

### At Home with the KODAK

The Kodak pictures of the family, the home and the intimate friends are prized highest. The Kodak is a part of the home life, every change is recorded in picture form. The baby walking for the first time, the little lad starting off for his first day in school, grandfather nodding over his paper, are but a few examples of the home pictures. "At Home with the Kodak" is an interesting booklet, telling of the joy of picture-making at home, and full of practical hints to picture-makers everywhere. It explains just how easy it is to take good home pictures with the Kodak, and the simple method of developing the film the "all by daylight" way. It makes clear, too, how to get good flashlight pictures; the safe, sure way with the Eastman flash-sheets. There are many home pictures you can get by flashlight which would be impossible in daylight.

This booklet, illustrated by twenty-six home pictures, we will send free on request, or it can be had by asking any Kodak dealer.
