

TO SUBSCRIBERS.

We do not think we are asking too much in requesting every one of our subscribers to look at the little RED LABEL on his paper, which will tell him how his account stands with us. Should you find that the time paid for has expired, renew at once, by remitting in REGISTERED LETTER, AT OUR RISK. Let no one delay because he may suppose the amount of his indebtedness to be small. Thousands of subscription accounts over the country aggregate a large amount, and it is only by the prompt payment of these small sums that the publisher is placed in a position to meet the formidable bills for paper, wages, rent, &c. During the next two months we have unusually heavy demands to meet; and we look to our friends for a cheerful response to this somewhat pressing invitation to PAY UP!

TWO MONTHS FREE!

In order to secure large additions to our subscription list before the 1st of January next, we have determined to offer the paper for FOURTEEN MONTHS at the regular yearly subscription price of \$2, payable in advance. May we ask our friends to aid us in this connection! There is not a reader of the BRITISH AMERICAN PRESBYTERIAN but could place the paper in the hands of a neighbour. Indeed, many could secure several new subscribers, if they but made the effort. But even supposing each of our subscribers forwarded only ONE NEW NAME, our list would at once be doubled, and THE PRESBYTERIAN, for a long time struggling for a mere existence, at one bound would take a proud position among the journals of the Dominion.

The object is well worth the effort; and we ask the hearty co-operation of ministers, elders and others, in the work of extending the circulation of THE PRESBYTERIAN in every congregation throughout the country. don't puff off the work. Begin as soon as possible, and continue until every family has been approached.

Special Notices.

ELECTRICITY! THOMAS' EXCELSIOR ELECTRIC OIL—WORTH TEN TIMES ITS WEIGHT IN GOLD—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured an old standing cough. It positively cures catarrh, asthma, and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical: J. Collard of Sparta, Ontario, writes, "Send me 6 doz. Dr. Thomas' Electric Oil, have sold all I had from you and want more now; its cures are truly wonderful." Wm. Maguire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iona, writes, "Please forward 6 doz. Thomas' Electric Oil, I am nearly well, nothing equals it. It is highly recommended by those who have used it." J. Bellford, Thamesville, writes, "Send at once a further supply of Electric Oil, I have only 1 bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodward, writes, "Send me some more Electric Oil. I have sold entirely out. Nothing takes like it." Miller & Reed, Ulverton, P. Q., writes, "The Electric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckingham, P. Q., writes, "Send us one gross Electric Oil. We find it to take well." Sold by all medicine dealers. Price 25 cents.

PRESBYTERIAN Year Book & Almanac (FOR THE YEAR 1875).

And to be continued Yearly. Edited by REV. JAMES CAMERON, CHATSWORTH, ONT. WILL BE OUT EARLY IN DECEMBER.

The YEAR BOOK is intended to be a handy book of reference on all important matters connected with the Presbyterian Churches of British North America; it means further of special information among Presbyterians, as to the history, work and prospects of Presbyterianism in this land and in other lands, as a beginning also in the work of collecting statistical, ecclesiastical and historical materials, that may be useful in after times as a contribution to the Presbyterian literature in this section of North America, and as an offering, lastly, from Canada to her sister Presbyterian Churches throughout the world, for the work, already begun, of ascertaining the strength of Presbyterianism in Christian lands, and of scattering branches to know each other better, and of uniting them in such work as may be common and possible to both.

The YEAR BOOK will therefore contain a calendar marked with days famous in Presbyterian Church history; the names of prominent members of our Churches now negotiating regarding Union; the Presbyterian Colleges in the Dominion, with names of Professors and subjects of study; sketches of the origin and progress of some of our leading Presbyterian Congregations; a glimpse of the branches of the Presbyterian family in other parts of the world; obituaries of Presbyterian Ministers in Canada deceased during the past year; together with short articles on Presbyterian topics of practical interest, such as the Presbyterian Literature in this Dominion, Pastoral Supervision, Union Mission Work, and Economical Council of Presbyterian Churches.

Correspondence has been opened up with leading men in various countries for obtaining statistical documents and personal information, and our replies have been prompt and cordial.

Ayer's Cherry Pectoral. For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption. Among the great discoveries of modern science, few are of more real value to mankind than this effective remedy for all diseases of the Throat and Lungs. Its trial throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that Ayer's Cherry Pectoral will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering that cannot be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, and the distressing diseases which beset the Throat and Chest of childhood, Ayer's Cherry Pectoral is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD. The reputation of this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. It cures all diseases of the system, such as Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses. Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt taint of the organism undermines the constitution, and invites the attack of engorging or fatal diseases, without cure, and a source of suffering. Again, it leads to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or liver, or it shows its presence by eruptions on the skin, or foul ulcers on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: Erysipelas, Tetter, Salt Rheum, Scald Head, Itch, Ringworm, Sore Eyes, Sore Ears, and other eruptions of the skin; also, Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Uterine affections of the muscular and nervous systems. Syphilis, in its various forms, is cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Venereal Ulcerations, and Genital Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, are cured by it, as also Liver Complaints, Torpidity, Congestion or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This Sarsaparilla is a great restorer for the strength and vigor of the system. Those who are Languid, and feel aches, Despondent, Sleepless, and troubled with Nervous Affections or Fevers, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

THE ALDINE, The ART JOURNAL of America. ISSUED MONTHLY. "A Magnificent Conception Wonderfully Carried Out." The necessity of a popular medium for the representation of the productions of our great artists has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariably followed each attempt in this country to establish an art journal, did not prove the indifference of the people of America to the claims of high art. So an attempt to meet it was made in the form of a "Quarterly Review," or one set of Blackwood's Magazine for 1874.

Notwithstanding the fact that the Aldine is a new publication, it has received the most liberal and generous support of the public, and the result was a great artistic and commercial triumph. THE ALDINE is a unique and original conception—alone unapproached—absolutely without competition in price or character. The possessor of a complete volume can not duplicate the quantity of pleasure and enjoyment which it affords. It is a volume of volumes, and its value is not in its price or character.
