The MODEL SCUFFLER!

We aim to make an implement which will adjust itself to all the varying conditions of soil in the quickest possible manner, and with the least manipulation. We accomplish this by our new patented **SHANK FASTENER OR CLAMP**. The change is made by loosening one nut half a turn, by which operation the point can be shifted to any conceivable position. This Scuffler is, what many of our customers have already called it, "**A WORLD BEATER**." It is strong, durable, and of the best material and workmanship. If your local agent does not supply you, write direct to the estate of

STOCK GOSSIP.

In writing to advertisers, please mention the Farmer's Advocate.

We are advised that Mr. Robert Miller, Brougham, Ont., intends crossing the Atlantic within a few weeks, in quest of new blood in thoroughbred stock lines.

Hon. Thos. Ballantyne is now paying a visit to the "Old Land," from where he will in all probability bring a few choice Ayrshires to add to their already choice herd at Stratford, Ont.

At a recent New York sale of hackney-bred horses, consigned by Henry Fairfax, of Virginia, and A. J. Cassatt, of Pennsylvania, 14 head from the former sold for \$10,125, an average of \$723, the top figure being \$1,200. The Cassatt consignment also sold well. The day before eight head from the former's stable sold for \$3,015. The Fairfax lot were mostly sired by Matchless of Lonsdale, out of Thoroughbred mares.

Mr. A. J. C. Shaw, of Thamesville, Ont., writes us:—"Since my call at your office I have been over a beautiful section of farming country in parts of Middlesex, Huron, Bruce, Wellington and Perth; touching London, Clinton, Seaforth, Wingham, Lucknow, Palmerston, Elora, Guelph, and Stratford. Saw many excellent farms, fine barns, good roads and stock, and prosperous farmers. There is room for improvement in Kent, with its grand land, in some of these respects. Having visited several Short-horn herds, I at last purchased a two-year-old bull from Mr. W. R. Elliott, of Everton: a pure Cruickshank got by Conqueror—8227—, dam Darling—19028—; grandsire and granddam were imported by Hon. John Dryden, from the herds of Messrs. A. and E. Cruickshank. I think he is a very good animal—just turned two years old and girls over seven feet, being seven feet eight inches in length and weighs nearly 1,700 lbs., and not very fat. Our crop of bull calves, got by Daisy Chief, are all reds and roars of good quality, and doing nicely. Now that stock has taken a turn for better prices we trust they will make us some money."

GOOD STOCK FOR B. C.

Mr. J. G. Wilkinson, of the Vancouver "World," who recently visited Ontario, has returned to his home with a well-chosen and varied consignment of pedigree live stock, to add to his present prize-winning herds and flocks in that country. They are as follows:—One three-year-old Southdown ram, from F. G. Douglas, Galt. This sheep has been a 1st prize winner every year of his life. A yearling Southdown ram, from Geo. Baker & Sons, Simcoe, which last fall won 2nd prize at Toronto, and 1st at Guelph, Chatham and St. Thomas shows; a yearling Shropshire ram, from W. H. Beattie, Wilton Grove; also one of Mr. Beattie's famous Collie dogs; a pair of yearling Cotswold ewes, from D. McCrae, Guelph, and three very choice Berkshire sows and a Yorkshire boar from the Asylum farm, Hamilton, as well as a few coops of fancy chickens. Mr. Wilkinson has on previous occasions taken out prize-winning pure bred stock, and prides himself in his sheep flock and standard-bred horses.

MR. ROBERT DAVIES' SHORTHORN SALE.

As previously announced in the ADVOCATE, Mr. Robt. Davies' sale of Shorthorns occurred at Thorncliffe, Toronto, on May 16th. It could not be held at high prices were the order of the day, if we except, perhaps, the bull Northern Light, bred by Mr. A. Cruickshank, Sittytown, Aberdeen, Scotland, and the heifer Isabella, bred to Northern Light. She was bred by Thos. Nelson & Son, Brantford, Ont., is one of the best Park bred got by Ingram's Chief (imported), out of "Lady Isabella" by Crown Prince, so that she may be said to have been "born in the purple." She was bought by A. Johnson, for Col. Moberly, of Kentucky, for \$250. There were a large number of well-known Canadian faces around the sale-ring, with a few American buyers, notably Mr. I. S. Brodie, and Mr. Green, of Illinois. Following is the list of sales and withdrawals:—

Mr. Lotteridge, the well-known breeder, of Hamilton, secured a bargain in Northern Light, a very impressive bull, the animal that sold as a yearling for the phenomenal price of \$650. Dr. Morton secured a number of the choicest animals at a very reasonable figure, Marn-hull Duchess 6th fetching \$170; she was not fat or in show condition, but is a good breeding animal. The bull Lord Outhwaite was acquired after, but he had departed this world, dying about a week before from inflammation of brain.
