

Deere Potato Diggers

Appeal To Every
Farmer

Shaker Digger with Fore Carriage

STEEL beam.—High natural temper steel blade.—Provided with weed fender and gauge wheel.—The shaker Digger has a perfectly flat blade and will not cut the potatoes. The rod grating is hinged at the front and is given an up-and-down shaking motion by the sprocket wheel at the rear. This shakes the dirt off from the tubers and leaves them clean and whole on top of the ground. The weed fender is intended to clear away weeds and vines, preparing the way for the blade. The digger is shipped with gauge wheel and fender unless ordered without.

The Forecarriage, or double gauge wheel which straddles the row, insures steady running of the Digger. The wheels have an up-and-down as well as an in-and-out adjustment.

Dowden Potato Harvester

Dowden Potato Digger

THE Digger that works where other diggers fail—the digger that takes every potato out of stiff lands, clay, grass, mud, weeds and stones, as well as clean lands. One enthusiastic owner of a Dowden writes us about its perfect work in grass and weeds four to six feet tall. We have hundreds of such reports on file. Let us show them to you. In some crops the Dowden digger actually pays for itself in the potatoes it saves. Write for the Dowden Book. It will tell you how this machine is made so strong that a break need never be feared, and so simple that a boy can run it. Drop us a postal to-day. The book will come, so will our catalogue prices and full particulars.

NEW DEAL WAGON

New-Deal Wagon

Is made of air-seasoned lumber.

Is equipped with double collar skein.

Skeins are dust-proof, therefore will hold grease longer and run easier than others.

Skeins are heavier; bell is longer and larger, taking more axle.

Has riveted grain cleats (not nailed or screwed).

Bottom of box is reinforced both front and rear.

Has clipped gear, both front and rear.

Box is made flax tight

New-Deal Wagon

Spring seat with 5-leaf springs (not single leaf).

Steel bolster stake plates on side of box.

Neckyoke 48 in. long (not 42 in.)

Has trussed tongue, cannot break or warp.

Has channel iron reach really indestructible.

Is extra well painted, striped and finished.

Possesses a great many distinctive features of merit.
