MORFAT'S LIFE PILLS. Above we present you with the kindness of Dr. Morfat's Life Pills. This philanthropist has spent the greater part of his life in travelling, having visited Europe, Asia, Africa, and North America. He has spent three years among the Indians of our Western Country—it was in this way that the Indian Dr. Morfat was the first man to establish the fact that all diseases arise from impurity of the blood, and that our strength, health, and life depend upon the vital fluid.

When the various passages become clogged, and do not get in perfect harmony with the different functions of the body, the blood becomes thick, corrupted and diseased; thus causing all pains, sickness and distress of every name; our health, strength, and life depend upon the vital fluid.
