

MURRAY SAID HE DID NOT GIVE MONEY

Afterwards Explained Sum Was Advanced to Vye as a Loan—I.C.R. Passes Enquiry Continued

JOHN T. HAWKE ON THE STAND.

Railway Official Refused to Take Payment for Transportation.

Special to The Standard.
Moncton, Aug. 13.—At this afternoon's session of the I. C. R. pass investigating commission the examination of John T. Hawke was continued. Witness said that on Dr. Murray's return from his trip to the Pacific coast in 1909 he met Murray on the street and the latter asked him to go up to the railway offices with him as he wanted to explain about a pass he had used. They went up to Mr. Brady's office and Murray said he received the pass in good faith and offered to pay for it, but Brady refused to accept pay. Murray did not say from whom he got the pass and Brady did not ask him.
Referring to passes used by the N. B. Wire Fence Co., he said he had heard rumors on the streets but had no personal knowledge. He had spoken to Dr. Murray of the money paid Raymond Vye to go away and Murray said he had loaned the money to Vye and would prove it. That occurred recently. Previously Murray had denied giving Vye money.
Referring to the flag pole on his building said he bought it from the I. C. R. Duncan McKinnon an I. C. R. employe had worked for him about six or eight months on leave of absence. He did not know that McKinnon had been paid by the railway during this time. Witness had heard that Dr. Murray had legal passes in his possession. He had not threatened to have Ferguson removed from his position on the Montreal Herald, but he had appealed to the Eastern Press Association that Ferguson was not a proper person to represent the eastern papers on the press association.
This concluded Hawke's examination and Mr. Fowler said this was to be a searching investigation and everyone would have an opportunity to make statements, but he considered that the evidence of Dr. Murray was essential at this stage and those who were advising him to stay away were not good friends of his. The examination was accordingly adjourned till Friday to secure the attendance of Dr. Murray, who, it is understood, is out of town, but will probably return tomorrow.

HOUSE OVERRIDES PRESIDENT'S VETO

Wool Tariff Revision Bill Goes Through by Narrow Margin of Five Votes.

Defection of Twenty-one Republicans Enabled Democrats to Muster Necessary Two-thirds Vote—Consideration of Sugar Tariff Results in No Decision—Further Action Unlikely This Session

Washington, Aug. 13.—By the narrow margin of five votes the house today passed the wool tariff revision bill over President Taft's veto. The vote, 174 to 80, was made possible only by the defection of twenty-one republicans who voted with the democrats. The announcement of the democratic success, created wild scene in the house and amid great confusion the republican leaders protested that Speaker Clark must count as voting ten members who answered "present" to their names, a ruling which would have defeated the democratic program by overcoming the five vote margin and making impossible the recording of the necessary two-thirds vote of the house. This, the speaker declined to do.
Later the conference on the sugar tariff bill met and disagreed. This action is expected to mark the end of sugar tariff consideration in the present session.
While democratic and progressive leaders of the senate do not believe the wool bill can be passed in that body over the president's veto they will continue the demand for action on the cotton tariff measure.

Republicans Surprised.
The vote on the wool bill came as a surprise to the republican leaders of the house. When they discovered that defection from their ranks was to be expected it was too late to prevent it.
Not in the memory of the oldest member of the house has a tariff measure ever been passed over the president's veto by the lower branch of congress.
When Speaker Clark announced the vote and declared the bill again had been passed, "the President's veto, the contrary notwithstanding," there was a wild outburst of applause from the democratic side. The democrats were increased by the demands of half American people with veto messages.

FELL SHORT OF REQUIRED SUM

Bishop of World's Largest Diocese Will Resign Unless \$500,000 is Contributed—Raised only \$30,750

London, Aug. 13.—Bishop Blair, of the Falkland Islands, which is the largest diocese in the world, embracing the major portion of the continent of South America, who attempted to raise \$500,000 for church work in those countries has succeeded in getting only \$30,750. He announces that he will resign unless an adequate response appears before next September.
The Bishop says he has made thousands of appeals to members of the Church of England, having South American interests, by letters and also personally.
The opportunity for religious, educational and medical work, the Bishop declares, "will be greatly intensified by the opening of the Panama canal, and only method of preventing conditions like the atrocities perpetrated against the Indians in the Putumayo Rubber gathering district of Peru is by church organization."
"I refuse absolutely to acquiesce in a deplorable system," the Bishop continues, "which assigns a man to a magnificent field and then leaves him impotent for the want of men and means. Bitterly and deeply though I shall feel it both on principle, as a protest against such apathy on the part of the church and the people, I must resign my bishopric."
The Bishop says that such a course would not be to lead a life of ease at home, as it would leave him stranded without means.
The Bishop of the Falkland Islands is the Right Rev. Lawrence Frederick Bevan Blair. The work of the Bishop lies principally on the west coast of South America. His commission gives him jurisdiction over all the English Episcopal clergy and congregations throughout the Republics of Chile, Bolivia, Peru, Ecuador, Colombia, with the Falkland Islands, South Georgia, Terra Del Fuego and Southern Patagonia.

