THE TURF.

The St. Stephen Races. (From a Member of The Sun Staff.) St. Stephen, N. B., Aug. 27.—The races here this afternoon excelled those held at Calais in every way. The weather was perfect, the track in excellent condition, and the racing more exciting than that of Tuesday. The attendance was large and the spectators seemed full to overflowing with enthusiasm. The 2.20 race was, of course, the magnet and it was declared by everybody the greatest race ever seen in this province, or state of Maine. While Maud K. was out of it, there were two new starters in it, Winnie L., a trotter, and Nomanee Prince, a pacer. Great things were expected of the former, but she failed to get better than second in any heat, despite Gus Taylor's desperate efforts

was not in good condition, which accounts for his bad showing Arclight, who sold dirt cheap in pools last night, won the race in grand style. Everything was against him. He was in no such condition as the other horses, which have been in racing form almost since the snow left the ground. The St. John people present cheered Archight for all they were worth and many people, residents in the border towns joined in the cheering, having been won over by the grand performance of the

horse. Mr. Fowler, owner of the victor of the big race, is the proudest man here tonight, and Mr. Willis, who drove Arclight, is being congratulated on all hands. Arclight lowered the track record in the fourth heat, which was finished in 2.21 3-4. It was 2.24 1-4, finished in 2.21 3-4. It was 2.24 1-4, and was made by Brazillan several years ago. Paul T. won the first two heats, in which Arclight finished third. Mr. Willis wisely holding the son of Rampart back, Winnie L. got second in each of these miles, but she had little to boast of, Arclight being right

up on her each time.

In the third Mr. Willis started out to win and win he did. He sent Arclight well in advance of the party. The black horse was never headed and won quite handly in 2.23. With the pole Arclight shot off ahead at once in the fourth heat. A break set him back to second place, Paul T. going into first. The pacer did not enjoy the eadership long, however, for Arc-light was again to the front at the half. From there out he kept well away from the other horses and won the fastest heat in the race—2.21 3-4. Arclight was never headed in the fifth heat, winning quite easily with Winnie L. second and Hamlet, third.

class at Calals. Haley, who recently purchased Jock Bowen, drove him the first two heats and almost succeeded in losing the race. J. F. D. was in good shape and secured both these heats. He would have collared the third but for the fact that a tire came off his bike. John Morraty, who was behind Bowen this time, sent him in a winner and then won the part two a winner and then won the next two Almonte Charta did not show up well till the last heat, when he got second, and Nellie Bly was away off. Particulars of the Bridgetown Races. Bridgetown, N. S., Aug. 27.—The races yesterday were held under very unfavorable circumstances, as the heavy rains during the day before had made the track heavy, and horsemen agree that it was in consequence not less than ten seconds low. In spite of this, however, there was some exceedingly good work done, especially by Warren Guy and Katrina. Warren Guy has a record of 2.25 and Katrina 2.241-2, but it was plain to be seen yesterday that Warren Guy was the fastest troiter. He won his race easily in three straight heats and before the season is over he will undoubtedly have the fastest record in the province. The following is the score:

2.50 Class.

Readville, Aug. 27 .- A large crowd of spectators saw a good day's racing today. The star attraction was Joe Patchen's effort to reach the world's record of 2,001-2. Owing to the wind the trial was delayed until six o'clock, and then there was still a stiff breeze that probably added one or two seconds. The record was not broken, but the time made was very fast, the quarter being passed in 31; half in 1.01.1-4; three-quarters in 1.31, and the
