

NEW BILL TO PREVENT PROBES BEING HALTED BY INJUNCTIONS

Action Can Only Be Taken by Consent of the Govt.—
Premier Drury Justifies Abolition of Provincial
Fuel Controller.

(Special to The Advertiser.)

TORONTO, March 29.—Business had precedence in the resumed deliberations of the Provincial Legislature today, and Government orders had right-of-way during practically the whole of the afternoon sitting. On a question of privilege, the House debated briefly the abolition of the fuel controllership, which was objected to by Hon. G. H. Ferguson and justified by Premier Drury. Then it swung into committee and made good headway in passing the Government's measures, among them Hon. Walter Rolfe's measure amending the minimum wage act.

Bill To Be Amended.
Premier Drury announced a bill amending the bill recently introduced as an amendment to the public inquiry act, which stipulated that no public inquiry should be halted by injunction proceedings without the consent of the Ontario Government, as the timber probe was halted by the Spanish Rier Pulp and Paper Mills, Limited, injunction.

Sent to Commission.
The new amendment provides that, first of all in such proceedings, application must be made to the commission carrying on such an investigation and if they refuse to grant a stated case, application may then be made to the appellate division of the supreme court of Ontario.

Where the validity or jurisdiction of a commission is called in question, according to the proposed amendment, the commission shall, upon request, state a case in writing, setting forth the information of the appellate division, the circumstances of the application accompanied by any documents there may be in the case. The question may be

argued before a divisional court, whose findings are to be binding upon the commission and all concerned. Pending a decision being given in a stated case any inquiry that is involved must halt.

Ferguson Objects.
Hon. G. Howard Ferguson, Conservative leader, referring to newspaper reports that the office of fuel commissioner for Ontario was to be abolished, urged that the office was self-supporting and should not be wiped out. Premier Drury replied that the Government was discontinuing the office. It has been of the opinion for some time, and the Government is of the opinion now, he said, "that the less we interfere with the ordinary business of the people the better. Of course, during the war it was different."

The House adjourned until 3 o'clock Wednesday afternoon.

Houseforth night sessions will be the rule, as the Government desires to complete the session before the end of April at the latest.

Liberal Leader Objects.
Attorney-General W. E. Ramey's bill to permit municipalities of 100,000 population or over to appoint women police magistrates or assistant magistrates went through committee; also his bill to provide for the legitimization of children by the subsequent marriage of their parents.

H. Hartley Dewar, K.C., Liberal leader, took exception to Provincial Treasurer Peter Smith's calling for tenders for a new six million dollar ten-year six per cent loan without informing the House.

Hon. Mr. Smith replied that he knew of no custom which required the Government to make any announcement to the House on such a matter. He said the money was needed chiefly for hydro expenditure.

Department in all the public libraries throughout the province of Ontario.

In the kindergarten section Miss H. Newman said: "The time is short in kindergarten work, and therefore, the work must be vital." The importance of the kindergarten in developing the child mind was emphasized.

TOO MANY BOYS ARE ALLOWED TO RUN WILD

Lack of Parental Control Is
Scored by Educationist

CURRICULUM CRITICIZED

Too Many Subjects Are Now
Being Taught in the
Schools.

TORONTO, March 29.—The name of the Ontario High and Public School Trustees' Association was changed this afternoon to the Ontario School Trustees' and Ratepayers' Association. A resolution was passed, asking the Government to increase the grant of \$1,500 per school to make it a total of \$15,000 for propaganda purposes. A deficit of \$132 was reported by the treasurer of the association.

President J. H. Scott, speaking before the trustee section, regretted the lack of permanency of teachers' engagements. In his opinion there should not be changes except at the end of regular school terms. He deplored the lack of parental control, and said that too many boys were allowed to run wild at night in cities and towns with the inevitable result that they went to picture shows, where they picked up ideas that in many cases led to crime or petty misdemeanors. Mr. Scott said he thought that too much of the subjects were being taught in schools, instead of the schools sticking to essentials.

Says Gap Too Wide.
S. B. McCready, speaking before the school health and physical section of the association, said there was a wide gap between the practical and theoretical, and this gap should be eliminated by the public schools which should take part in the world-wide educational movement to improve health, prevent disease and mitigate suffering.

Prof. O. J. Stevenson of the Ontario Agricultural College, Guelph, addressing the public school section, suggested using pictures, lantern slides, maps, illustrated texts and phonographs as aids in teaching literature, history and geography. He said there should be more Canadian poetry and Canadian prose used in the public school readers. Canadian affairs were crowded into the background in the readers, he said, by accounts of battles and wars in other lands.

