## How Red Rose Tea is Grown

TEA is a native plant of Northern India. Transplanted to Ceylon it lost much of its strength and richness, but gained in fragrance and delicacy. That is why Ceylon tea is not a strong tea. That is why I blend Indian and Ceylon teas together—that is how the strength and richness, fragrance and delicacy of Red Rose Tea are secured—that is why Red Rose Tea has that "rich fruity flavor."

## W. C. T. U. GATHERING ENDED LAST NIGHT.

### Delegates Ask for Compulsory Education.

### Union With Prince Edward Island Endorsed—Able Addresses and Votes of Thanks to St. John People.

Yesterday's session of the Women's Christian Temperance Union opened with a consecration service led by Mrs. McLeod, Newcastle, at 9 a. m. The reports of the superintendents were then read. Mrs. McWine of St. Stephen read the report of work done in aid of the Francis Willard home at Toronto. Mrs. S. Hayden Shaw read an interesting report of the work among lumbermen and raftsmen. Mrs. Cotter read a report on the work among the militia. A report on systematic giving was read by Mrs. Charlotte M. Lawson and on the Dominion World's Mission by Mrs. A. G. Adams. The following contributions to the mission have been received: Campbellton \$10.00, Woodstock \$3.00, Fredericton \$1.00, Lower Millstream \$1.00, St. John West \$1.25, St. John North \$1.00, Chatham \$2.00, Diebald \$2.00, Dalhousie \$2.00, Moncton \$1.10, St. Martins \$1.00, Sackville \$1.00, St. John \$3.00. The election of officers resulted as follows: President, Mrs. Dr. Gray, Fairville; Vice-President, Mrs. McLeod, Newcastle; Corresponding Secretary, Miss Nellie Asker, Campbellton; Recording Secretary, Mrs. Herbert McDonald, Chatham; Treasurer, Mrs. Carrie Robinson, Fredericton; Auditor, Mrs. Gillman, Fredericton; Recording Financial Secretary, Mrs. Miles, St. John. The new officers were introduced and very kindly greeted. The hymn "Blessed be the tie that binds," was sung. A vote of thanks was extended to Mrs. C. A. Lindow of St. Stephen, retiring president, who has filled that office in such a satisfactory manner the last few years. AFTERNOON SESSION. In the afternoon meeting the time was largely taken up with routine work. The most important matter brought up for discussion was the petition drawn up by a W. C. T. U. committee favoring a compulsory school law to be presented to the board of education at Fredericton. This petition was presented to the conference by Mrs. Dr. Sprague, who was chair-

man of the committee. After some discussion it was unanimously decided to present the petition to the provincial school board for their consideration. The petition asks that steps be taken at once by the board in the direction of a compulsory school law. The convention also discussed the amalgamation of the New Brunswick and Prince Edward Island conventions, and they declared themselves in favor of union by a unanimous vote. The island convention took this step last year and made the offer of amalgamation to the New Brunswick convention. A committee composed of Mrs. Dr. Sprague, St. John; Mrs. McLeod, Newcastle; and Mrs. Dr. Gray of Fairville, were chosen to confer with three delegates from the P. E. Island convention to complete a constitution and by-laws for the New Brunswick and P. E. Island convention, which will meet next year, the date and place to be settled by the executive. Mrs. James McAvilly read a very instructive paper on hygiene and heredity. The most important resolution brought in by the plan of work committee was one to run a W. C. T. U. column in the press during the coming year. After some discussion it was decided that a weekly column should be printed in the St. John Sun, and Mrs. S. D. Scott was chosen as its editor. The delegates chosen to attend the next Dominion convention were: Mrs. Lindow (president), Mrs. Troy of Newcastle, Mrs. Rudbeck, St. Martins; Mrs. Weyman, Millstream; Mrs. Miles, St. John North, and Mrs. S. D. Scott. EVENING SESSION. The evening session, which began a little after eight, was largely attended, the audience being made up chiefly of ladies. After Scripture reading and prayer Mrs. Katherine Lent Stevenson was called on. The speaker took for her subject "The Throne of Industry," and she was followed throughout her address by the audience with intense interest. At the close of the address Mrs. Stevenson was presented by the president with a beautiful bouquet of white carnations from the convention. In accepting the gift she made a brief reply. The retiring president, Mrs. Lindow, was then presented with a similar bouquet from the convention. A solo was rendered by Mrs. Laura Miles, accompanied on the organ by Miss Muriel Hawkhurst. The banner annually presented to the union showing the largest increase in membership for the year was presented to the Campbellton Union, through a delegate present at the convention. The Y. Union banner, won by the north end Y, was next presented. Finally the press medal won by Miss McKindrick of Campbellton was presented. Resolutions were then passed thanking the St. John people generally for the courtesy extended to the delegates during their visit here, and the convention closed with the usual W. C. T. U. closing ceremonies, and the singing of "God be With You."

