FOR A QUICK HARVEST

Use Plymouth Twine. It prevents costly delays. Runs smoothly and is extra strong. No bothersome knots, no stopping to thread up, no loose sheaves or lost grain.

PLYMOUTH Binder Twine

costs a little more and is worth a great deal more. It is guaranteed full length, and every inch is good. It saves more than it costs, and in a season's harvesting it is the most economical twine, because it goes farthest. Try it this season. Ask the local dealer for PLYMOUTH TWINE, and see that the wheat-sheaf tag is on every ball.

The People Back of Sunshine Furnace

Sunshine Furnace is the triumph of sixty-one years' experience—growth from a small tinshop to 16½ acres of floor space, from a half dozen artisans to 1,500, from an annual wage sheet of \$4,000 to one of \$670,000, from a capital of energy to one of \$3,000,000, from obscurity to recognition as Largest Makers of Furnaces in the British Empire.

SUNSHINE FURNACE

was placed on the market the first furnace to be wholly and solely designed by a Canadian Company.

We employ a consulting staff of furnace experts, continuously experimenting with new ideas in order that Sunshine Furnace shall not have to travel on its past reputation for goodness.

We buy materials in such large quantities that its quality is guaranteed to us. We have our own testing rooms, so that supervision of construction is exercised down to the finest detail.

SUMMER SHIPMENTS OF GRAIN

Farmers who have still wheat or oats on hand should not delay now in getting the same shipped forward to Fort William and Port Arthur in order to secure the comparatively high prices which will be going for old crop grain during July, and probably the most part of August.

Farmers can only be sure of getting all that they ought to realize out of their grain by shipping it in carlots to Fort William or Port Arthur, and having it sold for them by a first class commission house, acting as their agent.

We possess unsurpassed facilities for handling wheat, oats, barley or flax for farmers who ship their grain themselves, because we are a reliable commission firm, of many years standing and experience, well known over Western Canada as working solely on commission as agents for shippers, and we are prepared to handle to the best advantage for our customers all grain entrusted to us. We make liberal advances against railroad car shipping bills immediately we receive the same, and make prompt returns after sales have been made.

We always give our customers the name and address of the party or firm to whom we sell their grain.

When in Winnipeg at the Industrial Exhibition, or at any other time, we will be much pleased to have farmers visit us at our office in the Grain Exchange Building.

Please write us regarding prices and market prospects, and for shipping instructions, any information or advice about selling will be promptly and cheerfully given.
