

BOSTON OPERA COMPANY GIVES MUSICAL TREAT

The Attendance Should Have Been Larger—Finely Rendered Programme Really High Class.

What's the matter with St. John? One would suppose that a community having so few opportunities for the enjoyment of really high class music would turn out in respectable numbers when such a program is offered...

The musicians are fewer in number than on their last tour. There are only five, including the pianist, two of whom are making their first visit to this city...

The program was almost all English—the exception being one of Mme. Scotney's numbers and the brave attempt by Mr. Ramella to weave his Italian tongue into the tritones of "Martha"...

Mr. Ramella, lyric tenor, has also a great range, sings with perfect ease and possesses a voice of more than ordinary sweetness. While all of his selections were enjoyable, perhaps the most effective piece of work was the duet with Miss Scotney in the second act of "Martha" with which the concert concluded.

As for Miss Scotney herself little need be said for everyone remembers all about her. She looked perfect, she sang with absolute ease, she was quite at home with her audience, and although tired after a rather trying trip from Newfoundland, she was most generous in responding to the enthusiastic encores following all of her numbers.

Her voice is better than ever and she knows more about singing than on her last visit. Mr. White was greeted as an old friend. He was in excellent voice and was heard to fine advantage in his opening number, the well known aria "She alone charmed my sadness" from the "Queen of Sheba." His group of songs, "The Caravan," "My Little Woman," and "King Charles" were also particularly well rendered.

The accompaniments throughout were satisfactorily looked after by Mr. Kelly. This evening the program will consist very largely of operatic selections and includes four well known numbers in addition to groups of songs of a less pretentious nature. There should be a full house. The singers deserve a more cordial welcome than was accorded them last evening.

Heart and Nerves Were Bad. Could Not Sleep.

To the thousands of people who toss on a sleepless pillow night after night, or who pace the bedroom floor with nerves on the jump, the heart action all wrong, and to whose eyes sleep will not come, Milburn's Heart and Nerve Pills offer the blessing of sound refreshing slumber, as they restore the equilibrium of the deranged nerve centers and correct the wrong action of the heart.

Mrs. Charles Teed, Horncastle, Ont., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills did for me. My heart and nerves were so bad I could not sleep, and the least noise or excitement would make me so that I used to think I was going to die, and I would tremble until I could hardly stand. I took doctor's medicine, but it did not do me much good. At last I tried Milburn's Heart and Nerve Pills and can certainly say they did me a great amount of good. I can recommend them to anyone who is suffering as I was."

Milburn's Heart and Nerve Pills have been on the market for the past twenty years, and have done more to steady shaky nerves and strengthen weak hearts than any other known preparation. Price, 50 cents per box, or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Montreal, Canada.

SUGGESTIONS TO IMPROVE THE STREETS

Citizen Believes That Wooden Blocks on Concrete Foundation Would Give Satisfactory Results

The tender of E. Mooney & Sons for the paving of Main street from Paradise row to Acadia street was accepted by the city commissioners at their meeting yesterday, the cost to be \$36,797.25. There were five other tenders submitted, but that of Mr. Mooney & Sons was the lowest.

Before the tenders were approved a delegation of citizens, particularly from the North End, waited on the commissioners and asked that the surface of the new roadway be of other materials than granite block. Vitrified brick seemed to be the material generally favored, but the merchants said they were not decided on any particular kind of paving but they desired to have the roadway as free from noise and dust as possible.

The delegation was composed of F. S. Thomas, C. T. Jones, Percy Rising, R. T. Worden, H. C. Green, Cuthbert Morgan, W. C. Jordan and J. Brennan. Mr. Thomas acted as spokesman for the delegation and stated that all the members wished was some more suitable material than granite blocks to be used. He explained that the noise of vehicles and traffic in the street would hurt business and it was almost impossible to keep such a pavement free from dust and dirt.

Mr. Worden objected to the granite on account of its smoothness and lack of footing for horses. Mr. Green stated that two of his horses had been seriously injured on the pavement in the Mill street hill. Commissioner Pettit thought that in view of the fact that the order for the work had passed the council about two years ago it was rather late to lodge a protest.

C. T. Jones said that the paved hills reduced the hauling strength of a horse to 1,500 lbs. where formerly they could pull 3,000 lbs. The King street paving had been more satisfactory. He urged that some special effort be made to have the street right. He also suggested that the fountain in Market square be moved to the northern side of the grass plot. Percy Rising spoke of the disadvantages of the granite block pavement and pointed out that it was almost impossible to keep stock in proper count on a pavement similar to King street would be suitable either.

It was then suggested that bricks be used, but Mr. Jones said that bricks would be as bad as the granite. Others thought that a wooden block pavement on a good concrete base would be satisfactory. When the matter was taken up in council again Mayor Frink referred to the matter of a wooden block pavement on a concrete base but there was no support and the motion to award the contract to E. Mooney & Sons at the price mentioned was then passed.

