We Remind You of the **\$10,000.00 PRIZE**

OFFER FOR THE BEST SOLUTION OF THE MYSTERY.

SOME QUESTIONS TO BE KEPT IN MIND AS AN AID TO THE SOLUTION:

No. 1.—What becomes of the millionaires?
 No. 2.—What became of the million dollars?
 No. 3.—Who does Florence marry?
 No. 4.—What becomes of the Russian Countess?

THE END OF THE STORY MADE FROM BEST SOLUTION—

Start in and Try for the Prize!

DON'T FORGET—

THE MILLION DOLLAR MYSTERY STARTS AT THE **UNIQUE** Monday

HOW CANADA LOST KOLAPORE CUP AT BISLEY

London, July 22.—It was pouring wet at Bisley this afternoon and the conditions were very unfavorable.

The scores in the first stage of the King's prize at 600 yards were as follows: Major W. G. King, Bowmanville, 26, total, 83; Sergt. A. Martin, Russell, Ottawa, 20, total, 90; Col. Sergt. J. Stoddart, Hamilton, 33, total, 90; Bow, unattached, 33, total, 90; Major Howard, unattached, 33, total, 90; Major Howard, unattached, 33, total, 90.

CAR SERVICE CRIPPLED FIRST DAY OF STRIKE

(Continued from page 1)

“Not on our part,” answered Mr. Hopper.

Mr. Hopper said that in Carleton Place there were no cars in operation yesterday. Asked if he considered that the cars in operation were well patronized, he said he thought they were.

The Strike Leader.

Sidney Mosher, who has charge of the strike, said he was greatly pleased with the results of the first day of the strike. “Fifteen men deserted the company today, including some of the most popular conductors in the service,” he said. “The men are in a much more confident mood tonight than they were this morning, because during the day they have been given many convincing demonstrations of the willingness of the public to support them. All we are asking for is a square deal, and in that the public is with us.”

STRIKERS AND POLICE GLASH IN STREETS OF ST. PETERSBURG

Train Held Up and Passengers Driven Out—Attempt to Wreck Roadbed and Cut Down Telegraph Poles.

St. Petersburg, July 22.—The strike situation in Russia took on a very serious aspect today when armed conflicts occurred in the streets and resulted in the wounding of many police, Cossacks and strikers.

“FURIES” SMASH WINDOWS AND POMMEL POLICE

Belfast, Ireland, July 22.—A crowd of militant suffragettes today created a wild tumult in the Assize Court and its vicinity, when Miss Dorothy Evans, an official of the Belfast branch of the Women's Social and Political Union, was brought up for trial on the charge of having in her possession explosives for the purpose of committing a felony.

THE HALIFAX FIGHTS WERE INTERESTING

Halifax, July 22.—Over 1,600 rifle-fans watched some of the best bouts ever staged in Halifax at the arena tonight.

Patsy Green, of Boston, got the decision over Jimmy Walsh, of New York in a fast ten round bout, which was full of interesting incidents.

THE STRIKE LEADER

Sidney Mosher, who has charge of the strike, said he was greatly pleased with the results of the first day of the strike. “Fifteen men deserted the company today, including some of the most popular conductors in the service,” he said. “The men are in a much more confident mood tonight than they were this morning, because during the day they have been given many convincing demonstrations of the willingness of the public to support them. All we are asking for is a square deal, and in that the public is with us.”

DOMINION TRUST COMPANY

The Perpetual Trustee.

Paid Up Capital and Reserve over \$3,000,000.

HEAD OFFICE, VANCOUVER, B.C.

The trust company has become a popular institution, because it is the greatest boon to the needs of modern business.

“The Million Dollar Mystery” MONDAY TUESDAY

Health and Beauty Helps

BY MRS. MAE MARTYN.

Alice: You are quite right in assuming that you would not have dandruff if your hair were healthy. Dandruff keeps your hair from growing, it is doubtless the cause of all your other troubles. It is the decomposed matter sent forth by the oil glands. Sounds horrid, doesn't it? But it can be relieved wonderfully by this simple remedy made at home: Dissolve one ounce quinine in one-half pint alcohol, then mix with one-half pint water and you have a tonic for the scalp that is far better than any ready-prepared stuff. Twice a week rub a little well into the scalp. It will inspire your hair to a lusty, healthy growth. Shampoo with Canthrox.

HEALTH AND BEAUTY HELPS

BY MRS. MAE MARTYN.

and wrinkles are beginning to show, but I am sure you are mistaken in saying it is “ruined.” All it needs, probably, is toning up. When the skin is dried and flabby it can be restored to fresh firmness by this simple means. Get one ounce of alopecia and mix with two teaspoonfuls of glycerine and one-half pint cold water, stir and let stand two hours. Apply freely and notice the contracting of the skin, which acts as a pore-cleanser and stimulator of circulation. It positively will not grow hair. I have found great benefit in this lotion because of its healthy effect on the pores and outer cuticle as well as on the tissues beneath.

Health and Beauty Helps

BY MRS. MAE MARTYN.