## MANY WERE AFTER FACTORY INSPECTORSHIP

According to all accounts there was some great hunting for the position of factory inspector, which on Wednesday was awarded to ex-Ald. John McMullin of Indiantown. There was some pulling in all directions, and the result has been that so many good liberals failed to get the job that there is some trouble in the ranks. The local members were at their wit's end, scarcely knowing who to favor or recommend, for most of the applicants had equally strong claims. Instead of there being seven or eight scorchers after the position, as was stated by Dr. Pugsley, there were fully a dozen. Some of these, it was seen from the first, had no show at all, and were dropped from the list. The attorney general and Hon. Mr. Sweeney were chosen to make the appointment, and their consideration was given to the influence put forth by the following: James Cochrane, employed with Sayre & Holly; Altham Cowan, millwright in Cushing's mill; George Mullin, clerk in Kierstead's grocery; and Mr. McLeod, who had some experience in the Mabee woodworking factory. Alexander Wilson, machinist, Carleton Place; Thomas Logan, at one time engineer in No. 5 fire station and now in No. 2 station; Capt. Rawlings, county constable on duty at Bay Shore; Peter C. Sharkey, in employ of I. C. R. freight depot; Michael Kelly, longshoreman, and a member of the factory commission; James Bourke of St. Martins. The contest was soon narrowed down to George Mullin and John McMullin, with the odds in favor of Mr. McMullin, as he had all the county members at his back. But Mr. McMullin, whose application had been the last one sent in, came up strong at the finish and got the job.

### THE INSPECTOR'S POWERS.

According to the factories act the duty of the inspector is as follows: "To enter, inspect and examine by day or night any factory; to examine any documents required to be kept under the act; to engage the services of a constable when necessary; to see whether the provisions of the act are complied with; to take evidence from any employer under oath if necessary; ask for any required information from proprietors of factories; secure authority from the lieutenant governor or a justice of the peace for entering a factory without the consent of the owner."

### IT PAYS TO ADVERTISE

An Oklahoma girl advertised for a husband, and got him. The total expense for advertising, wedding outfit, etc., was \$11. He died within a year, leaving her an insurance policy of \$10,000. And yet some people claim that it doesn't pay to advertise.

### Ugars' smooth edges on collars and cuffs are being talked about.

### Had Diarrhoea so bad he had to give up work.

HAVE YOU EVER BEEN IN THIS POSITION?

If you have not been, but ever do be, remember that Dr. Fowler's Extract of Wild Strawberry is nature's specific for all Bowel Complaints. It has been on the market for 60 years. Surely this is reputation enough as to its efficacy. Mr. Henry Voll, Carthage, Ont., writes: "I have used Dr. Fowler's Extract of Wild Strawberry with the best of results. Last summer I had the diarrhoea so bad that I was unable to get up, and I cured me entirely. I can recommend it to all who are troubled with diarrhoea."

Be sure and ask for Dr. Fowler's, and take no substitute. All dealers sell it.

BISHOP VAN DE VYVER, the Roman Catholic prelate of Richmond, Va., who is expected to be made Archbishop of New Orleans in succession to Archbishop Chappelle, who fell a victim to yellow fever. Bishop Van de Vyver is now at the Vatican on a visit.

## HERBERT FLEET IS BOUND TO GET HURT

Herbert Fleet, the Western Union messenger boy, seems determined to get into trouble. Some months ago he fell over Leonard's wharf and had his head very badly hurt. It was scarcely healed when, while riding his bicycle on Prince William street, he ran into a man, the wheel slipped, and he was thrown head first to the pavement. The old wound re-opened and Herbert went to hospital.

