Fight Fright Is A Disease Received Fatal Blow International Boxing Carnival Wrestling Regains Popularity In U.S. Y.M.C.A. Seniors Defeat Alerts Sackville Hockey Team Organized Toronto Students Fought A Draw

Not Peculiar to Boxing Alone—Permeates All Phases of Competitive Athletics

Fight fright is a disease, and the case of Benny Lewis, who was knocked out in the sixth round of his fight with Al Roberts, is a case in point. It is a disease that permeates all phases of competitive athletics, and it is a disease that is not peculiar to boxing alone. It is a disease that is a result of the fear of the unknown, and it is a disease that is a result of the fear of the opponent. It is a disease that is a result of the fear of the crowd, and it is a disease that is a result of the fear of the referee. It is a disease that is a result of the fear of the loss of honor, and it is a disease that is a result of the fear of the loss of money. It is a disease that is a result of the fear of the loss of life, and it is a disease that is a result of the fear of the loss of everything.