The Proper Way.
S. A. Eltman of Kingston said the proper way to teach arithmetic was to let the pupils work out problems from their everyday life, problems that came before their parents in a business way—thus the pupils would see the practical application of arithmetic and would take a greater interest in the subject.

President J. W. Smith of the inspectors' section, pointed out that education was a question of doing a few essential things well and doing them without strain. The aim of teachers, he said, should not be to cram the brains of the young, but to teach them habits of study, to develop interest in new fields, and to encourage fresh mental activities after the pupils have left school.

Library Work Needed.
In the English and history section of the Ontario Educational Association this afternoon Prof. W. E. MacPherson of the Ontario College of Education advocated increased library work among high school pupils and claimed that library work was more necessary today than ever before on any high school program. In a discussion on the subject Miss Stewart of the Humber College Institute, Toronto, expressed the belief that special efforts should be made to develop a strong high school library.

"Raw" From Eczema Doctors Do Their Best"

"Forty years I suffered. One leg raw from toes to body. Nothing was done to me that I suffered. I was D.D.D. that relieved me, and for three years I haven't had a sign of eczema."

These words are taken from the letter of R. G. Garrett, Chesham, Ontario. Mr. Garrett will answer any queries you care to ask him. If you haven't tried the cooling, healing D.D.D. prescription for eczema, write for a free trial bottle today on our personal guarantee \$1.00 a bottle. Try D.D.D. now.

RETURNED MEN DISGUSTED WITH MEIGHEN GOVT.

St. Marys Veterans Aroused
Over Appointment of
Enumerator.

ST. MARYS, March 29.—Following is a copy of the letter received from Dr. M. Steele, M.P., for South Perth, in reply to a protest from the St. Marys Branch of the G. W. V. A., who recently wrote demanding an explanation as to why a returned man was not appointed chief census enumerator in this riding. His reply is taken by local veterans to indicate that among all the returned men in this district not one possesses the necessary qualifications in brain-power or otherwise. In conversation a few days ago with members of the executive, Dr. Steele stated that these appointments were made five months previous. They were only made public about a week ago.

"This appointment proves beyond doubt the attitude of the local member towards returned men, and that so far as the Government is concerned, party politics has not been abolished," said one veteran to The Advertiser. "A special meeting is being held, and Dr. Steele will come in for strong criticism from the local veterans, and further correspondence will be forwarded to Ottawa. It appears that Dr. Steele as all other members of the Union Government, forget that returned men not only risked their lives for their sake, but were also responsible for the election of the Union Government in 1917. It looks as if it were high time, from the returned man's point of view, that there was an awakening in the political situation throughout the country."

Dr. Steele's letter follows:

"Secretary G. W. V. A.,
St. Marys, Ont.
My Dear Sir,—I beg to acknowledge receipt of a communication of March 18, signed by yourself and President Sanderson, conveying to me the fact that a resolution was passed by the St. Marys branch protesting against the appointment of chief census enumerator being given to a man who is not a returned soldier."

"I may be permitted to say that the work of census commissioner requires an officer who has not only the necessary qualifications, but who can devote most of his time for from three to four months to the work, who has a general knowledge of the riding and of the people of the riding, inasmuch as the appointments of the enumerators is in his hands, and it is necessary, if the work is to be done with reasonable accuracy, that enumerators should be carefully selected."

"I may add that while you may differ with my views, I consider it no compliment or favor to a returned soldier to offer him a government job, the acceptance of which would entail a financial loss to him, and I know of no returned soldier in South Perth who is qualified for the work of census commissioner who would not be making a sacrifice either by giving up the position which he may now hold or neglecting his business for the time which is required in carrying on this work."

"I thank you for the letter, and am always glad to have the views of the members of the G. W. V. A."

"Yours sincerely,"

"M. STEELE."

PLANNED TO THROW BOMBS AT FUNERAL

FLORENCE, March 29.—An anarchist plot has been discovered, the intention of which was to throw several bombs during the funeral of Engineer Longhi, who was killed during labor disorders at San Giovanni, in the commune of Castelnovo, last Friday.

Upon his arrest one anarchist admitted membership in a communist association, having as its program the carrying out of "operations to terrorize the people." He confessed to throwing a bomb and revealed his association's headquarters at Scandicci, near Florence, in the house of a certain named vessel. The police hurried to the place and found the doors barricaded. When an entry was forced Ravazzi shot himself.

20th Century Clothes

are

DISTINCTIVE!

