CARLETON

Mill Establishment,

IN THE CITY OF ST. JOHN,
GREATLY IMPROVED.

Honesty, Economy, Industry and Punctuality.—BE DILIGENT IN BUSINESS.

Logs, Logs, & Timber.

WANTED for the said Mills, 4,000,000 feet Spruce and Pine LOGS, for a summer and winter supply, for which the highest market prices will be given. Also, 2,000 tons refuse PINE TIMBER, of all lengths and sizes.

The above Mills are now in perfect order to cut any quantity of Ship Plank, of all lengths and thickness, & Scantling of any dimension to the extreme length of 57 feet, if required. They are also prepared to manufacture any other description of lumber that may be required, including the produce of the Circular Saws, such as Shingles, Lathe, Staves, Palings, &c. All orders will be executed at the shortest possible notice, and on the most reasonable terms.

The subscriber having just fitted up a second gang of Saws, on the most improved principle, with the best machinery, by a first-rate Machinist, is now prepared to manufacture 400 to 500 shiping Deals per day, or 100,000 superficial feet pr week.

These fine Mills are situated in the City of St. John, amidst ships and wharves, and directly opposite and within hail of the mooring-ground, and by which Deals and other descriptions of Lumber can be cut and passed clear and unsoiled directly from the saws into the vessels, as well as in the months of January, February and March, as in June and July.

N. B.—For all orders that the subscriber may be favoured with, either from England, Ireland or Scotland, for Cargoes of Bright Deals, British Goods will be taken in part payment.

Flour and other Produce of the United States, will be taken in payment for any articles of Lumber that may be required from the Establishment in that quarter.

Log and Timber cut at the halves, or on reasonable terms, at the shortest notice, either in summer or winter.

The spacious Pond in the rear of Mills, is one of the safest places of deposit for Timber and Logs in the world, and is capable of containing at least 15,000,000 feet. The use of the Divisions and Coves of the said Pond are offered gratis to all persons either in Saint John, Fredericton, Woodstock, or on any part of the river St. John, who may have Logs on hand; and the said Logs will on deposited can be cut at the halves, or on any other reasonable terms, at any time when it may best suit the interest of the owner.

The alterations and improvements in the Grist Mill are completed, and persons importing Grain and who are engaged in the Flour trade, can have the use of it, either in the summer or winter, for a mere trifle.

As fresh Oatmeal is so much required at all seasons of the year, by people of all ranks in society, both in town and country; the subscriber, having got through with the improvements in the Grist and Saw Mills, intends forthwith to prepare for the manufacture of that article. Should he succeed in the attempt, he proposes in order to save time, to give in exchange, without a moment's delay, for Oats brought to the Mill, fresh Oat and Indian Meal, Flour, American Produce, Groceries, Dry Goods, or any articles that the Establishment may produce.

LUMBER, SHINGLES, LATHS, Palings, &c. &c. always on hand.

N. B.—All the articles manufactured in this establishment are warranted to be done in the very first style of workmanship.

☞ Persons not in circumstances to purchase fuel these hard times, to keep them warm through a long and dreary winter, can have it *gratis*, by taking it away.

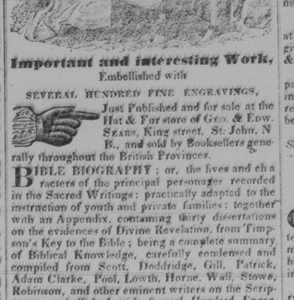
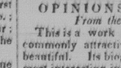
CHRISTIAN FATHER'S PRESENT TO HIS FAMILY.



Important and interesting Work.

Embellished with

SEVERAL HUNDRED FINE ENGRAVINGS,



Just Published and for sale at the Hat & Fur store of GEO. & EDW. SEARS, King street, St. John, N. B., and sold by Booksellers generally throughout the British Provinces.

BIBLE BIOGRAPHY; or, the lives and characters of the principal personages recorded in the Sacred Writings; practically adapted to the instruction of youth and private families; together with an Appendix, containing thirty dissertations on the evidences of Divine Revelation, from Timpson's Key to the Bible; being a complete summary of Biblical Knowledge, carefully condensed and compiled from Scott, Doddridge, Gill, Patrick, Adam Clarke, Pool, Lowth, Horne, Wall, Stowe, Robinson, and other eminent writers on the Scriptures; embellished with *Several Hundred Engravings on Wood*, illustrative of Scriptural scenes, Manners, Customs, etc.

OPINIONS OF THE PRESS.

From the New-York Evangelist.

This is a work possessing many novel and uncommonly attractive features. Its appearance is beautiful. Its biographical sketches embrace the most interesting incidents and events in the lives of the principal personages of the Scripture History woven together in a pleasing and sprightly narrative, and faithfully accompanied with excellent practical lessons. Its chief claim, however, to popularity, consists in its multitudinous pictorial embellishments.

Something like five hundred engravings on wood are contained in the volume, many of which are costly and elegant, and in a high style of art, and none discreditable to the theme or the work. These relate to numerous ancient and oriental customs, scenes, manners, history, &c., and while they add great spirit and interest to the objects which they illustrate, form of themselves a pleasing and profitable study. The work is a rare combination of the useful and attractive—adapted at once to engage the attention and affect the heart. We should regard its possession by families—whose children may obtain from its striking representations of Scriptural truths and events lasting impressions of their reality—as highly desirable. The Appendix contains thirty brief but comprehensive and excellent essays upon the Evidences and Archæology of the Scriptures, which add greatly to the value of the work, as designed for the instruction of youth and families.

From the United States Literary Advertiser—A work of considerable attraction and value has just been published by Mr. SEARS, of this city, entitled "*Bible Biography*," comprising the history of the lives and characters of the leading personages mentioned in Holy Writ. This volume should unquestionably find a welcome at every fireside throughout the country; its contents are as interesting, as they are important and instructive, and the publications editor has, by the aid of numerous pictorial embellishments, contrived to present us with one of the most attractive and at the same time useful books that have appeared this side the Atlantic. We trust the religious community at large will appreciate the work, and reward the liberal enterprize of the Publisher.

From the Boston Daily Mail.—"We cordially recommend this excellent book."

From the Boston Mercantile Journal.—"We can cheerfully recommend it to the notice of every Christian Parent, as a beautiful gift book to pre sent to his family."

The following recommendatory notice of this invaluable work, is from the Rev. W. C. Brownlee, D. D., of New York city:

"The second and third volumes are greatly superior to the first, both in regard to the execution of the plates, and in regard to the subjects selected. They are less imaginative and fanciful pieces, and abound more with real views of lands, mountains, and cities. Hence this work has a distinguished historical and antiquarian value. It is a very beautiful and rich publication, well calculated to attract youth, and all persons of taste, to the study of Biblical scenery and antiquities. We have been reading it with deep interest, as a work calculated in our opinion to promote Biblical knowledge—pleasing to the scholar, delightful to the christian, and tending to soften and correct the prejudices of unbelievers. He who possesses this work, has in fact, the substance of a little library on the scenery and antiquities of Scripture History."
