minion Flag-Militia to Drill at Sussex.

(From a member of the Sun staff)

Ottawa, May 13.-After eighteen actual days' sittings the house this after-

noon passed its first bill, an act re-

Coal company, introduced by Sir Don-

ald Smith. The second bill to pass, a

purely local Ottawa measure, was also promoted by a belted knight, Sir Jas.

Mr. Davies today introduced a bill

to amend the Elections act by pro-

viding that only such ballots shall be

ounted as are marked on the white

disc. This legislation is intended to prevent a repetition of the ruling of

the judge in the recent recount in

Quebec West, who admitted enough

ballots marked in the blank white

space under McGreevy's name to re-

After routine Mr. Davies asked the

leader of the house if the government had been informed that Mr. Bond had

left Newfoundland for Ottawa, and did he come here by their invitation.

Honi Mr. Foster replied that the

government had no official informa

their advices were that it did not in-

Mr. Davies asked for what offence

T. J. Watters, the assistant commis-

sioner of customs, was prosecuted, what punishment was awarded by the

magistrate before whom he was tried, and as it on the advice or concur

Hon. Mr. Curran replied that the facts as alleged by the crown were as

follows: 1. The Wabash railway case-Waters re-celver from the Wabash Railway company as assistant commissioner of customs, six drafts amounting in all to the sum of \$543, which, instead of depositing at once in the bank of Montreal to the credit of the receiv-er general to the proper customs account, he converted it to his own rag. 2. The Blackwood case-Watters had a de-partmental check for \$750, dated 2nd Aug., 1893, made to his own order on pretence that it was all required to pay the expenses of Customs Officer Blackwood to England on official business. This check Watters depo-sited to his own credit. Out of this sum he paid Blackwood \$500. On Blackwood's re-turn from England he refunded Watters \$153.95 out of the \$500. Watters kept the \$250 from the 2nd August, 1893, and the \$155.95 from the 20th September of the same vear until 21st September, 1894, when on that day, after an interval of about fourteen months, he deposited the \$403.95 to the credit of the receiver general.

day, later an intervent of \$403.95 to the credit of the receiver general. 3. The Durafort case-Watters on the 10th of August, 1894, received \$214.16, money of the government, which he converted to his own use, and subsequently on the 22nd of August, 1894, he deposited an equivalent amount to the credit of the receiver general, which deposit was in part made up of checks which he had received as a departmental of-ficer from the Wabash Rallway and Maine Central rallway, and which latter checks should have been deposited to their proper account.

Watters by the magistrate before

whom he was tried Hon. Mr. Curran

said: Watters having made restitution

one year's imprisonment in the county

jail without hard labor. The minister

of justice, acting on the advice of

counsel, had intimated through him

that he considered the ends of justice

would be satisfied by the punishment

Hon. Mr. Ives, in reply to Mr. Da-

vies, made the following statement of interest to the maritime provinces:

& Black for the running of the steam

ers Duart Castle, Taymouth Castle,

Alpha, and Beta between Halifax, St.

John and ports in Cuba, Jamaica and

the West Indies had been modified and

a new contract been enterd into with

them under date of the 5th March last.