A Suggestion. After the meeting yesterday a Standard representative spoke with several citizens in regard to the different styles of pavement that would be suitable in St. John. One citizen who has had considerable interest in streets and street building, pointed out that St. John streets were different from those of practically every other city. Here we had many steep grades and what was satisfactory on a slight incline was not at all right on a steep grade. It was thought that the wood pavement should be tried out, but it would be necessary to place the blocks on a good foundation of concrete. In St. John the foundation almost invariably consisted of a two inch plank and a heavy load of any kind broke this down so that the blocks sagged and caused ruts and bumps in the roadway. When the pavements were laid they seemed quite satisfactory and even at the hill in Main street leading up to Douglas avenue there was very little complaint.

The blocks should be placed with spaces between them and should be thoroughly treated with a preserving compound. Pavements of this kind would give a good footing for horses, while giving a surface that would be easily cleaned. This was the opinion of one citizen but he said the only way to decide the matter was to have a hill paved under this plan and watched. He thought the experiment could be tried quite cheaply for the concrete base would have to be constructed for a granite block pavement and the wooden blocks could be used if they were not satisfactory the granite or other surface could be substituted.

OFFICERS ELECTED. At a meeting of the Benford Boating and Outing Club on Wednesday, officers were elected as follows: Mr. W. M. Fleming, president; Mr. W. G. Tapley, first vice-president; Mr. W. C. Clarke, second vice-president; Mr. H. Smyth, third vice-president; Mr. Guy Smyth, secretary; Mr. Fred S. Nies, treasurer; executive committee, Messrs. A. F. Patterson, I. H. Northrup, G. A. Dennison, C. E. Lordly, F. W. Storey, George Wetmore, K. A. Barbour, George H. W. S. Brooks, R. Steves and H. C. Morton; boating committee, Messrs. W. G. Tapley, H. Flaherty, H. Morton, K. A. Barbour, L. V. Price, F. A. Dykeman, V. W. Fleming, J. Spilane and A. P. Patterson; music committee Messrs. A. P. Patterson, W. S. Nelson and S. Sneyth.

The season will be opened the first of July by a grand regatta at the club house. There will be display of fireworks and a general good time.

TURNBULL REAL ESTATE COMPANY VERSUS SEEGE

Will be Heard by Supreme Court of Appeals Today - Restigouche County Case Up Yesterday.

Special to The Standard. Fredericton, June 11.—The Supreme Court was occupied with appeals from Restigouche county regarding the unsealing of Councilors Archibald Murchie, John Lawlor, Jr., and Councilor Leve. T. LeBlanc appeared for the appellants in these three cases, and J. G. Byrne contra. The court relieved judgment in all three cases. This afternoon in Patrick J. Gray vs. Delbert O. Steves was heard. R. St. J. Freeze for defendant moved to set aside verdict for plaintiff and to enter verdict for defendant, or for a new trial, or for reduction of damages. W. B. Chandler, K. C., contra. Court considers.

The case of Simpson vs. Malcolm was on motion of W. P. Jones, K. C., stood over till next sitting in August. Tomorrow morning the last case on the docket will be heard, that of Turnbull Real Estate Co. vs. Segoe et al. This afternoon in Patrick J. Gray vs. Delbert O. Steves was heard. He appealed to the newspapers to kill the agitation by ceasing to give them the advertisement which they fed up on.

Lord Robert Cecil, a son of the late Marquis of Salisbury, who raised the question in the house, made an appeal by H. J. Smith, and W. A. Ewing, K. C., for the Real Estate Company. Anarchy Their Aim. The Liberal side gave this expression their sarcastic cheers, because Robert Cecil had warmly supported the Ulster volunteers. "I interpret those cheers," he responded, "to have reference to recent events in Ireland. I desire to say how totally different the two events are. There is a difference between anarchy and anarchy in certain circumstances is justifiable, but anarchy is never justifiable. Anarchy is what these women are aiming at; they want to destroy the government. But what is more serious is the growing irritation of the public. There are distinct symptoms that the public is going to take the law into its own hands. That means lynch law, which I have a profound horror as being grossly cruel and unjust. Another aspect of the question is that the terrible waste which the movement involves. The women of this movement, and it is pathetic to see splendid qualities being misused. Favors Depriving Them to an Isolated Island. Continuing, he declared that the "cat and mouse" act was a failure, and advised to destroy the government. The object of the government," he said, "should be to remove these women from the scene of their crimes. Where do they go? There are many islands belonging to this country," he rejoined, "and it would not be difficult to discover a suitable island. Laughter followed this suggestion. The speaker also expressed the opinion that the French government should take action against the leaders of the movement who sought refuge in Paris. The Home Secretary, in speaking of the attempt of the women to reach the king, said that all the subjects of the king had a right to petition his Majesty in respectful terms, but none had the right to a personal audience to present a petition. The suffragettes and their friends, he declared, were the smallest ground for continuing their gross rudeness to the king. James Kier Hardie, Socialist and Independent Labor member, denounced the police interference with the procession under the leadership of Sylvia Pankhurst, which sought yesterday to force the king to receive the petition. He declared that it was perfectly constitutional and that Miss Pankhurst should not have been arrested. Sir Arthur Baskin, Liberal said that the suggestion that there would be a reaction in the country if hungry strikers were permitted to die was "a piece of sloppy sentimentalism." George Lansbury, former Socialist member for parliament, was addressed a letter to the king stating that he was arrested for offences in connection with the suffrage agitation and was released when he went on hunger strike, while Sylvia Pankhurst had been taken back to prison eight times and was being slowly but surely starved to death.

