**DE LAVAL
CREAM SEPARATORS**

AT THE

Canadian National Exhibition, Toronto, Aug. 24-Sept. 9

The De Laval Cream Separator has been the greatest factor in the advancement of modern dairying, and every cow owner visiting the Fair should see the latest De Laval machines.

The De Laval separators were first 34 years ago, and have been kept far in the lead ever since. Improved year by year they are better now than ever before.

Users of De Laval machines will be especially welcome, and will be interested in the changes and improvements that have been made in the up-to-date machines.

Users of other makes of separators, of which a large number are replaced by the De Laval every year, will be equally welcome, and may compare the construction, sanitariness and ease of running of their machines with the De Laval.

Those who have yet to buy a separator will have opportunity to learn all about one and what the De Laval would do and save for them, as it is already doing for its 1,500,000 users.

There will be De Laval representatives in attendance glad to discuss and explain anything of separator interest to either old or new friends. Be sure to look up the De Laval booth.

EVERY COW OWNER WILL BE WELCOME

READ the following letters, unasked for, and a sample of many similar:

Ararat, Ont., June 7, 1912.

We received in fine shape the young apple trees you so kindly sent to the farm here. Sir William asked to say how grateful he was for your kindness and courtesy in the dealings he has had with you, and I overheard himself saying ever so many pleasant things about you. For myself, if you will kindly allow me to say so, I have always maintained that there is a special character in every thing sent out from your Nurseries, from a strawberry to an order of several thousand apple trees. Thinking you again most sincerely for your kindness, I am, dear sir,

(Signed) J. G. DAVIDSON.

June, 1912.

I bought 100 trees from your agent, Mr. Gideon Anderson, in the year 1909, gave them a good chance, and in the fall of 1910 some of these trees had apples on them. These apples were shown at Picton Fair and received second prize. Had they been a little more uniform in size they would have commanded first prize. People who saw the stock in my field were so well pleased that three brothers-in-law of mine, living in other parts of the country, told your agent they would be pleased to give orders. Powers, Kerr and Abner Vandusen each gave orders. The former for 20 and the latter 200 for himself and parents. Your good stock made the sales to these men. It can be easily seen that it pays to buy Mr. E. D. Smith's stock. The trees come so early in the spring they have all the spring rains to help them get a good start.

(Signed) RICHARD JENKINS,
South Bay, Ont.

"Go North Young Man!"

WHY?

Because there are millions of acres of agricultural land in Northern Ontario in some cases free, and in others at 50 cents per acre, excelling in richness any other part of Canada, blessing and waiting to bless the strong, willing settler, especially the man of some capital.
