly to take charge of some work on the Brett group for Mr. Ward who is interested in the property.

CHILLIWACK.

On Wednesday evening Miss Ella Elizabeth Kipp was led to the altar by Mr. William Atkinson, of Vancouver, the ceremony being performed at the residence of the bride's father, Mr. Isaac Kipp, by Rev. J. H. White. The work on the Odd Fellows' Hall is

being pushed to completion as rapidly as the weather will permit. Mr. Sprott, provincial government in spector of roads, and Mr. R. F. Bonson, road foreman, came in from New Westminster on Wednesday and left the fol lowing morning to make a report on the advisability of building a road to the Mount Baker mines. They intend going

the river trail.

FERNIE. Mr. Geo. Cody has the large coal bunkers which he is erecting for the Coal Company at the coke ovens well under way, and in another day or two will have the whole of the heavy frame work completed. About 250,000 feet of timber will be used in these mammoth

The station has at last been moved from its original location in the bush at the north end of the town to a more suitable place on Baker avenue, between Jaffray and Hanson streets. The tween Jaffray and Hanson streets. The successful season and taken out a gines. The building was moved over on to the main track and one side track, the two engines hooked on and the whole has made money ever since it was built thing moved along the tracks two or some two years ago. three hundred yards in a minute or two.

REVELSTOKE.

The water in the Illecillewaet is unusually high for the time of year and is hindering the work on the new apron or the dam to some extent. The first services in the Roman Catho-

lic church on its new site were held last Sunday.

The wedding of Mr. Edwin Moscrop to Miss Annie Dore took place on Wednesday evening at the Methodist parsongroom, while Miss Glover, of this city, assisted the bride.

Lieut.-Col. Peters and Capt. Taylor on Thursday picked out a spitable rifle range for practice in the spring, an excellent range of 1.000 vards being selected on the first bench at the back of the leged participation in a stage robbery Col. Peters passing it as having no equal in the province.

FORT STEELE.

W. L. Tompkins, the new principal of the Fort Steele school, entered upon his duties last week.

The city could not possibly make a better investment than that of the few hundred dollars necessary to purchase A. D. McIntyre, of this city, pending ena site for a drill shed and armory. The Dominion government offer to put up a \$2,500 building, 50x100 feet in size if the American side. U. S. Consul Dudley city will furnish the land whereon to has been investigating the case, and bebuild .- Mail.

A company has been organized for building a skating and curling rink. Money enough has been subscribed to lar hero of certain Washington papers commence operations, \$2,400 being already secured, and the work of building will be proceeded with at once. The site is on the river bank directly above the old smelter. The rink will be 150x60 feet in size.

GREENWOOD.

Vernon on Tuesday and opened the first

GOLDEN.

The road from Athalmer to Toby Creek wagon road is 51/2 miles in length. Hon. E. W. Aylmer began this road on October 17th and completed it on the 31st of the same month,

Mr. J. L. McKay, manager of the Elk Park ranch, has a force of men building camps for lumber purposes in the vicinity of Athalmer. He intends to take out about four million feet of first-class larch and fir. The shingle mill will be a new feature in the Athalmer sawmill. The company will add a kiln, which will en-

The building of the Episcopalian rectory has been removed from Donald to Golden, where it will be erected near the present church.

VERNON.

Influential citizens intend to apply to the City Council to bring in a by-law to erect a city hall. The council will have to go to the city in a few days for authority to raise another \$7,000 to complete the waterworks system. This will make the bonded indebtedness, in all, \$42,000 -\$37,000 for the water supply and the \$5,000 to the flour mill. Another \$10,-000 would, it is estimated, provide a handsome and useful building for civic purposes, and 'the amount is not (the News thinks) one that would stand ser-

iously in the way of the scheme. Mr. McGowen, who has resigned his position as city clerk, was on Monday presented with an address by the members of the council.

Angus Campbell, of Campbell Bros., left last week for Phoenix, Arizona, where he will spend the winter months, Delicate health compels Mr. Campbell up by the Hill trail and coming back by to seek a warm climate

The Chinese population of the town has perceptibly thinned out during the past few weeks, a large number of Celestials having left for Greenwood and other points in the Boundary district.

Hay is selling now for \$15 per ton, with chances of a considerable advance in price before spring. The rapidly increasing demand in the Kootenay markets is responsible for the high
