READ THIS

Brief Sketch of the Ablest, Cleanest, Newsiest and
Best Weekly Paper in Canada—

The Winnipeg Weekly Telegram

The Winnipeg Weekly Telegram is the best edited paper in the great Northwest, and is in a class of its own. Its news is edited for its readers: classified that one at once can find all of each character desired. All subjects are handled fearlessly and the paper is thus in the lead in the moulding of opinion. News of the farm is, of necessity, given prominence, for this is a farming country. The household is not neglected. The children too have their pages of the best that can be had. Another feature that puts The Weekly Telegram in very front rank of western weeklies is the COMIC SECTION IN COLORS.

No other weekly in Canada gives its readers this big feature every week in the year. The old and the young, in fact every member of the family, follow with increasing interest the doings and sayings of the humorous characters in our comic pages. The Telegram alone has the EXCLUSIVE USE OF THE COPYRIGHT IN WESTERN CANADA.

Another feature of the Weekly Telegram is its market page, which is given especial attention, that has earned for it a reputation of reliability that none other in the west can claim. In this age of competition every farmer must have the fullest information possible on the price of grain, hogs and cattle. If he has access to the market reports in this paper he will know when to sell and what to ask. The Telegram's reports are never colored but are always accurate, and every week give a true and impartial statement of the situation. This feature is alone worth the subscription price and more.

"ON THE LOOK OUT."

This year's premium of The Weekly Telegram is a masterpiece in fourteen colors reproduced directly from the original painting by the colortype process and faithfully retaining all the tones, effects and shadings of the original. The reproduction is a natural subject and tells the beautiful story of "Evangeline" waiting at the gate near the old home. The masterly shading and the harmony of color will appeal to all phases of humanity. This magnificent reproduction is sixteen inches by twenty, ready for framing. It will handsomely decorate the wall of any home and is a real work of art.

No home can afford to be without these leaders of the west, for where they can be found profit and entertainment is assured
