THE part which Canada is proud to play in the Empire's war is costing more than we ever dreamed we could raise. If we are to make good financially, all must help!

If every man, woman, and child in Canada would save 15c. a day, and invest it in War Savings Certificates, we could carry the cost of the War.

War Savings Certificates make it easy for every-one to become Canada's partner—bearing a share of the burden—earning, and receiving, a share of the reward.

For every \$21.50 you lend the nation now, you will receive \$25 at the end of three years—an interest return of over 5%. Certificates are issued in denominations of \$25, \$50 and \$100, selling at \$21.50, \$43 and \$86 respectively, at any Bank or Money Order Post Office.
