No. 9.

COPY OF A LETTER FROM THE RIGHT REVEREND THE LORD BISHOP OF RUPERT'S LAND.

My dear Sir,

Bishop's Court, Red River, January 7, 1858.

I am almost afraid any intelligence which I now communicate will be too late to be embodied in your report for the Canadian Government. Your letter from St. Paul's, of 29th October, only reached me by the December mails, and this is my first opportunity of replying to it. It is unfortunate, as it has happened, that the queries had not been left behind when you visited the Red River, so that I might have answered them immediately on my return. In the hope, however, that the information may be of use, although too late for your official report, I now send a short reply to each of the questions submitted to me.

1. We may perhaps take the limits of the settlement as extending from Portage la Prairie to the Indian settlement. Within these boundaries the schools connected with the Church of England are thirteen. They are necessarily more numerous than would under any other circumstances be required by the population, from the houses of the settlers lying along the banks of the two rivers; and not being in the form of a town or village, the children cannot go to school above a certain distance, and the schools have been in consequence multiplied to suit the convenience of the inhabitants. The thirteen are exclusive of the two higher academies for young ladies and boys.

2. The subjects taught must vary considerably from the great difference of capacity in the pupils. The two leading schools would be "St. John's Parochial School," in the upper part of the settlement, and the "Model Training School," connected with St. Andrew's Church. In the former, in addition, to the usual branches, the upper pupils have the opportunity of studying Latin, French, and mathe-