The contract has been signed. The

modified contract provides for the ser-

vices between St. John, Halifax and

Demerara via and touching at differ-

ent West India islands being continued

monthly as heretofore. It provides

for the continuance as hertofore of the

service between Halifax and Jamaica

It does not provide for a continuance

of the service between Halifax and

Cuba as heretofore existing, but it

does provide that the Jamaica service

upon notice being given to the contrac-

tors shall be fortnightly instead of

monthly, with monthly calls at a port

or ports in Cuba. It also provides

upon similar notices being given for

the running of a service between Hali-

the option of calling on the homeward

voyage at a port or ports in the Island

of Cuba, also between Halifax and

port or ports in Porto Rico, with the

option of calling at ports in Cuba, or

in lieu of this latter service, a month-

ly service between St. John, N. B., via

calling at Halifax, to a port or ports

in Porto Rico, with the option of call-

ing at a port or ports in Cuba. The

subsidy provided for under the new

contract is for the Demerara service

at the rate of \$5,000 each for twelve

monthly trips during the year, and a

further sum of \$3,000 for one extra trip each year if run. For the monthly

fax and a port or ports in Hayti, with

Jamaica service at the rate of \$15,000

per annum, if the Jamaica service is

made semi-monthly and the other services added, the rate for all such com-

bined services to be \$35,000 per an-The contract is for five years

from the 1st July next. Tenders were

not called before the modified contract

was entered into, for the reason that

contractors who are familiar with the

routes and ports to be touched at, and

who have their business connections

established, are more likely to make

the enterprise a success and of ad-vantage to Canada than new contrac-

tors would be. The contract further provides that the payment of subsidies

as stipulated is subject to its being

Mr. Cockburn wanted to know if the

government was aware that twenty millions of dollars are being expended

to open up a channel between Lake

Michigan and the waters of the Missis-

sippi at Chicago which will discharge

ten million cubiq feet of water per second from Lake Michigan thus ma-

terially affecting the level of the Can-

adian lakes and the depth of water

in Canadian harbors; that the United

States secretary of war had been peti-tioned by the Cleveland chamber of

commerce to investigate the matter at once, and that the cities along the

lower lakes are being aroused to the

danger threatening them. In view of

all this he wanted to know if the government intended to take immediate

rected an enquiry to be made as to

what probable effect the channel proposed to be constructed at Chicago

would have upon the harbors in Can-

ada and on the Welland and St. Lawrence canals, and the navigation of

the lakes. I am awaiting a reply before any steps are taken in the mat-

adjournment of the debate, and the

NEW CANADIAN FLAG.

The question of the adoption of a

nore expressive national emblem than

the present dominion flag has been dis-

cussed somewhat during the past

year. It is felt by many that the red

ensign with a single symbol to repre-

sent the dominion is much to be pre-

ferred to the present flag, which con-

tains the arms of all the provinces

grouped together in such a manner

that they are not readily distinguish-

able on a vessel when seen from a dis-

tance. Sir Donald Smith has been de-

voting some attention to this subject,

and the other day called together a

number of members of the house of both sides of politics for the purpose

of laying his views before them. The

desire of those who urge a change is

to symbolize the idea of federal unity

by substituting a single emblem as

for instance the maple leaf or the

beaver in place of the present group

of provincial arms. Those members

of the house who have discussed the

subject with Sir Donald were almost

Lady Aberdeen has been consulted

proves of the idea. Enquiries are now

being made as to the most effective

way of carrying out Sir Donald's pro-

posal. It will be necessary first of all

for our governcent to approve of the

adoption of the flag and then to seek

a fiat of the college of heraldry in

Great Britain. In order that its use

may be legalized on Canadian shirs

the approval of the imperial govern-

ment will be necessary, and a war-

rant must be obtained under her ma-

jesty's hand. The matter will be sub-

mitted to the Hon. Mr. Costigan in a

few days. A specimen of the suggest-

ed new flag was on exhibition in one

of the rooms of the house of commons today and was much admired.

NOTES.

The following corps are ordered out

for drill commencing June 25th: At

Sussex-8th cavalry, Brighton engi-neers, 73rd and 74th battalions.

gimental camps, the regiments order-

ed out being the King's Canadian

hussars, 72nd, 78th, 93rd and 94th bat-

STATISTIC REPORT OF

HEFORTS. Halifar, NS, May 10-The Furness line str Halifar, City arrived from London this morning. Capt Newton reports, April 29, passed the derelict, ship Bigitte in lat 50N, lon 16 W, from May 3 to 6. Had terrible W to SW gales, with high seas. The cap-tain says he has not met such gales for 18 months. Had fine weather across the Banks to Halifar; passed three leebergs in lat 47.45 N, lon 46 W, but met no other ice. The steamer has a lot of shells and ammunition in her hold and the pitching broke them loose, causing considerable anxiety, but they are all right

should have been deposited to their proper account. 4 The Maine Central Railway case—Simi-lar to the Wabash railway case. Watters re-ceived five checks of \$25 each, which he con-verted to his own use. 5. The Grand Trunk Railway case—Wat-ters received \$80 from the Grand Trunk rail-way and converted it to his own use. 6. The Watson case—An advance of \$25 was made by the customs department to officer J. H. Watson to meet certain travelling ex-penses. This amount was subsequently paid over to Watters, who, instead of depositing it to the credit of the receiver general, con-verted it to his own use. As to what punishment was awarded Watters by the magistrate before Firths, marriages and deaths oc-

curring in the families of subscribers will be published FREE in THE SUN.
