FOR ANY MAN OR BOY

Everybody wants to give a present for Christmas that will be appreciated, and it is at the same time useful. Here's a gift for any man or boy which is a constant reminder of the giver in presenting it. As long as it lasts it acts as a constant reminder of the giver to the recipient; and it never wears out.

It's a choice of three things, and every choice a good one, too: Stevens' Rifles, Shotgun and Pistol, or the new Shotgun. There's the Favorite No. 17 Rifle that's a favorite with everyone. As a popular expression of our men's not being cheap about it but the price." From the manufacturing of the very smallest part to the finishing of the rifle, every care has been taken. The Favorite Rifle are made more especially for boys, youths and less robust men - and also for ladies.

Then there's the new Favorite Shotgun (Browning's Patent), the fastest, easiest working gun made, 12 gauge, hammerless, absolutely safe; magazine automatically emptied, non-clogable. This is the gun for the sportsman.

Then there's the new "Fleeth Loading Repeating Rifle, the Stevens' New Demiblo Double Barrel Hammer and Hammerless Shot-gun, and...

But if you would really like to know more about the Stevens' guns write to the makers, the J. Stevens Arms and Tool Company, Chelsopee, New York, and they will send you their catalogues and descriptive matter on all the varieties. Simply send six cents in the form of postage. If you want the catalogue for any Christmas purpose, you had better send early.