THE INVESTIGATIONS INTO POLICE MATTERS. As far as could be learned yesterday the dates for the holding of the investigation into police matters which was authorized by the city council, some days ago have not yet been selected. Mayor Frink at a recent meeting of the commissioners suggested that the members of the commission hear the evidence and act as a sort of jury to take with matters. No action was taken on the suggestion, however, and it is understood that the other commissioners have not yet approved of the idea suggested by his worship. In calling attention to the matter Mayor Frink pointed out that it was hardly proper for him to conduct an investigation into a charge made against a brother commissioner but if the other commissioners would not act with him he would have to carry out the order of the council. Since the matter of the charges came up in

the city council at first there has been a great rush of business at city hall and there has hardly been a chance to carry on the work of the investigation but it is likely that something will be done within the next week. The charges have been investigated as first, that members of the police force had had over time charged up against time lost through sickness; second, a resolution introduced by Commissioner Potts which asked that an investigation be held in connection with statements made at a meeting concerning Commissioner McLellan attempting to dissuade Police George E. Briggs from attending to his duties.

MR. NAGLE WINS AGAIN

Gov. Gen. to Prorogue Parliament Today

Continued from page 1. In the case of Nagle versus the Quebec and St. John Construction Company and the St. John and Quebec Railway Company on special application made to the court yesterday by Dr. Wallace, K. C., acting for Mr. Nagle, the court varied its order of the day before by striking out of the stay of proceedings. This allows Mr. Nagle to sign judgment for his verdict of \$12,000 and issue execution. The peculiarity of the circumstances surrounding this application are interesting. In May last Mr. Guthrie for the defendants got an expert order from Mr. Justice McKeown to order the time of appeal, with a stay of proceedings and an order for judgment while an argument was proceeding in St. John to rescind or vary this order. Mr. Guthrie applied to the full court at Fredericton and got another expert order. Judge McKeown varied his order by eliminating the stay and now the full court refusing to interfere with the judgment of the expert order, the order and struck out the stay of proceedings previously granted by him.

GOV. GEN. TO PROROGUE PARLIAMENT TODAY

Impossible to Satisfy All

Mr. E. N. Rhodes in replying said that the committee had found it impossible to satisfy everybody, but it had dealt with all the conflicting interests in the fairest possible manner. The delay in bringing down the bill was due to the desire of the government to bring down a bill acceptable in the main at least to both sides of the house. He repudiated the charge that the government had threatened or contemplated harsher treatment of Liberals next year in the present compromise were not accepted. Mr. Rhodes believed that the people of Nova Scotia were well satisfied with the bill. In regard to the question of Roman Catholic representation, he said that it should be borne in mind that the dual constituencies of Richmond and Cape Breton equal to four votes in the county of Cape Breton. Richmond was away below the unit of population and Cape Breton was very much above the unit. The best way to remedy the situation was to merge the two constituencies and give the joint riding two members. With the exception of the objection of Mr. Kite himself, said Mr. Rhodes, there had been no complaints about the finding of the committee.

Mr. Rhodes said that the principle of dual representation had been accepted by the Liberals in the cases of St. John city and county and Halifax city and county and under all the circumstances it was decidedly incongruous for any Liberal to object to a dual constituency in the case of Richmond and South Cape Breton. In conclusion he declared that in

view of the fact that out of 235 constituencies there remained now objection to only one riding the government could take credit for having shown absolute fairness and even generosity to its opponents. Mr. Kite moved an amendment to strike out the clause respecting Richmond, and Mr. Chisholm of Antigonish supported the amendment. At 1.30 this morning debate terminated. Mr. Kite's amendment was still in progress. It is expected, however, that before the House rises the bill will be put through without further amendment. Prorogation by H. R. H. the Duke of Cornwall is set for three o'clock this afternoon.

To Free Your Face From Unsightly Hairs. (Tollit Talks.) Beauty-destroying hairs can be quickly banished from the face by the application of a delicate paste prepared by mixing water with a little powdered delonate and applying to the objectionable hairs for two or three minutes. When this paste is rubbed off and the skin washed, it will be left hairless and free from blemish. No harm can result from this treatment, but care should be exercised to see that it is real delonate you get.