NEW AND ORIGINAL METHOD DEvised TO CHEAT POST OFFICE

Parcel Opened and Part of Contents Removed, Then Balance is Returned Free of Cost to Sender.

Special to The Standard.
Ottawa, Aug. 13.—A perfectly new and original postal fraud has resulted in the issue of a notice of warning to postmasters by the postoffice department. The officers of the department somehow discovered that a package of third class matter sent from Toronto was received by the addressee who opened the parcel, took out what he wanted of the contents and then returned the balance in the original wrapper without postage.
The department points out that this is an illegal practice, and postmasters are required to see that only unopened packages are returned to senders free.

Special to The Standard.
Sussex, Aug. 13.—Never in the history of the oldest inhabitants has such a terrific electric storm visited the county of Albert as raged last night from its southern extremity at Point Wolfe as far north as Hillsboro, along the bay shore, although strange to say its effects were not felt to any extent in the high land districts.
At Point Wolfe the dwelling house of Stephen Barden was struck, a large window was wrecked from its casings and thrown with great violence, breaking it in a thousand pieces and striking on its descent two children sleeping in their bed, but they escaped serious injuries.
At Waterside, the large bridge over Anderson's Hollow which consists of posts 40 feet high and frame work across the chum on the shore, was struck by lightning and entirely demolished. A barn owned by M. Anderson at Waterside, was also struck.

SAM SCHEPPS' WHEREABOUTS NOW IN DOUBT

Federal Officers Hide Go-Between Wanted as Witness in Rosenthal Case.

FINANCIERS TO WHITMAN'S HELP. Submit Record of Bank Deposits Made by Becker During Year.

Hot Springs, Ark., Aug. 13.—Sam Schepps held as a material witness in the Rosenthal murder case, has been hidden by federal officers to whom he was given into custody this evening after holding him three days the time limit of the law, the police turned him over to Fred Johnson, postmaster and deputy U. S. marshal. Officers here are anxious to turn Schepps over to representatives of the New York district attorney's office, but owing to the peculiar status of the case, they fear possession of him might be obtained through court technicalities by other officers.
A local newspaper published today an article stating that representatives of the New York police department had secretly come here but this could not be confirmed. Schepps has said several times he was willing to go back to New York with representatives of the District Attorney's office, but that he did not want to be taken by the police department.

HOLLAND MUST AGREE TO GERMAN DEMAND FOR RHINE CONTROL

Suggested Ship Canal Would Ruin Rotterdam So Dutch Must Submit to Foreign Regulation of Shipping.

The Hague, Aug. 13.—Holland will have to acquiesce, it is generally agreed today, in Germany's demand for the control of the Rhine shipping by a board under German control and for the imposition of river tolls. There is nothing to prevent the digging of a ship canal through German territory from Cologne to Emden, and it is admitted that its effect would be Rotterdam's complete ruin.

MEAN ACCUSED HURL CURSES AT INFORMER

Aldermen Implicated in Detroit Graft Case Heap Maladictions Upon Schreiber in Court Room.

HEARING FIXED FOR AUGUST 20.

All Prisoners State Former Clerk's Confession is False.

Detroit, Mich., Aug. 13.—Prosecuting Attorney Hugh Shepherd announced this afternoon that Edward Schreiber, deposed council committee clerk, who made a complete confession after his arrest with 18 aldermen in connection with bribery charges, will from now on assist him in prosecuting the aldermen.
"Schreiber is now an attaché of the prosecutor's office; you might call him an assistant without pay," said the prosecutor.
The arraignment of the councilman officials today was featured by scathing denunciations hurled on Schreiber by the aldermen involved in his confession. All of the accused officials brand the Schreiber statement as false, despite the fact that the prosecutor refused to give out any of the details of the confession. Assistant Prosecutor Charles Janowski said today that Alderman Thos. Clinman, leader of the common council, and who is now on bail, has received \$1,000 bribe money from a detective in the Wabash railroad street closing case, has reportedly confirmed his confession, alleged to have been made to Detective Wm. J. Burns, and that Clinman's statements agree with Schreiber's in every detail.

FAST SERVICE ON ATLANTIC

British Syndicate Proposes to Operate Line from Halifax to Blacksoy Bay—Pacific Line is Also Planned.

Special to The Standard.
Ottawa, Aug. 13.—Early consideration of the question of the establishment of a fast Atlantic service is promised on the return of Right Hon. R. L. Borden and his colleagues from London. This subject will be among the first to be dealt with by the full cabinet.

It is learned that during his stay in England, Premier Borden has received a renewal of the offer of the syndicate including Sir Thomas Troubridge, for the establishment of a fast service from Halifax to Blacksoy Bay. The promoters, it is understood, ask for the usual government assistance and profess to be ready to do today what they proposed to do in 1907. The offer includes a service not only to Halifax on the Atlantic but also on the Pacific.
It is probable that a more formal offer will be placed before the government by those interested in the scheme and will be considered when the whole question comes before the council this fall.
