LOUDEN DUKE.

LOUDEN DUKE is now three years old. He was bred by Abraham Renick, of Clarke Co. Kentucky, and imported by Mr. John Snell, in 1866. Since that time he has made a good record in this country, by winning the following prizes at Provincial Exhibitions, viz.: First, as a yearling, at Kingston, 1867. First, as a two-year-old, at Hamilton, 1868. First as a three-year-old, at London, 1869, and the Sweepstakes for the best bull of any age. He also stood at the head of the herd which won the Prince of Wales' Prize at London.

The proper temperature for horse stables, according to an English writer, is about seventy degrees, Fahrenheit.

ALLEN'S LUNG BALSAM!

THE REMEDY FOR CURING Consumption, Coughs, Bronchitis, Asthma, Croup, Diseases of the Throat, Pains and Oppression of Chest of Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

This Balsam is introduced to the suffering public after its merits for the positive cure of such diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical Journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is, consequently, recommended by physicians who have become acquainted with its great success.

As an Expectorant it has no equal.

It is composed of the active principles of Roots and Plants, which are chemically extracted, so as to retain all their medicinal qualities.

Ministers and Public Speakers Who are so often afflicted with Throat Diseases, will find a sure remedy in this Balsam. Lozenges and wafers sometimes give relief, but this Balsam, taken a few times, will insure a permanent cure.