Alice: You are quite right in assuming that you would not have dandruff if your hair were healthy. Dandruff keeps your hair from growing, it is doubtless the cause of all your other troubles. It is the decomposed matter sent forth by the oil glands. Sounds horrid, doesn't it? But it can be relieved wonderfully by this simple remedy made at home: Dissolve one ounce quinine in one-half pint alcohol, then mix with one-half pint water and you have a tonic for the scalp that is far better than any ready-prepared stuff. Twice a week rub a little well into the scalp. It will inspire your hair to a lusty, healthy growth. Shampoo with Canthrox.

Mira D.: You are probably one of the millions who need a tonic because they stayed indoors too much this winter and ate too much meat and too few vegetables. You evidently need a good tonic and blood purifier. Get one ounce of karden and half a cup of sugar and dissolve in half a pint of alcohol. Then add enough cold pure water to make a full quart. Take a tablespoonful of this before each meal. Its action is to sharpen appetite, assist proper assimilation, regulate the liver and thereby purify the blood. There is no better general tonic that I know of, either.

Athletica: You certainly do not have to give up outdoor pleasures just because you tan and freckle so easily. Here is how you can have your good times—and your good looks too. Prepare a lotion by dissolving four ounces of surmex in one-half pint of hot water. Add two teaspoonfuls of glycerine. Let stand until cold, then bottle. Apply this morning and night and it will act like magic to keep away the bad effects of exposure to sun and wind. Many women find it a splendid substitute for ordinary face powder; it keeps away the shine of perspiration and imparts a natural healthy glow without an artificial look. In fact, it seems like a part of the skin.

Middle-aged: I have every sympathy with your objection to “facing the Night” if your complexion is not good

Health and Beauty Helps

and wrinkles are beginning to show, but I am sure you are mistaken in saying it is “ruined.” All it needs, probably, is toning up. When the skin is dried and flabby it can be restored to fresh firmness by this simple means. Get one ounce of alopecia and mix with two teaspoonfuls of glycerine and one-half pint cold water, stir and let stand two hours. Apply freely and notice the contracting of the skin, which acts as a pore-cleanser and stimulator of circulation. It positively will not grow hair. I have found great benefit in this lotion because of its healthy effect on the pores and outer cuticle as well as on the tissues beneath.

E. L. D.: I sympathize with you in the “stickiness” you call it, of your hair. I am glad I can tell you just how to relieve it as well as dandruff and at the same time avoid the brittle dryness caused by soap shampoos. Get some canthrox in your drugist's and dissolve a teaspoonful in a cup of hot water. Never use soap. The canthrox is enough, leaving the scalp perfectly clean and the hair fluffy, giving the appearance of an abundant growth whether you have it or not.

Mrs. B. W.: From what you say about your eyes, I am sure all they need is a little care. Get an ounce of crystals and dissolve in a cup of hot water. Drop two drops daily in each eye, or often if the lids are inflamed. This treatment faithfully used restores brightness and color to the eyes as well as clear sight. Many actresses use crystals to make the eyes sparkle, and it has this effect without the slight harmful results.

R. B.: Your excessive flesh will be even more troublesome as the weather grows warmer, and you are quite right to take some simple means of reduction. This is simple, safe and sure. Parnots merely aids nature in establishing a normal assimilation of food. You do not have to exercise violently or restrict your diet.

“Is there any prospect of a settlement of the trouble?”

BY MRS. MAE MARTYN.

and wrinkles are beginning to show, but I am sure you are mistaken in saying it is “ruined.” All it needs, probably, is toning up. When the skin is dried and flabby it can be restored to fresh firmness by this simple means. Get one ounce of alopecia and mix with two teaspoonfuls of glycerine and one-half pint cold water, stir and let stand two hours. Apply freely and notice the contracting of the skin, which acts as a pore-cleanser and stimulator of circulation. It positively will not grow hair. I have found great benefit in this lotion because of its healthy effect on the pores and outer cuticle as well as on the tissues beneath.

E. L. D.: I sympathize with you in the “stickiness” you call it, of your hair. I am glad I can tell you just how to relieve it as well as dandruff and at the same time avoid the brittle dryness caused by soap shampoos. Get some canthrox in your drugist's and dissolve a teaspoonful in a cup of hot water. Never use soap. The canthrox is enough, leaving the scalp perfectly clean and the hair fluffy, giving the appearance of an abundant growth whether you have it or not.

Mrs. B. W.: From what you say about your eyes, I am sure all they need is a little care. Get an ounce of crystals and dissolve in a cup of hot water. Drop two drops daily in each eye, or often if the lids are inflamed. This treatment faithfully used restores brightness and color to the eyes as well as clear sight. Many actresses use crystals to make the eyes sparkle, and it has this effect without the slight harmful results.

R. B.: Your excessive flesh will be even more troublesome as the weather grows warmer, and you are quite right to take some simple means of reduction. This is simple, safe and sure. Parnots merely aids nature in establishing a normal assimilation of food. You do not have to exercise violently or restrict your diet.
