THINGS OF VALUE.

The only way to keep people from knowing your age is to move every year.

You need not cough all night and disturb your friends; there is no occasion for you running the risk of contracting inflammation of the lungs or consumption, while you can get Bickel's Anti-Consumptive Syrup.

This medicine cures coughs, colds, inflammation of the lungs and all throat and chest troubles. It promotes a free and easy expectoration which immediately relieves the throat and lungs from violent attacks.

Why do women think that little waists are becoming? Everybody knows that a little waist is a deformity, like a Chinese woman's foot.

Every second finds a lot of people to stand by him.

THE DRUGGISTS OF THE STOMACH, LIVER and blood are speedily removed by the active ingredients of the medicine entering into the composition of Farmalee's Vegetable Pills. These pills act specifically on the deranged organs, stimulating to action the dormant energies of the system, thereby removing disease and renewing life and vitality to the afflicted. In this lies the great secret of the popularity of Farmalee's Vegetable Pills.

There are so many unjust kicks made that when a man takes with justice it doesn't receive the consideration that it is due.

Every man thinks he is something of a weather prophet.

As FARMALEE'S VEGETABLE PILLS contain Mandrake and Dandelion, they cure Liver and Kidney troubles with certainty. They also contain Root and Herb which have specific virtues truly wonderful in their action on the stomach and bowels. Mr. E. A. Calverton, Shakespeare, writes: "I consider Farmalee's Pills a remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

All the average man wants is an opportunity to make a fool of himself.

Each party to a marriage likes to have it said that he was "caught" instead of that he "made a catch."

A DINNER FILL—Many persons suffer excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, instead of being a healthy nutriment it becomes a poison to the system. Dr. Farmalee's Vegetable Pills are wonderful correctives of such troubles. The correct remedy, open secretions and convert the food partaken of into healthy nutriment and are just the medicine to take if troubled with indigestion or dyspepsia.

Money is so hard to earn it is a wonder that people don't stop experimenting with it after they get it.

A man who is not married can make a change, but a married man can't.

The Coughing and wheezing of persons troubled with bronchitis or the asthma is excessively harassing to themselves and annoying to others. Dr. T. B. HARRIS' Cough Cure cures all this entirely, safely and speedily, and is a benign remedy for lameness, sores, injuries, piles, kidney and spinal troubles.

Every young man who gets married is, according to the women, the best of the boys in his family.

Mother Gray's Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

Occasionally you hear a man say he is tired of "notoriety." Don't you believe it.

The new-fangled medicine, Holloway's Corn Cure removes all kinds of corns, warts, etc.; even the most difficult to remove cannot withstand this wonderful remedy.

Poetry is popular for no other reason than that every person has written some.

PEOPLE OF THE COUNTRY.

Few of Them Have Learned Anything From Nature.

For the stability and righteousness of our government we are accustomed to think we must pin our faith on the country people who live "near to nature's heart," writes Mrs. Lynam Abbott in the Ladies' Home Journal, the first of a series of "Peaceful Valley" papers which picture life in an ideal rural community. "But how many of them," she says, "seem to have learned anything noble from her? Her beauty does not refine them, her honesty does not incite them to thoroughness, her free-handedness does not inspire them to generosity—they become narrow and sordid in the midst of grandeur and liberality. They imagine there can be nothing in life but work or play, toil, or rest, and they feel a contempt for those who play and rest. They have never learned to mingle work and play, toil and rest in due proportion, and they cease to find any pleasure in life unless they abandon work altogether. Like the tired woman who wrote her own epitaph, they fancy heaven a place where they can do nothing forever and ever."

This view of life makes loafers in the village as it makes them in the cities. When a different spirit has found room to grow, a new order of living prevails. Life

An Historical Deed.

Charles Loeffler, the veteran door-keeper to the President's room, has a new desk. The old one had served him over twenty-eight years. It was an old desk when it was first turned over to Loeffler. It had been an intimate acquaintance of President Lincoln, and in stirring times would have absorbed many things that it been human.

At the old desk thousands of prominent men have set to write cards to send in to the President. Cabinet members have sat at the desk and written their names for autograph seekers. Great men have congregated around it and talked over matters of the highest importance. It is an old flat top desk, with a single row of pigeon-holes the lower part containing drawers. It is probable that the desk will be preserved. Loeffler would like to keep it for himself as a companion which has served him faithfully so many years.—New York Tribune.

CANCERS and TUMORS

When we get our symptoms we secure the advice of our (ancient) specialist, who has probably carefully studied more cases of cancer and tumor than any other physician on this continent.

If he thinks his treatment will cure you, he will write you his personal opinion, telling you so frankly and candidly. Our cancer specialist never advises the use of his treatment unless he thinks it will give patients such satisfaction as will lead them to recommend it to their friends. He often suggests means for relieving the pain, and making charge whatever, and it is a course of treatment in which the total cost (including personal attention by mail), is less than \$2.00 a week.