## MINARD'S LINIMENT COMPANY REORGANIZED

HALIFAX, N. S., Sept. 7.—The Minard's Liniment Company, which manufactures liniment of that name at Yarmouth, has been purchased and incorporated by a syndicate of Nova Scotia capitalists. The syndicate consists of George Stairs, R. E. Harris, president of the Nova Scotia Steel and Coal Co., W. M. Atken, W. B. Ross, D. W. Robb and some Toronto men, a group who have been associated in various large enterprises in this province. The idea is to extend the operations of the company to the Northwest. The factory will likely be retained at Yarmouth.

## BEAR INVADES SACKVILLE.

SACKVILLE, N. B., Sept. 7.—The choral union of the deanery of Shediac held its annual service Wednesday afternoon at Trinity Church, Dorchester. Thos. Murray, the genial town clerk, returned Monday from a pleasant trip to Rockcliffe, near Ottawa, where he went to meet an uncle, James Slater, whom he had not seen for 20 years. Mr. Slater, who holds an excent position with the C. P. R., is a crack shot and expects to be one of the Bixley team to visit the old country next year. A big bear is reported as having been seen near Charles Pritchard's house at the head of York street, Sunday. A number of sportsmen with guns went in pursuit, but so far have found nothing more than his tracks. Frank McKoon of the Anglo-American Telegraph office, who has been ill, was sufficiently recovered to leave for his home in Charlottetown Tuesday. A somewhat singular circumstance was the fact that in the house where Mr. McKoon was boarding, the maid was taken ill the same day as himself with the same trouble, hemorrhage of the lungs. The girl's brother is expected today and when able to bear the journey, she will return to her home in Newfoundland.

## ST. FRANCIS XAVIER'S JUBILEE OVER.

ANTIGONISH, Sept. 7.—The celebration of the golden jubilee of St. Francis Xavier College closed this evening, having met with great success. The programme opened to-day with a mass meeting in the college rink which was addressed by the visitors upon whom the college conferred the honorary degree of doctor of laws. Rev. Dr. Thompson, rector of the college, presided. The first speaker was Dr. A. H. MacKay, chief superintendent of education for Nova Scotia. He warmly congratulated the college on its progress. Prof. Torrey of McGill in speaking for that university held out the unity of education for all Canada as the ideal goal towards which Canadian institutions of learning should strive. He would like to see one great university in Canada. President Forrest spoke for Dalhousie and Rev. Dr. Kierstead for Acadia University. The other speakers included Rev. Dr. Falconer, principal of Pine Hill, Rev. Dr. Teasdale of St. Joseph's College, Rev. Dr. Emery, president of Ottawa University and Prof. Solomon of the Normal School, Judge Longley and Hon. R. L. Borden. Lunch was then served at the college to the visitors. Bishop Cameron presiding. The feature of the function was the presentation of a handsome cheque to Rev. Dr. Thompson. The feature of the athletic games and sports held was the exhibition throw by Simon P. Gills of New York of the twelve pound hammer a distance of 133 feet 8 inches, breaking his own exhibition record at Sydney by several inches. Most of the visitors left for home this evening.

## EDWARD F. COLE ON TRIAL FOR MURDER

PORTLAND, Me., Sept. 7.—The case of Edward F. Cole, charged with the murder of John E. Steves at Portland, Me., April 12, was today considered by the grand jury of the superior court sitting in this city. The case was submitted to the grand jury by two men seen at the time in the vicinity of the murder, were heard. At a hearing in the municipal court last May, counsel for the defendant submitted evidence and Cole was held for the superior court. Since that time both the state and the defense claim to have gained evidence which will strengthen their respective cases. The nature of this evidence is not disclosed.

## YELLOW FEVER STRIKES NURSES.

NEW ORLEANS, Sept. 7.—Report on the yellow fever situation to 8 p. m. New cases today, 25; total to date, 2,177. Deaths today, 6; total, 304. Cases under treatment, 308. Cases discharged, 1,186. There are several names in the list of new cases today which are out of the ordinary. One is Father Green, of the Jesuits College and another is sister Emily, the Superior of the Hotel Dieu, a convent at Yarmouth, conducted by the Sisters of Charity and which has had quite a number of cases of fever. George W. Knott, Jr., son of the President of the Citizens' Bank, is another case. There is a case reported from a revenue cutter lying at the foot of Esplanade street near the U. S. Barracks.

