

Storm Signals.

As the coming of a great storm is heralded by the display of cautionary signals, so is the approach of that dread and fatal disease, Consumption of the Lungs, usually announced in advance by pimples, blotches, eruptions, ulcers, glandular swellings, and kindred outward manifestations of the internal blood poison, which, if not promptly expelled from the system, attacks the delicate tissues of the lungs, causing them to ulcerate and break down. Dr. Pierce's "Golden Medical Discovery" is the great remedy for this, as for all diseases having their origin in bad blood. It improves the appetite and digestion, increases nutrition and builds up the wasted system.

Do you feel blue and despondent? Do pains rack and tear away at nerve and muscle, and have you been disappointed in finding a remedy that will afford certain and speedy relief. If so, go at once to any drug store and buy a sample bottle of Polson's Nerviline. Polson's Nerviline never fails to relieve neuralgia, cramps, headache, rheumatism, and all internal or external pains. J. B. Carman, druggist, Morrisburgh, writes: "All the parties I supply speak very favorably of Nerviline, and always purchase a second lot." Polson's Nerviline is sold in sample bottles at 10 cents; large size 25 cents—by all druggists and country dealers everywhere. Try a ten cent bottle.

A Christmas disappointment.—"It's a lovely doll, dear grandpa and grandma, but—but—I'd soon hoping it would be twins!"

The reason why "Myrtle Navy" tobacco has taken so strong a hold upon the smoking community is because it is the genuine article. No man has a desire to smoke anything else than tobacco. Even opium is not smoked for the pleasure of smoking it but for its soporific effects. The desire for tobacco is, of course, best satisfied by getting the pure article, and when to this is added the finest quality the satisfaction is complete. These two things are combined in the "Myrtle Navy."