HIGH HONORS FOR DR. WILLIAM WHITE

Former Woodstock Physician to Supervise All American Hospital Work.

WOODSTOCK, March 29.—Dr. William C. White of Pittsburg, a Woodstock boy, has had high honors bestowed on him at Washington, where he was appointed chairman of an expert medical board, which is to have supervision of all the hospitals in the United States. Recently Dr. White paid a visit to Washington, and with his committee, recommended sites for five hospitals to be erected for the rehabilitation of wounded soldiers, for which an appropriation of \$12,000,000 has been made. Dr. White is a son of Mrs. James White of this city, and has achieved an international reputation by his work in connection with the treatment of tuberculosis.

GUELPH JAIL EMPTY; FIRST TIME IN YEARS

of this city, and has achieved an international reputation by his work in connection with the treatment of tuberculosis.

GUELPH, March 29.—For the first time in several years the county jail is without an occupant. Governor McNab lost his last two "guests" today, when Colonel Laughran of Maryboro Township, who was sentenced to two years for birth concealment, and James Williams, the local man who was given five years by Mr. Justice Mastron at the spring sittings for attempted rape, were taken to Kingston penitentiary. The two prisoners were escorted to the "pen" by Constable Brash of the local police force and Turnkey Everson of the county jail. Laughran has been an inmate in the county jail for over ten months awaiting trial on a charge of murder.

FORMER EMPEROR PAYS SECRET VISIT TO AUSTRIAN CAPITAL

Left City Quickly At Request of the New Government.

VIENNA, March 29.—Former Emperor Charles of Austria-Hungary was in Vienna Sunday and met a group of monarchists here, according to information today from most reliable quarters. The former emperor went from here to Budapest, but left that city within a few hours at the request of the Hungarian Government. Those who were aware of the visit were unable to say what the ex-ruler's motive was, in view of the political conditions both in Austria and Hungary, even the most enthusiastic monarchists declaring they considered the moment unripe for a coup.

Former Emperor Charles has been living in Proseguin, Switzerland, with his family since early in 1919, after having lived in retirement in Austria a few months following the proclamation of the Austrian Republic on November 12, 1918. He has clung to the title of royalty throughout his exile, and there have been frequent reports that he was plotting to secure his restoration to the Hungarian throne, the royalist party being in control in Hungary.

BANDITS MAKE \$20,000 HAUL

Five Men Rob City Bank At St. Paul.

ST. PAUL, Minn., March 29.—Five men entered the City Bank of St. Paul this afternoon, struck down the cashier and a woman teller with the butts of their revolvers and escaped with cash and bonds valued at \$20,000.

\$1,251,080 EARNINGS OF WESTINGHOUSE

Canadian Company Shows
Net Profits of \$916,080
For Year.

HAMILTON, March 29.—Earnings for the last year by the Canadian Westinghouse Company, Limited, totaled \$1,251,080, and the net profits \$916,080 as shown in the report presented at the annual meeting here today. Dividends at the rate of 7 per cent per annum, and an extra dividend of 2 per cent brought the sum paid in dividends to \$615,524. A balance of \$300,555 was carried forward to profit and loss, which account shows, as of December 31, 1920, a surplus of \$2,114,823, exclusive of all reserves. During the year the outstanding capital stock was increased from \$6,229,400 to \$7,417,800, by the issuance of 11,885 new shares. It was stated that this additional working capital was made necessary by the increased business and activities of the company.

The directors were re-elected as follows: H. H. Westinghouse, chairman; Paul J. Myler of this city, president; L. A. Osborne, Thomas Ahearn, Sir John M. Gibson, F. A. Merrick, Charles A. Terry, Warren Y. Soper, John P. Miller and Gen. Guy E. Tripp.

CAPT. LEES MURDERED.

DUBLIN, March 29.—Capt. Cecil Lees, an official of Dublin Castle, was shot dead by four armed men outside his hotel on Drury street this morning, says an official statement issued by the castle authorities.

Children Cry FOR FLETCHER'S CASTORIA

WHEN MEALS
DON'T FIT

"Pape's Diapiesin" is the
quickest Indigestion and
Stomach Relief

When meals hit back and your stomach is sour, acid, gassy, or you feel full and bloated. When you have heavy lumps of pain or headache from indigestion. Here is instant relief! Just as soon as you eat a tablet or two of Pape's Diapiesin all the dyspepsia, indigestion and stomach distress caused by acidity ends. These pleasant, harmless tablets of Pape's Diapiesin never fail to neutralize the harmful stomach acids and make you feel fine at once, and they cost so little at drug stores.