## MORE TROUBLE AT LOCH LOMOND.

The Italians on No. 1 section of the water works extension who have been on strike since Monday last night agreed to go to work this morning. The two hundred feet of stave pipe which was floated will probably all have to be taken up and relaid. The flow from Lake Lettner to Little River has been shut off since Monday and is not likely to be reopened as with the recent rain the reservoir is now overflowing. The work on the whole four sections is getting on well. P. J. Mooney said yesterday that their sections 210 men were employed.

## NO SALE FOR N. S. RAILWAY BONDS.

HALIFAX, Sept. 7.—The subscription for the bonds of the Nova Scotia Eastern railway, which was to be built from Halifax to the Strait of Canso, and from New Glasgow to Country Harbor, has proved a complete failure. An issue of \$4,000,000 five per cent. first mortgage bonds was offered in London at 92-1/2. It is stated that not \$5,000 was subscribed for in response to the elaborate advertisements in the London papers. The dominion government had granted to the company a subsidy of about \$4,000 per mile and the local government of \$5,000 per mile. Hon. J. R. Stratton of Peterborough is president of the company and J. W. Grier of Montreal vice-president. The people in eastern Nova Scotia believed recently that the money for the enterprise was assured.

## ACTION AGAINST DIRECTORS OF YARMOUTH BANK.

HALIFAX, N. S., Sept. 7.—A writ was issued yesterday in the suit of W. E. Staver, liquidator of the Bank of Yarmouth, against John Lovitt, S. A. Crowell, Augustus Cann, J. Bradford Cann and J. Leslie Lovitt, directors of the bank, for a declaration that the defendants were guilty of a breach of trust and negligence as directors and for payment of money lost by said bank. The amount is about half a million dollars. The suit is in the interest of the shareholders to seek to recover their losses from the directors. A call has been made for the double liability.

## SALVATION ARMY WEDDING.

Two Captains Wedded in Carleton City Hall Last Night.

A very pretty wedding took place in the City Hall, West side, last evening in which Capt. Ogilvie was united in marriage to Capt. (Miss) McDonald of Fredericton, by Lieut. Col. Sharp of St. John. The bride was attended by Capt. Brace of Indiantown, the bridesmaid being supported by Capt. White of Prince Edward Island. After the ceremony a supper was served in the Carleton barracks, all of the city officers being present. A large number of beautiful presents were received. The happy couple will leave tomorrow morning on their wedding tour through the Annapolis Valley.

## YELLOW FEVER ON TUSKET SCHOONER.

YARMOUTH, Sept. 7.—Capt. Byron Abbott of Yarmouth, who went to Maracaibo to look after the wrecked schooner D. J. Melanson, which is owned by Blauvelt Bros, Tusket, and which her master, who arrived at Yarmouth two weeks ago, said would be condemned, writes that the vessel has been ordered home for repairs. Yellow fever attacked the crew of the vessel, and among those who died are Mate Solomon Sarrate of Tusket Wedge, Isiah Doucette, Tusket Wedge, and John Sollova, Freeport. John Sealey fell over the side of the vessel and was drowned and another of the crew, named Buchie, was dying of fever. Capt. Josiah Saunders of Hebron will navigate the Melanson to Yarmouth. The cargo remains at Maracaibo.

## SCHR. G. L. TRUNDY FOUNDERED THURSDAY.

BOSTON, Sept. 7.—Captain Barton, and crew of the three-masted schooner Gertrude L. Trundy, plaster laden, from Hillsboro for New York, were landed at Rockport, Mass., today by the Gloucester schooner Volant. The Trundy foundered 35 miles east-northeast of Gloucester Island yesterday. The vessel struck a gale off Matinicus, Me., on Sunday night, sprung a leak and was dismantled. All hands were rescued by the Volant just before the vessel sank. Mrs. Barton displayed heroic action in assisting and cheering the crew. The schooner is owned by G. C. Blackburn, New York.

## SIR WM. McDONALD AT KINGSTON.

It was through the generosity of Sir William Macdonald that the Kingston Consolidated School was established. Sir William visited the school for the first time yesterday since it was built. Sir William was accompanied by Prof. Robertson. They reached the school late in the afternoon, just as the first day's work of the Kings County Teachers' Institute was about closing. This arrival was a complete surprise to Principal Hamilton. Sir William was well pleased with all he saw, particularly the splendid condition in which he found everything. Today the visitors will have an opportunity of seeing the pupils at work, and on Saturday morning they will cross the bay, where they will inspect the Macdonald school at Middleton.
